Report of Finance Committee on Condition of Funds, January 1, 1910.

San Francisco, January 3, 1910.

To the Honorable the Board of Supervisors of the City and County of San Francisco.

Gentlemen: Your Finance Committee herewith submits a report on the present condition of the funds of the City and County of San Francisco subject to the supervision of the Board of Supervisors:

GENERAL FUND.

APPROPRIATION UNDER DOLLAR LIMIT.

The Budget of the fiscal year 1909-10 was framed on an estimated assessment roll of four hundred and eighty million dollars, and the receipts from sources other than taxation were estimated to be \$2,055,468. Upon this basis there was appropriated within the General Fund the sum of \$5,857,168. The appropriations in this fund are well within bounds with the exception of that for maintenance of minors in non-sectarian institutions, in which there is an overdraft of about \$3500.00 per month, due to the increased number of commitments by the Juvenile Court.

While the assessment roll for municipal purposes amounted to four hundred and ninety-three million dollars the receipts from other sources have not yielded proportionately the anticipated revenue, due to the fact that the number of saloon licenses has fallen off materially during the first half of the present fiscal year, and also that the unapportioned fee fund, which comprises receipts from the departments of the Board of Public Works, the County Clerk, the Recorder and other fee offices, shows a falling off up to January 1, 1910, of about \$20,000.

The Finance Committee is unable to state at the present time whether or not this falling off will continue during the last half of the fiscal year, but assuming that no other decrease will result and that the revenues from the increased assessment roll may be available and noting that the interest on bond moneys on deposit in banks will reach \$70,000 instead of \$20,000, as estimated when the Budget was prepared, and considering a \$37,000 surplus in the

special sanitation fund as available, we are satisfied that the income will equal the appropriations at the end of the fiscal year.

Since the adoption of the budget certain expenses have arisen which were not contemplated at that time, for example—the cost of holding special elections, amounting to \$29,000, and the increased clerical help required in the Auditor's and Tax Collector's offices, due to the 10 per cent increase in the assessment roll made by the State Board of Equalization.

As noted before the expenditures for maintenance of minors in non-sectarian institutions has been materially increased over that anticipated, but this is a matter which is controlled solely by the Juvenile Court, whose powers were greatly amplified by the last Legislature, and whose excellent work should not be hampered through lack of funds to properly care for dependent and delinquent children.

GENERAL FUND. APPROPRIATIONS UNDER EXTRA TAX LEVIES.

The appropriation of \$1,008,000 for streets, sewers and repairs to buildings, except school buildings, realized under the extra tax levy of 21 cents, has been apportioned monthly to the Department of Public Works by the Supervisors up to and including January, 1910.

A balance of approximately five-twelfths of the appropriation remains at credit, a difference of \$18,000 being appropriated in advance through all the months of the fiscal year for the improvement of San Bruno avenue and for surveys in the Market Street Homestead.

The appropriation of \$168,000 for construction of Fire Department

buildings and for purchase of lands realized under an extra tax of 3½ cents, has been expended for the purchase of fire lots to the amount of \$33,280, and in contracts for the construction of Engine House No. 41 at Leavenworth and Clay streets, Truck House No. 11 at Duncan and Church streets, Battery Station No. 4 at Seventeenth street and Treat avenue, Chemical Engine No. 12 at Forty-fifth avenue and I street and the Corporation Yard building at Francisco and Stockton streets.

The appropriation of \$120,000 for repairs to School Department buildings realized under an extra tax levy of 2½ cents has been appropriated to the Board of Public Works to the extent of \$60,000, and \$45,985 of this latter sum has been expended in such repairs.

The appropriation of \$96,000 for construction of Police Department buildings and for the purchase of lands realized under an extra levy of 2 cents has been obligated to the extent of \$88,575 through the purchase of a lot in South San Francisco and by authorization to the Board of Public Works to grade lot in the Potrero and to construct the Ingleside and the Park Stations.

Of the appropriation of \$48,000 for sanitation purposes realized under the extra levy of 1 cent, but \$3325 has been appropriated and from the surplus in the fund a sum of at least \$37,000 will be available to meet the loss in revenue from other sources in the General Fund under the dollar limit, should such a course be necessary.

FIVE PER CENT IMPROVEMENT BONDS.

Of the authorized issue of \$18,200,000 of 5 per cent Improvement Bonds dated July 1, 1908, \$12,320,000 have been sold as follows:

Sale of \$3,280,000—Sept. 8, 1908, realizing	\$3,514,520
Sale of \$5,400,000—Feb. 8, 1909, realizing	6,065,820
Sale of \$3,640,000—Dec. 6, 1909, realizing	3,918,824

Total \$13,499,164

The proceeds of the aforesaid sales have been apportioned to the several accounts as follows:

	Face Value of Bonds.	Premium.	Total.
To the Fire Protection Acct.	\$4,200,000	\$478,867.90	\$4,678,867.90
To the Sewer Construction Acct. .	2,600,000	262,703.50	2,862,703.50
To the School Construction Acct. .	2,900,000	232,193.40	3,132,193.40
To Hospital Construction Acct. .	1,120,000	79,634.60	1,199,634.60
To the Hall of Justice Construction Acct.	660,000	60,660.60	720,660.60
To Garbage System Acct.	840,000	65,104.00	905,104.00
	<u>\$12,320,000</u>	<u>\$1,179,164.00</u>	<u>\$13,499,164.00</u>

FIRE PROTECTION ACCOUNT.

Of the sum of \$4,678,867.90 realized from the sale of Fire Protection Bonds \$4,304,478.22 has been appropriated for the purchase of lands for the construction of two fire boats, for pumps for fire boats and for pumping stations, for construction of eighty-five cisterns, for purchase of pipe for establishment of pipe-testing plant, for construction of fire boat and pumping stations, for construction of Twin Peaks Reservoir, for purchase of fire hose and for other matters incidental to the fire protection system.

The contracts let by the Board of Public Works have, however, been well within the appropriations, notably in the cases of the fire boats, the pumps, the fire cisterns and Twin Peaks Reservoir, and the surplus will later be placed to the credit of the general account. At present there is unappropriated to credit of this account the sum of \$385,755, and \$1,000,000 of bonds remain unsold.

SEWER CONSTRUCTION ACCOUNT

Out of the sum of \$2,862,703.50 realized from the sale of sewer bonds \$2,375,903.39 has been appropriated for the purchase of lands and for the construction of sewers.

The principal sewers constructed or which are under way are the Fulton and Divisadero street, the Fourteenth street, the East Potrero, the Lombard street, the Fifth street, the Greenwich street, the Division street, the University Mound and Silver Terrace, the North Point System, the Bay View District, the Harbor View District, the H street, the Ocean avenue, the Hunter's Point and the Yerba Buena District.

There is unappropriated at credit of this account the sum of \$486,800 and \$1,400,000 of bonds remain unsold.

SCHOOL CONSTRUCTION ACCOUNT.

Of the sum of \$3,132,193.40 realized from the sale of School Bonds there has been appropriated the sum of \$2,752,112.69 for the purchase of lands and for the construction of the following buildings, to wit: Bryant, Clement, Commercial High, Hancock, Holly Park, Jean Parker, Frank McCoppin, Madison, Mission, McKinley, Lakeview, Sheridan, South End, Sutro, West End, Denman, and in part for the Garfield and the Washington Grammar Schools.

A balance at credit of \$379,780 remains unappropriated in this account and \$2,100,000 of bonds remain unsold.

HOSPITAL CONSTRUCTION ACCOUNT.

The sum of \$1,199,634.60 was realized from the sale of hospital bonds, and of this sum \$1,161,479.60 has been appropriated for the purchase of lands, for construction and equipment of the San Francisco Hospital and for the construction in part of the Infirmary in the Relief Home Tract. A credit of \$78,155 remains unappropriated in this account and \$880,000 of bonds remain unsold.

HALL OF JUSTICE CONSTRUCTION ACCOUNT.

The sum of \$720,660.60 was realized from the sale of Hall of Justice bonds and \$651,349.88 has been appropriated out of this amount for the construction of the Hall of Justice and the County Jail, leaving an unappropriated balance of \$69,310.72 at credit. Bonds to the amount of \$340,000 remain unsold.

GARBAGE SYSTEM CONSTRUCTION ACCOUNT.

The sum of \$905,104 was realized from the sale of Garbage System bonds, and out of this amount there has been appropriated \$748,150 for the purchase of the plant of the Sanitary Reduction Works, for the purchase of lands and for the construction of the North Beach and Potrero Incinerators. A balance of \$156,954 remains unappropriated in the account and \$160,000 of bonds remain unsold.

THREE AND ONE-HALF PER CENT IMPROVEMENT BONDS.

Of the authorized issue of \$17,160,000 dated July 1, 1904, \$5,190,100 have been sold, \$2,145,000 redeemed, \$9,046,000 cancelled and \$2,683,200 conserved.

The bonds conserved are comprised as follows:

Sewer	\$1,022,200
Street	218,000
School	538,800
Library	904,200
Total	\$2,683,200

Under present financial conditions it is impossible to dispose of these bonds, unless under sales when it is agreed that the proceeds shall be devoted to some particular work.

Sewer bonds and street bonds have been sold in this manner and appropriations to the extent of \$247,000 have been made for the construction of the Wyoming street, the Parkside, the Thirty-first avenue and the Fulton street sewers.

WATER SUPPLY BONDS.

All of the authorized issue of \$600,000 4½ per cent water supply bonds dated January 1, 1909, have been sold; the sale of June 28, 1909, realizing

\$243,050 under a \$240,000 offer, and the sale of December 6, 1909, realizing par for an offer of \$360,000.

One hundred and eighty-one thousand one hundred and twelve dollars has been appropriated out of the fund of \$603,050 in the purchase of lands in and adjacent to Hetch Hetchy Valley, in development work at Lake Eleanor and for legal and sundry expenses.

At this time there remains at credit of the fund the sum of \$421,938.

REVIEW OF OTHER WORK.

Shortage in Treasury.

During the incumbency of the present Finance Committee a shortage of \$37,000 in the County Clerk's Special Deposit account was discovered and thereafter the firm of McLaren, Goode and Company, chartered accountants, were engaged to make a complete examination of the books and accounts of the Treasurer's office from January 1, 1906, to January 8, 1909, with the result that an ultimate shortage of approximately \$90,000 was discovered in the Special Deposit Account.

When the final report of the experts was presented to the Finance Committee it was immediately forwarded to the Mayor for examination and thereafter the City Attorney was instructed to commence an action against former Treasurer Chas. A. Bantel and his bondsmen for the recovery of the moneys, it appearing that the entire defalcation occurred during the term of that official in the calendar years 1906 and 1907.

In order that there should be no recurrence of such malfeasance in the Treasurer's office as occurred under the administration of Bantel, the Finance Committee retained Wm. Dolge, Expert Accountant, to examine at intervals the books and accounts, not alone of the Treasury, but of all offices and departments handling moneys, and his reports showing that no defalcations have occurred during the year 1909, subsequent to the McLaren, Goode and Company report, and that fees have not been unlawfully withheld by either City and County employes or officials have been made and filed with regularity.

RESUME OF AUTHORIZED AND OUTSTANDING BONDED INDEBTEDNESS.

There is herewith submitted a statement of authorized and outstanding bonded indebtedness, and in this regard particular attention is called to the fact that the actual outstanding bonded debt is but 3½ per cent of the assessment roll of the fiscal year 1909-10.

Mr. Dolge has been furthermore instructed to and will file with your Board on or before January 7, 1910, a report showing that all funds including those on special deposit are intact, and that all drafts thereon have been made in compliance with law.

COUNTY LINE WATER PLANT.

At the special election of November 12, 1908, the voters authorized the purchase of the plant of the County Line Water Company at a price not to exceed \$40,000.

Negotiations were had with the officials of the company, with the ultimate outcome that the city purchased the plant December 1, 1909, for \$25,000, of which \$20,000 was paid on account and \$5000 retained in escrow to meet losses in operating expenses, should any occur within two years; \$5000 was also set aside for betterments, making in all an appropriation of \$30,000 for these purposes.

This sum was obtained through a transfer to the General Fund of surplus amounts in Special Permit accounts accumulated before the fire of April 18, 1906, and which cannot be drawn upon through lack of evidence of payments in the first instance.

GARBAGE PLANT.

The present Garbage Crematory in the Potrero District and the Fertilizing Works in South San Francisco were purchased by the city from the Sanitary Reduction Works in March, 1909, for the sum of \$400,000, and an agreement entered into whereby the sum of \$350,000 was paid on account and the balance of \$50,000 held in escrow, conditioned that the Reduction Works should operate the plant and

pay the city \$17,500 per annum, the equivalent of 5 per cent interest on \$350,000, for the privilege until the municipal incinerating plants are constructed.

STREET RAILROAD PERCENTAGES.

All percentages due the City and County under grants of street railroad franchises have been paid with the exception of the amount due by the United Railroads of San Francisco for the year 1908.

The railroad company submitted a statement showing \$32,933.34 to be the amount due the city, but after an investigation made by Expert Dolge of the methods of computing percentages on so-called primary and secondary lines, the Finance Committee agreed with him that the sum of \$38,920.48 was due the city. Demand was thereupon made upon the United Railroads to pay this sum into the treasury, which demand was disputed by the company officials, and the matter was thereafter referred to and is now in the hands of the City Attorney for settlement.

MISSION STREET VIADUCT.

The Board of Supervisors recognizing the vital necessity of this important improvement, appropriated \$65,000 for the construction of a viaduct to replace the wooden bridge now spanning Mission street over Islais Creek. When the appropriation was made the United Railroads agreed to contribute \$50,000 toward the work. Repeated demands were thereafter made without avail upon the company for the payment of this sum, until finally a compromise was affected whereby the company agreed to pay \$20,000 in cash and to contribute \$30,000 in work. This compromise was accepted by the Finance and Street Committees and the City

Engineer was instructed to prepare amended plans of the viaduct satisfactory to the United Railroads and to thereafter call for bids. Bids were received in due order and demand was again made by the Finance Committee upon the United Railroads for the payment into the Treasury of the \$20,000 agreed to be contributed under the compromise, but the company replied to the effect that a formal agreement in writing must be entered into before this sum would be so paid. The question of the preparation of the said agreement is now in the hands of the City Attorney.

CONCLUSIONS.

In conclusion the Finance Committee reiterates that the revenue for the first half of the fiscal year from sources other than taxation has not equaled expectations, although the seeming deficit may be overcome as hereinbefore indicated.

That all Budget appropriations with the exception of the one for maintenance of minors in non-sectarian institutions are within the one-twelfth allowance.

That the Committee has earnestly endeavored to leave its successors sufficient funds on hand to maintain all departments and to meet all contemplated expenditures, and that it has also provided through the bond sale of December 6, 1909, ample funds with which to carry on construction work under the bond issues.

There is herewith appended and made a part of this report detailed statements of expenditures and of appropriations, prepared by Cyril Williams, expert of the Board of Supervisors.

Respectfully submitted,
THOMAS JENNINGS,
D. C. MURPHY,
ALLAN POLLOK.

Report of Public Buildings Committee on Accommodation for Public Offices.

As the work of the Public Buildings Committee of the present Board of Supervisors has been concluded, it is proper that a review should be had of its labors during the past two years, particularly as to what has been accomplished in the matter of providing permanent and temporary quarters for the various municipal offices.

The Committee at the outset adopted two things as being essential to the conduct of public affairs:

1. That the various departments should be concentrated in one neighborhood, as far as economically possible.

2. That the more valuable public records should be housed in fireproof structures and thus safeguard them against destruction.

The question of providing a temporary structure in which all of the departments could be housed under one roof was early considered, and dismissed for the reasons:

1. That it would involve too great fire risk.

2. That there was no available City property on which an adequate structure could be erected.

3. That the renting of private property for this purpose would not be economical.

It was, however, early decided to at once provide for the reconstruction of the Hall of Justice for the accommodation of the Police Department, the Criminal Courts, City Prison and Coroner's Office. The sum of \$1,000,000 for this purpose was made available by the bond issue of May, 1908. The building is now under construction, and when completed the above named departments will be permanently housed.

The annual rents now being paid for the temporary accommodation of these departments are as follows:

Kreling Building, mainly occupied by Police Department	\$24,000
Superior Courts, Criminal Departments	6,932
Coroner's Office	648
Total	\$31,860

As a portion of the Kreling building is occupied by the Board of Supervisors and Fire Commissioners, the whole of the above sum now paid for rent will not be saved, but it is estimated that \$20,000 will be saved upon the completion of the Hall of Justice. As-

suming that all the bonds are sold, the interest charge will approximate \$50,000 the first year. Gradually diminishing after three years, the average annual interest during the next twenty years will be \$25,000, or about equal to the amount now paid in rent, but the City will have the advantage of occupying a modern, fireproof structure that will endure for a long period of time.

THE CITY HALL PROBLEM.

The problem of reconstructing the City Hall is one to which the Committee has given most serious consideration. About a year ago there appeared to be a popular demand for the acquisition of a civic center and the erection thereon of a City Hall. This scheme was a part of the so-called "Burnham Plan" for the beautification of San Francisco. In deference to an apparent popular demand the matter was submitted to a vote of the people at an election on June 22, 1909. The proposition received a majority of the votes cast thereon, but it failed to receive the two-thirds vote necessary to authorize a bond issue.

In the light of subsequent events it is doubtful if this project will receive favorable consideration at the hands of the people for some time to come, and a new method of dealing with the situation must be considered.

Attention is called to the fact that the following offices are quartered in fireproof buildings, viz.:

Civil Departments of Superior Courts.

Justices' Courts.

City Attorney's Office.

District Attorney's office.

Civil Service Commission.

Board of Public Works, including Department of Engineering and Bureau of Architecture.

County Clerk.

Treasurer, Auditor and Department of Elections.

Mayor.

The other departments occupy Class C structures, and are comparatively safe, unless exception should be made to the present quarters of the Board of Supervisors, which might be properly removed to a fireproof structure, as the office contains at the present time many valuable records.

The following is a table showing the amounts being paid in rents not hereinbefore stated:

Grant Building	\$24,120
Hewes Building	26,640
Mechanics' Savings Bank Building	240
Mills Building	3,450
Assessor's Office	2,400

Tax Collector's Office.....	2,400
Sheriff's Office	1,200
Hibernia Building	5,616
Board of Health.....	2,760
Total	\$68,826

In case of the removal of the Board of Supervisors to a fireproof building, the above amount would be increased to about \$75,000. This sum represents the amount of rent that the city pays for offices that would be accommodated in a new City Hall.

In case bonds should be issued to build a new City Hall, to the amount of \$4,000,000, the interest charge thereon (at 4½ per cent) would amount to \$180,000. In other words, the voters would be called upon to pay at the start over \$100,000 more in interest than it is now paying in rent. As a financial proposition, therefore, it may be set down as unwise to construct a City Hall and issue bonds therefore.

This Committee has for some time past been seriously considering another plan for constructing a municipal building which did not involve the payment of high interest charges, and would not be open to the objections connected with an increase of the municipal debt.

GENERAL PLAN OF NEW BUILDING.

A tentative plan for a new City Hall has been suggested to occupy the old site bounded by McAllister, Larkin streets and City Hall avenue. The building to be composed of five wings radiating from a central rotunda, surmounted by an appropriate dome. Each of these wings would cost about \$600,000, and the rotunda and dome \$1,000,000, or a total of \$4,000,000. A special tax of 15 cents on the \$100, on an assessment roll of \$550,000,000 would produce \$800,000 annually, and continued for five years would yield the necessary \$4,000,000, needed for the structure. One wing of the building could be constructed each year. It is probable that the entire building would be completed as soon as a mammoth building would be under a bond issue. This plan has the following advantages over any bond issue scheme:

Work could be commenced at the beginning of the next fiscal year. There would be no interest charge during construction, nor at any time thereafter. This saving would amount to \$3,600,000, which represents the amount of interest that would have to be paid on \$4,000,000 at 4½ per cent, with twenty years as average maturity. There would

be no large sum of money locked up in the treasury, which would be the case if bonds were issued and sold to cover the entire cost. Portions of the structures would be ready for occupancy each year, departments could be transferred thereto and rents reduced.

We commend this plan to the careful consideration of our successors in office.

UNFINISHED BUSINESS.

SPECIAL ORDER.

Consideration of Divisadero Street-Mission Crosstown Franchise.

The following Bill, laid over from last meeting, was taken up:

Granting Franchise to George B. Willcutt.

Bill No. 414, entitled, "Granting to George B. Willcutt a franchise for a right of way, and the right to construct, maintain and operate a single or double track railroad, together with all necessary branches, side tracks, turnouts, switches, curves, crossings, depot and terminal tracks, and facilities along, over, under and across certain streets in the City and County of San Francisco."

Privilege of the Floor.

L. M. King, Secretary of the Merchants' Association, was granted the privilege of the floor and requested that the Board delay action on the Bill for two weeks.

Motion.

Supervisor D'Ancona moved the Bill be recommitted to the Public Utilities Committee.

Motion lost.

Motion.

Supervisor Center moved that the matter be laid over two weeks.

Motion lost.

Refused Final Passage.

Whereupon, the question being taken, the foregoing Bill was refused final passage by the following vote:

Ayes—Supervisors Broderick, Center, Comte—3.

Noes—Supervisors Balcom, Bancroft, Booth, Connolly, D'Ancona, Harris, Hooks, Jennings, Johnston, McLeran, Murdock, Murphy, Pollok, Sanderson—14.

Absent—Supervisor McAllister—1.

Explanation of Vote.

Supervisor D'Ancona explained his vote by saying that he could not vote for the Bill in its present form and was at a loss to understand the attitude

of the company in refusing to answer the communication from the Board with regard to the stipulations.

Final Passage.

The following matters heretofore passed for printing, were taken up and *finally passed* by the following vote, and numbered as follows, to wit:

Resolution of Determination to Grant Franchise on Gough Street, Between McAllister and Market Streets.

Resolution No. 5096 (New Series):

Whereas, Application has been made to the Board of Supervisors of the City and County of San Francisco by the Fillmore Street Improvement Association, through application filed July 13, 1908, to advertise and offer for sale to the highest bidder a twenty-five-year franchise, authorizing the construction, maintenance and operation of a double-track system of electric overhead trolley railroad over and along Gough street from its intersection with McAllister street to Haight, Market and Valencia streets, together with the necessary curves and crossings to enable connections of said railroad with the present street railroad lines on Market street and McAllister street; and

Whereas, It appears to this Board that the public interest will be subserved by the granting of such franchise; now, therefore,

Resolved, That this Board grant a franchise as a whole, for a term of twenty-five years from the date of approval of the franchise for a double track standard gauge street railroad upon, along said crossing the following described route, to wit: Commencing at a point formed by the intersection of Gough and McAllister streets; thence running southerly along Gough street to its intersection with Haight, Market and Valencia streets to connect with the existing lines on McAllister street and on Market street.

The grantee under said franchise shall have the right to construct, erect, maintain and operate, by means of electricity, or such other improved motive power as science has now or may hereafter discover and the laws sanction, a double track railroad upon, along and across the streets herein-above described, and to that end the grantee shall have the right to build, construct, erect, lay and maintain all necessary poles, feed, trolley, guy, stay and sustaining wires, overhead construction, underground construction, connecting tracks, Y tracks, side tracks, turnouts, curves, switches, crossings, and to connect any or all of said tracks with the line of any street railroad or railroads constructed, maintained or operated under the franchise hereby proposed to be granted, or any other railroad or railroads now or hereafter constructed, maintained or operated under any other franchise along or upon or across any of the streets in said application set forth or described.

Said street railroad franchise shall be granted after due advertisement and offer for sale, in the manner and sub-

ject to the conditions and restrictions provided in the Charter of the City and County of San Francisco, with particular reference to the following subdivisions and sections of Chapter 2, Article II of said Charter, relating to the powers of the Board of Supervisors, to wit:

Subdivision 2 and Subdivision 27, as amended February 5th, 1903, of Section 1 thereof, and Section 6 thereof.

It is hereby determined that said street railroad franchise shall be granted subject to the following conditions additional to those prescribed by the Charter, to wit:

That the grantee operating under said franchise shall, so far as lies within his or its power, maintain reciprocal transfer privileges with lines of street railroad intersecting Gough street at McAllister street and at Gough street at its intersection with Haight, Market and Valencia streets.

That the grantee operating under said franchise shall install and maintain first-class ornamental iron poles of design to be approved by the Board of Supervisors, for use in the permanent construction of the lines and the feed wires shall be carried underground.

That the grantee operating under said franchise shall be required to pave the space between the rails and for two feet each side thereof and between the tracks, upon the streets whereon said tracks are to be laid and to keep the same in good condition and repair under the supervision and to the satisfaction of the Board of Public Works of the City and County; also

That such street railroads operating under different managements, as the Board of Supervisors may permit, or the City and County itself, in the operation of a municipal railroad, shall have the privilege of using said tracks for the entire distance of the route above described, upon condition that the expense of construction and repair of the tracks and appurtenances used by said railroads jointly be equitably divided between the respective owners; also.

That the grantee operating under this franchise must pay to the City and County as a license upon each car such sum as the Board of Supervisors may fix, provided, however, that such sum shall not exceed fifty (50) dollars per annum, nor less than fifteen (15) dollars per annum; also.

That as a condition precedent to the sale and granting of this franchise the grantee thereunder shall permit and allow all policemen and firemen of the City and County of San Francisco at all times, and all mail carriers in the employ of the United States Government, while engaged in the actual discharge of duty, to ride on the cars of such company without paying any sum

of money whatever for fare or otherwise; also.

That the bidder for said franchise shall file with his bid a good and sufficient bond in the penal sum of five thousand (\$5000) dollars with sureties thereon satisfactory to the Mayor of the City and County, conditioned that the bidder shall well and truly observe and perform the conditions of the franchise for which application is made, in the case the same is awarded to him, and that in case of breach of any of the conditions of such bond, the whole of the penal sum of five thousand (\$5000) dollars shall be taken to be liquidated damages; also.

That the successful bidder for this franchise shall pay all charges for advertising in the official newspaper of this resolution, of the notice of sale and of the ordinance granting said franchise.

Further Resolved, That the Clerk of this Board be and he is hereby authorized, empowered and directed to advertise for sealed proposals, or bids, for the sale of this franchise, in accordance with the provisions of the Charter, and with the terms of this Resolution as hereinbefore expressed, said bids to be filed with the Clerk not later than at the hour of 12 o'clock m., and at the hour of 3 p. m., is hereby fixed as the hour and date for the opening of said proposals, or bids, and for the awarding of said franchise.

The Board of Supervisors reserves the right to reject any and all bids if they believe the public interest will be subserved thereby.

Awarding Lease of Fire Department Lot and Corner of Jackson Street and Montgomery Avenue to B. Davidow.

Also, Resolution No. 5105 (New Series), as follows:

Whereas, Pursuant to Resolution No. 4728 (New Series) of the Board of Supervisors, notice was given, as required by the Charter of the City and County of San Francisco, that leases of certain Fire Department lots would be sold at public auction at the chambers of the Board of Supervisors on Monday, December 27, 1909, and

Whereas, Said auction sale was had at the time and in the manner stated in said notice and in accordance with the provisions of the Charter of the City and County, and

Whereas, B. Davidow was the highest and best bidder at said sale for the property hereinafter described, and the lease of said property was at sale struck off and awarded to him; now therefore

Resolved, That a lease for a term of twenty (20) years, from and after the first day of January, 1910, of the following described property be and the same is hereby awarded to B. Davidow for a monthly rental of ten (\$10.00) dollars, that being the highest and best bid therefor, to wit:

On southerly line of Jackson street, distant thereon 158 feet westerly from the westerly line of Montgomery street, running thence westerly on Jackson street 7 feet 7 inches, thence southeasterly on Montgomery avenue 12 feet 3 inches, thence northerly 9 feet 3 inches to Jackson street and the point of commencement; being a portion of 50 Vara Block No. 68.

The Mayor of the City and County of San Francisco is hereby authorized to enter into a contract of lease with said B. Davidow, in accordance with the terms and conditions contained in said notice of sale, and pursuant to the provisions of the Charter of the City and County.

Rejecting Bid of Jos. B. Ruegg for Lease Fire Department Lot on California Street, East of Hyde.

Also, Resolution No. 5106 (New Series), as follows:

Whereas, Pursuant to Resolution No. 4728 (New Series) of the Board of Supervisors, notice was given, as required by the Charter of the City and County of San Francisco, that leases of certain Fire Department lots would be sold at public auction at the chambers of the Board of Supervisors on Monday, December 27, 1909, and

Whereas, Said auction sale was had at the time and in the manner stated in said notice and in accordance with the provisions of the Charter of the City and County, and

Whereas, Joseph B. Ruegg was the highest and best bidder at said sale for the property hereinafter described, at the rate of \$7.50 per month, and the lease of said property was at sale struck off and awarded to him, subject, however, to the conditions of the notice of sale, wherein and whereby the Board of Supervisors reserves the right, at any time prior to the passage of the resolution of award, to reject any bid, and

Whereas, In the judgment of the Board of Supervisors the aforesaid bid of \$7.50 per month is inadequate, and the public interest would not be subserved by its acceptance; now therefore

Resolved, That said bid of Joseph B. Ruegg to lease the following described property for the sum of \$7.50 per month for a term of 20 years be and the same is hereby rejected, to wit:

On southerly line of California street, distant thereon 220 feet easterly from the easterly line of Hyde street, of dimensions 27½ feet by a uniform

depth of 137½ feet; being a portion of 50 Vara Block No. 277.

Further Resolved, That the Clerk of this Board be and he is hereby authorized and instructed to return to said Joseph B. Ruegg the deposit of \$100.00 made with this bid.

Communication From the City Attorney With Opinion on Liquor License Ordinance Adopted by People.

Supervisor Comte presented the following:

January 3rd, 1910.

Gentlemen: My attention has been called to Resolution No. 5067 (N. S.) requesting me to advise you whether the so-called Liquor Ordinance adopted in accordance with Section 20, Chapter I, Article II, of the Charter, by a vote of the people at the last election "is in conflict in any or all of its provisions with the Charter of the City and County of San Francisco".

The first section of the ordinance fixes the amount of the license of a retail liquor dealer at \$500. The other provisions relate to the procedure to be followed when an application is made for a permit to engage in a retail liquor business, prescribes the qualifications that must be possessed by a person engaging in that business and lays down generally the rules that shall govern the granting of all retail liquor licenses and the revocations of such licenses.

It is clear that so far as Section 1 is concerned it is not in conflict with any provisions of the Charter. The amount of the license required of a retail liquor

dealer has always been fixed by ordinance of the Board of Supervisors.

The adoption by the people of an ordinance fixing the amount of such a license has the same force and effect as the adoption by the Board of Supervisors of a similar ordinance. Therefore, even though there were other provisions of the ordinance which are in conflict with the Charter or which, for some cause or other were unconstitutional, Section 1 of the ordinance would still stand and would be enforceable.

It is of course fundamental that the Charter cannot be amended by an ordinance adopted either by the Board of Supervisors or by the people. The Constitution has laid down the procedure by which the Charter may be amended and that procedure is exclusive. If there is any provision by the ordinance which attempts to or does in effect modify or change any of the provisions of the Charter of the City and County of San Francisco that provision of the ordinance would necessarily be unconstitutional and unenforceable.

It has been my practice never to declare an ordinance regularly adopted to be unconstitutional except in a very plain case. It is not so apparent to me that the provisions of the ordinance in question are unconstitutional or are in conflict with any provisions of the Charter as would justify me in declaring any part of the ordinance in question violative of the provisions of the Charter or unconstitutional. Whether the ordinance is unconstitutional is for the courts to pass upon, and the proper way to test the ordinance would be through some properly instituted action brought for that purpose. In that way the matter could be finally determined.

Respectfully,

PERCY V. LONG,

City Attorney.

Liquor License Adopted by People November 2, 1909, and in Effect November 22, 1909.

Motion.

Supervisor Hocks moved that the Clerk be directed to insert in Book of Ordinances the Liquor License Ordinance referred to in the opinion of the City Attorney.

Thereupon, Supervisor Murphy called attention to and quoted the following Charter provision with respect to the duties of the Clerk:

"Sec. 17, Chapter 1, Article II—Deposit of all Ordinances.

"All ordinances and resolutions shall be deposited with the Clerk of the Board, who shall record the same at length in a suitable book."

Whereupon the Clerk was directed to appropriately number and insert in the Book of Ordinances the following en-

titled Liquor License Ordinance, adopted by the electors at the Municipal Election held November 2, 1909, and which ordinance was proclaimed by the Board of Election Commissioners on November 22, 1909, to wit:

Ordinance No. 1038 (New Series), as numbered by the Clerk, an Ordinance "Fixing the amount of Licenses issued to persons, firms, corporations and owners of any place of business where spirituous, malt or fermented liquors, or wines, are furnished, or sold, in less quantity than one quart, and providing for the issuance and revocation of such licenses."

Report of Police Committee Relative to Establishment of Menagerie at Chutes.

Supervisor Connolly presented the following

San Francisco, Cal., January 3, 1910.

To the Honorable, the Board of Supervisors, City and County of San Francisco—Gentlemen:

Your Police Committee, to which was referred the protest of various citizens against the establishment of the menagerie or zoo at the Chutes, begs leave to report as follows:

Your Committee has visited and inspected the Chutes and also the menagerie which has been recently installed, and reports that every precaution has been taken by the management of the Chutes to minimize the objectionable character of the menagerie.

Your Committee cannot say, in advance, that the menagerie will prove a nuisance, and it therefore recommends to your Honorable Board that no action be taken for the present looking toward the prevention of the establishment of the said menagerie, until such time as the maintenance of the same shall have proven a nuisance. At such time, the citizens objecting may have the nuisance abated by having recourse to our courts, or they may also apply to the Board of Supervisors for the passage of such legislation as will correct the evil.

Your Committee is all the more strongly moved to adopt this course, by reason of the fact that the management of the Chutes, acting upon the condition then obtaining, has invested about \$200,000.00 in this enterprise. In the special portion intended for the menagerie, an investment of about \$17,500.00 has been made.

At the time that these monies were expended there was no ordinance upon our books prohibiting the establishment of a public amusement place, such as the Chutes, or the maintenance of a menagerie, and your Committee is of the opinion that it may be presumed that the management of the Chutes made their investments upon the faith of the condition then obtain-

ing. Such an investment, made under such circumstances, should not, in the opinion of your Committee, be interfered with in advance, especially when the management of the Chutes has done everything within its power to lessen the objectionable character of the Chutes in general and of the menagerie in particular.

Respectfully submitted,

GEORGE A. CONNOLLY.

R. McLERAN.

W. E. BALCOM.

Communication From the Board of Underwriters of the Pacific as to Reductions in Insurance Rates Since Installation of Fire Boats.

Supervisor Johnston presented the following:

Board of Fire Underwriters of the Pacific, 1414 Merchants Exchange Building

San Francisco, January 3, 1910.

Hon J. A. Johnston, 70 Eddy Street, San Francisco—Dear Sir: Confirming telephone conversation of today, I beg to advise that the Executive Committee recently authorized a 15 per cent reduction on all brick mercantile buildings and their contents and on brick warehouses and their contents within approximately four blocks of the water front, and a 25c reduction was also made in the basis rates of wharves and docks of San Francisco.

These reductions were in recognition of the protection afforded by recently installed fire boats and are effective to policies written within 45 days prior

to date of installation of boats, viz, December 8, 1909.

Yours respectfully,

J. O. McCOUGHERN,

District Secretary.

NOTICE OF APPROPRIATION OF WATER.

(Civil Code, Sec. 1415.)

The undersigned, a citizen of the United States, hereby gives notice to all whom it may concern:

1. That I claim the water flowing here to the extent of Fifty Thousand Miners' Inches, measured under a four-inch pressure. (Natural or stored).

2. That the purposes for which I claim it are municipal, irrigation and developing electric power; for San Francisco and other cities about the Bay of San Francisco, or such other purposes as may be hereafter designated.

3. That I intend to divert it by a conduit or pipe, ditch, flume or tunnel in size as may hereafter be determined.

That this notice is posted on a pine tree 28 inches in diameter, growing on the left bank of Cherry Creek, in Sec. S. T. 2 N., R. 19 E., M. D. M. (and whence the cor. to sections 8, 9, 16 and seventeen bears S. 13 degrees 05 minutes E., about 2680 feet distant), in Tuolumne county California. Message from Mayor.

Gough Street Franchise.

The following communication from

his Honor the Mayor was received, read and *ordered filed*:

Mayor's Office, City and County of San Francisco.

San Francisco, January 5, 1910.

To the Board of Supervisors of the City and County of San Francisco:

In approving Resolution No. 5096, popularly known as the "Gough Street Franchise," I do so upon the ground that it is in substance merely a spur track (performing as such a very important office), and which should meet with the Mayor's approval as it did that of the Board of Supervisors unless there be some overweighing reason otherwise. That reason I fail to find in the franchise. If it covered any considerable length of street either as a main line or as a branch to a main line, it is altogether likely that I should have returned the Resolution without my approval, on the ground of the ten-block clause in that part of the Charter referring to street railways not having been written out at length in the franchise. There is also an objection which in my view would be a very material one had the franchise covered, as said before, a main line or a branch to a main line in that there is no provision for the taking over of the franchise by the City as was provided in the Stockton Street Franchise, and in the Parkside Franchise, and as should be provided in every street railway franchise.

EDWARD R. TAYLOR,

Mayor.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Passed for Printing.

The following Resolution was introduced under suspension of the rules and *passed for printing*:

Extension of Time, Construction of Engine House No. 41.

On motion of Supervisor Bancroft:

Resolution No. — (New Series), as follows:

Resolved, That E. W. Elliot be and is hereby granted an extension of ten days' time from and after December 30, 1909, within which to complete his contract for constructing Engine House No. 41.

This extension of time is granted for the reason that the contractor has been delayed by the foundations of adjoining buildings interfering, and further, by the inclemency of the weather, and

Further Resolved, That the advertising for printing this Resolution be and the same is hereby remitted.

(Communication from the Board of Public Works, filed December 30, 1909.)

Report of Hospital and Health Committee Relative to Renewal of Lease to California Woman's Hospital.

Supervisor Harris presented the fol-

lowing report which was read by the Clerk and ordered *filed*:

To the Honorable the Board of Supervisors, San Francisco:

Gentlemen—Your Hospital and Health Committee begs leave to report that it has had under consideration the matter of the renewal of the lease of City property situate on Sacramento street near Baker, to the California Woman's Hospital.

It has been generally reported in the press that the Hospital was going out of existence, and an application for the lease of the land for similar purposes has been made by the San Francisco Home for Incurables.

No action as yet has been recommended by your Committee to the Board of Trustees of the California Woman's Hospital in response to Resolution No. 5056 (New Series), wherein the Board of Trustees of the California Woman's Hospital is requested to report to the Clerk of this Board at the earliest date what the intentions of said board are relative to the continuance of said hospital.

Respectfully submitted,

M. HARRIS.

CHAS. A. MURDOCK.

A. A. D'ANCONA.

Adopted.

The following Resolutions were introduced under suspension of the rules and *adopted*:

Relative to Installation of Meters by County Line Water Company.
Motion.

Supervisor Johnston moved that the Clerk be directed to reply to the communication from the Board of Public Works requesting to be advised of the procedure required for installation of meters for water by the County Line Water Company plant by calling the attention of said Board to the provisions of Ordinance No. 943 (New Series), providing for the operation and management of municipal water works relative to said matter.

So ordered.

ADJOURNMENT.

There being no further business, the Board at the hour of 3:40 p. m. o'clock, adjourned, to meet on Saturday, January 8, 1910, at 11 a. m.

JOHN E. BEHAN, Clerk.

Approved by the Board of Supervisors January 5, 1910.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, John E. Behan, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated, and approved as above recited.

JOHN E. BEHAN,

Clerk of the Board of Supervisors,
City and County of San Francisco.

SATURDAY, JANUARY 8, 1910.

In Board of Supervisors, San Francisco, Saturday, January 8, 1910.

The Board of Supervisors met pursuant to adjournment for the purpose of inducting into office the members who were elected at the municipal election held November 2, 1909.

His Honor, Mayor Taylor, presiding.

Roll Call.

The roll was called of the members of the Board of Supervisors whose terms of office were about to expire and the following were noted present:

Ayes—Supervisors Baleon, Baueroft, Booth, Broderick, Center, Conne, Connolly, D'Ancona, Harris, Hooks, Jennings, Johnston, McEran, Murdock, Murphy, Pollok, Sanderson—17.

Resignation of John E. Behan as Clerk of the Board of Supervisors.

San Francisco, Cal., January 8, 1910.
To the Honorable, The Board of Supervisors, City and County of San Francisco,--

Gentlemen: I hereby resign the office of Clerk of the Board of Supervisors of the City and County of San Francisco. Yours truly,

JOHN E. BEHAN.

Motion.

Supervisor D'Ancona moved the acceptance of the resignation and in doing so paid a high tribute to the character of the retiring Clerk, stating that during the ten years he had known him as a public official, that his service to the City was characterized by an ability and efficiency rarely found in public officials, and that his assiduous labors and devotion to the interests of the municipality had made him a model public servant and won for him the admiration and respect of all.

Supervisor Connolly, in seconding the motion of Supervisor D'Ancona, also expressed his high regard for the character and devoted service of the retiring Clerk.

Whereupon, Supervisor D'Ancona's motion was *adopted* unanimously by a rising vote.

Address of Retiring Mayor.

Thereupon, his Honor, Mayor Taylor, read the following address, which was ordered spread in the Journal:

San Francisco, January 8, 1910.
To the Board of Supervisors of the City and County of San Francisco:

This is my last communication to you, who, like myself, will, in a few moments, resign to our successors the offices we now hold. We are laying off our armor, the others are about to put theirs on. At neither time is it well to be exulting or boastful; but may I not be indulged in saying, what must

be the avouch of all observant citizens, that you have discharged to the utmost your duty to the city of your love; that you have obeyed the law, that you have passed many valuable ordinances looking to the material and moral betterment of the city, not the least of which were your measures which played such great part in making San Francisco the most sanitary city in the United States; that your sole guide has been the interest of the municipality which you have at all times diligently and carefully safeguarded; that you have promoted in every possible legislative way the paving of streets, the construction of sewers, and the building of hospitals, school houses, fire houses and police station houses, at the same time acquiring such additional land as was necessary for these purposes, and giving all needed legislative assistance to the auxiliary fire protection system, some parts of which are already completed. Through you the City is to build, own and operate an important street railroad, and through you she is to secure an abundant water supply not alone for ourselves but for the generations that are to succeed us. You have in all things acted cautiously, with due deliberation, and with perfect integrity of purpose; and you have furthermore conducted the ordinary affairs of the city government intelligently, economically and with punctilious honesty. Your promises have been few, but your performances so many, that what you have legislatively promoted is indelibly stamped on every district of the City. In the matter of the necessary bond issues your work has been characterized by prudence and fine business judgment. For all these things you will live in the grateful remembrance of your fellow-citizens, as men who deserve well of their city.

In giving you this official farewell, permit me to wish each one of you all that is best for the future, and to congratulate you upon the happy results of your labors.

EDWARD ROBESON TAYLOR.

Mayor.

Chairman.

Whereupon, Mayor-elect P. H. McCarthy assumed the Chair.

Presentation of Credentials.

The Clerk announced that the credentials of the newly elected members of the Board of Supervisors had been duly presented; whereupon, said credentials were read and ordered filed.

CALLING THE ROLL.

The Roll was called and the following Supervisors-elect, whose credentials had been filed, answered to their names and were duly seated:

PAUL BANCROFT,
EDWARD L. CUTTEN,
CORNELIUS DEASY,
MATT HARRIS, SR.,
J. EMMETT HAYDEN,
TIMOTHY B. HEALY,
JOHN L. HERGET,
OSCAR HOCKS,
JOHN A. KELLY,
JOHN R. KNOWLES,
ROBERT J. LOUGHERY,
JOHN P. McLAUGHLIN,
TIMOTHY P. MINEHAN,
CHARLES A. MURDOCK,
CHARLES A. NELSON,
THOMAS P. O'DOWD,
WILLIAM C. PUGH,
JOHN O. WALSH.

Whereupon, the Chair declared the Board of Supervisors duly organized for the transaction of business.

Addresses of Retiring Members.

The retiring members being asked if they desired to address the Board, ex-Supervisor D'Ancona arose and addressed the Board, welcoming, on behalf of the retiring members, the Mayor and the newly-elected Supervisors who had just been inducted into office. He complimented the retiring Board on the vast amount of work they had performed and the important projects that had been inaugurated during their administration, and expressed the hope that the deliberations of the incoming Board would be characterized by wisdom and a high regard for the public interest.

Ex-Supervisor Murdock also addressed the Board, calling attention to the difference in the attitude of the present retiring Board of Supervisors as compared with that of the retiring Board two years. He declared that those who were about to lay aside their public duties could do so with a feeling of satisfaction that they had done their duty and had given the best that was in them for the benefit of the city. He expressed the hope that when the new administration retired two years hence they, also, could do so with the same satisfaction.

Ex-Supervisor McLeran also addressed the Board, expressing the hope that the new administration would be a successful one, and that it would reflect honor on those in whose hands the conduct of public affairs had been intrusted.

Ex-Supervisor Connolly also addressed the Board, paying tribute to the character of the retiring Mayor, declaring him an estimable leader, filled with the highest feelings of patriotism and devoted in his service to the public interest. He expressed the hope that the newly-installed Mayor would serve with similar honor, distinction and patriotism.

Ex-Supervisor Jennings also addressed the Board, wishing the new administration success.

Inaugural Address of His Honor, P. H. McCarthy.

Thereupon, his Honor Mayor McCarthy read the following address, which was ordered entered at length in the Journal:

Gentlemen of the Board of Supervisors,—

The people of the City and County of San Francisco have seen fit to place in our hands the administration of the affairs of our city. It now becomes our solemn and sworn duty to act with that degree of care and caution as will show to the people the wisdom of their action. Let us at all times, during our incumbency, remember the fact that the duties which we are to perform are not only those committed to our care by a confiding public, but such duties and the manner in which they are performed transcend the immediate environment of municipal significance and extend in the matter of reputation to the uttermost parts of the earth, to all countries and their people, whose eyes are now upon us and whose future social and business intercourse with us will be more or less affected by the manner in which we give an account of ourselves.

The people have expressed their unbounded confidence in our ability and integrity, therefore let us see to it that our efforts shall shine forth with a brilliancy of thought and action which will bring to our beloved city of San Francisco the encomiums of the people of the world.

At this time I desire to extend my deepest and most sincere appreciation and thanks in behalf of the newly elected officials and myself, to the people of San Francisco, who have thus honored us, and to say to them that the confidence reposed in us shall be answered by an administration which will challenge the admiration of the most skeptical.

NEW ERA.

Never in the history of San Francisco have officials been inducted to office under circumstances more propitious for tremendous results. Our city has passed through a most trying situation, one during which the very heart of progress has been severely attacked and the social and commercial conditions affecting our citizenship, most violently disturbed. But the darkness enshrouding our activity and advancement has broken and the dawn of a new and enduring era of prosperity is at hand.

A new and better atmosphere pervades our business and industrial life. Pessimism has yielded to optimism and

there is now present among our citizens that desire for unity of thought and action which bespeaks a bigger and better San Francisco and a happier and more contented people.

When we gaze about us and observe the new and beautiful city which less than four years ago, by the act of God, was made a barren and desolate waste, it fills us with pride that we are San Franciscans; that no emergency, however great, is beyond the fortitude, thrift and determination of our citizens.

The energies which have builded greater than ever, the confidence which has underlaid that rehabilitation, the strength and courage which have abided that reconstruction are the assets of inestimable value which, when concentrated, unified and properly directed, will bring to our city and her people achievements and accomplishments unprecedented in the world's history.

It therefore lies with us, who have been chosen to conduct the affairs of this city, to show ourselves equal to the task imposed upon us.

From you, the legislative branch of the government of our city, I expect great things. The majority of your members spring from the ranks of plain people. You are among the flower of those with whom you have associated in the great work of ennobling and uplifting mankind and shaping the thought and personal action of your fellowmen into the best of citizenship. Let that work now continue in a different sphere and may you accomplish for all the people that same measure of benefit that you have brought to your own. The minority of your members are those whose activities have been directed in different lines, none the less important nor dignified, each pursuing in his particular way that which to him seemed the best and most expedient.

Let your deliberation be characterized by sincerity of thought and a determination to do for our city the best that human endeavor can accomplish. Let your debates be open and honest. Let the complex and perplexing questions with which it shall be your duty to cope receive the most open and fullest expression within the legislative halls in order that the people may be given the fullest opportunity to learn and know that which is being done by their servants, in behalf of the welfare of our city.

As your executive, I shall accord to you, and I shall expect from you, the fullest and heartiest co-operation in all matters affecting the body politic. It shall be my pleasure from time to time to make such recommendations and offer such suggestions as to my mind

shall seem necessary for the proper conduct of our municipal affairs and the upbuilding and improvement of our city.

INDUSTRIAL PEACE.

In various elements of society the false and absurd impression has found expression that an advent of a labor administration would presage industrial disturbance and turmoil. To those who have so unhappily analyzed the situation, let it be known that the great organizations of which many of us are representatives, stand for industrial peace, that the citizenship composing these organizations is of that character that civic pride so far predominates any condition which might result from selfish ambition than an abuse of power in this respect is absolutely absurd.

Organized labor has been placed upon its honor and organized labor in return will show to the world that it comprises that depth of feeling in the premises that stands for the cleanest, purest, best and most peaceful civic government to be found anywhere.

Organized labor stands for peace with its resultant benefits, and the more harmonious its relations with capital the more beneficial and advantageous its position and status. It stands for just and equitable treatment to all concerned and the reasonable adjustment of all controversies, and unless strife is precipitated by the opponents of organized labor for political reasons, peace must and shall obtain.

Should the occasion arise when any threatened disturbance shall menace the peaceful aspect of our industrial life, the cause shall be immediately investigated and the power of the administration shall be brought to bear to stop such action and to discover to the people those who may be guilty of such uncitizenlike conduct.

MONEY ILLEGALLY DRAWN AND PAID.

I desire to call the attention, gentlemen of the Board of Supervisors, to certain infractions of the law which have been practiced by preceding administrations. To you the people look for an economical and just administration of affairs upon strictly legitimate business lines. Our organic law contains provisions governing the handling of public funds. These provisions in certain cases have been absolutely ignored and large sums of money have been illegally drawn from and paid by our Treasury. Political obligations have been satisfied by the illegal creation of positions and the illegal disbursement of public funds in the payment of improperly authorized salaries and other expenditures. In the near future, I shall submit to your honor-

able body a detailed list of the before-mentioned illegal payments with the recommendation that steps be taken which will secure the restitution to the Treasury of such illegally drawn funds.

AUTOMOBILES.

It is true that in some matters, because of the uniformity with which laws are made and administered, it is impossible to conduct public affairs as economically as a private business can be managed. It is also true that in the conduct of governmental affairs there is a lack of economy and care exercised which would obtain in a well and prudently managed private business.

Many extravagancies are indulged in by officials, who, in private life would refrain from such expenditure, merely because it is the disbursement of public money contributed by the great body of taxpayers who are obliged to pay the bills without the power to stop the expenditure.

The extravagant use of automobiles by certain departments is a wanton waste of public money, costing, as it has in the past, many thousands of dollars annually.

If this money was devoted to the improvement of our streets in many places the wagons of the merchants and the automobiles of our wealthier citizens would fare better and endure longer.

I am not unmindful of the fact that the Police, Fire and Health Departments are in need of rapid transportation and therefore I do not refer to these particular departments further than to recommend that the equipment for these departments be at all times kept at the highest standard of excellence.

PUBLIC ACCOUNTING.

It is an undisputed fact that our system of municipal accounting is not only obsolete but absolutely impractical and unbusinesslike, a system which would not be tolerated for one moment in an ordinary business establishment of our city. I challenge any citizen or taxpayer in this city today to obtain from our municipal department a complete and comprehensive statement of the sales, expenditures, contracts and obligations under our several bond issues; beyond this in the receipt of fees and revenues of the various departments there is no modern system of accounting which affords any proper check upon the financial transactions of our municipal employees. The revenues of our city are therefore largely dependent upon the competency and integrity of those employed.

I would therefore recommend the inauguration of a municipal system of accounting which will absolutely pro-

tect the municipality in this important particular. Until such a system can be adopted, I would recommend that your honorable body take such action as will require all special deposit funds to be handled through the Auditor's office in conjunction with the Treasury, as the recent scandals seem to point to the fact that such defalcations, or shortages, I believe now amounting to \$900,000, have occurred in the handling of funds with which the Auditor has had nothing to do.

PUBLIC OFFICE AND PRIVATE ENTERPRISES.

No small amount of criticism has arisen in the past over the use of public office to promote private enterprise. Many of our citizens engaged in mercantile pursuits have been coerced into patronizing certain persons or firms through the fear of gaining governmental disfavor.

Legitimate business must and shall be protected in the free and unrestricted choice of trade relations and any attempt on the part of any elected or appointed official to force or influence an undesired business relation will be immediately and summarily dealt with.

RELAXATION OF TOO STRINGENT MEASURES.

Any business conducted under municipal or U. S. Governmental license, in a lawful manner, must be fostered and encouraged by this administration. There has been a tendency in the past to harass and injure for political or personal reasons many of our business men who conduct lawful and orderly enterprises. In many instances our ordinances are given a most narrow and strict interpretation for the purpose of punishing the political shortcomings of certain citizens, or for the purpose of satisfying personal greed on the part of those in authority. Moreover, unnecessary and too strict measures have been enacted to satisfy the unreasonable desire of reformers who have slight or narrow comprehension of the fair and liberal spirit which should characterize the government of a metropolitan city.

San Francisco is a metropolitan city, destined to be one of the greatest cities in the world, with a cosmopolitan population peculiarly its own. It is a city of pleasure lovers and pleasure seekers who desire freedom of action within decently defined limits.

Our ordinances should be so amended and our laws so enforced that not only shall those engaged in legitimate pursuits have reasonable liberties and freedom of action, but those who seek our city for pleasures which it may afford should be guaranteed safe con-

duct and personal protection while they are our guests and bring to us millions of dollars which they spend in return for the pleasure had.

During the recent campaign the opponents of many of the incoming officials predicted that, with the ascension to power of the incoming administration, the moral atmosphere of our city would be degraded and that a "wide open" town, shocking to the moral sensibilities of our citizens, would obtain.

In order that there may be no mistaken impression upon the part of our citizens regarding this very important matter, I desire to place before you gentlemen and the public at large the present status of our city with relation to conditions for which the outgoing administration is responsible and in order that this unenviable heritage may not be said to be fathered by the incoming administration.

I have no hesitancy in saying that so far as lawlessness and the harboring of undesirable persons is concerned the city today compares favorably with its darkest days of lawlessness in the past.

Our resident citizens have been harassed and handicapped by the enforcement of stringent measures, while on the other hand suspicious characters from without, who have no interests in common with us, are not a part of us, hold no property and pay no tax to help support our city, are given an asylum and permitted to pursue their questionable callings without interference on the part of the last so-called Good Government administration. In support of this charge, I respectfully refer the public to the following:

POOLROOMS AND HANDBOOKS.

560 Kearny street, rooms 4-5-6—One of the largest poolrooms in the city; has also ten outside men getting bets—also takes large bets from other poolrooms and gives 5 per cent on all commissions.

694 Mission street—Also six large rooms upstairs; has women customers at times. Run crap games on billiard table in back of fake cigar store.

329 Bush street, rooms 123-124—Large poolroom.

636 Market street, room 34.

660 Market street, room 255.

There are at least one hundred men in the city soliciting bets, who turn them over to the above poolrooms for 5 per cent of all money handled—win or lose.

SURE-THING OPERATORS.

A "sure thing" game ran at No. 82 Market street, up to December 11, 1909; closed on account of falling out with their steerers to whom they refused to pay 45 per cent, which is the regular amount paid to steerers.

"Sure thing" game at the present time at 787 Market street, rooms 17 and 18. They have at least fifteen steerers on the street working for them.

"Sure thing" faro game at the north-

west corner of Fillmore and Golden Gate avenue. Steerers around who bring customers upstairs.

Penny Arcade, 61 Market street; also run "sure thing" game in back.

Penny Arcade, 777 Market street; occasionally "sure thing" game in back.

There is a "sure thing" roulette wheel in the Hotel Stanford, Kearny and Bush streets, operated only when a good customer shows up.

In addition to the foregoing there are numbers of other places not herein mentioned where unlawful practices are in operation without fear of molestation on the part of the authorities of the past "good government" administration.

THE CHINESE.

No class of our citizens appreciate more clearly than do our wholesale merchants the value, in a commercial way, of that great body of foreign residents located in the Chinese quarter of our city.

The Chinese are among the largest purchasers and patrons of our merchants, and the import, export and local trade carried on by them is one of the most important and cherished commercial assets.

Prior to the fire which destroyed the Chinese quarter our merchants enjoyed this trade. Subsequent thereto the transbay cities acquired it and have since offered to the Chinese every inducement to remain with them.

The Chinese prefer their old quarters in our city and wish to live there, but our authorities have made it so unpleasant by the enforcement of unreasonable regulations that they have remained away and would not return under the past regime.

The Chinese have pleasures and pastimes peculiar to themselves, which are enjoyed exclusively by themselves, and they prefer to be alone and to be let alone. The Chinese have just as much right to enjoy their exclusive pleasures in their different clubs as have our white citizens in their exclusive clubs.

Therefore, I propose to offer every inducement to bring back to our city those former residents who have left us because of more liberal treatment in other cities of our State. I propose to extend to them the most liberal treatment within the law, and to permit them as much freedom as others enjoy without discrimination, and to hold them free from molestation and harassment so long as they live within the law and do not commit breaches of the peace.

I believe in a freedom of action within the law, that the poor man is just as much entitled to his legitimate

pleasures and pastimes within the law as is the rich man, and to that end I shall use my endeavors, with your co-operation, to see to it that all legitimate enterprises shall be conducted without interference or harassment, but I shall not tolerate nor permit any department under my control or supervision to tolerate the operation of unlawful enterprises, no matter by whom the same may be conducted. Nor shall I permit the odium resulting from the present immoral atmosphere surrounding the outgoing administration to be visited upon and made chargeable to the incoming administration.

DISTRICT ATTORNEY.

I am in deep accord with the sentiment that the officials of the incoming administration possess all the characteristics, such as energy, ability, and integrity, to make this administration the best that our city has ever had. At the same time I am mindful of the fact that temptations and all manner of schemes will be concocted by those who have corrupt motives to subserve, or those who wish to discredit the incoming administration, for political reasons. I would, therefore, in order to obviate any unhappy condition that might arise, recommend that the District Attorney detail the members of his department, during the hours that they are not otherwise employed, to be present at the meetings of the various Boards, Commissions and Departments, in order that it may be known that "weaving spiders" will be carefully watched.

HOSPITAL AND EQUIPMENT GENERALLY.

Through laxity in our hospital service and the equipment of the same, many unfortunates have been made to suffer serious consequences from accidents, which, if they had been immediately and properly treated, would have been preserved in life and limb.

The hospital service should receive the most careful attention, particularly the hospitals which are located in the outlying sections. They should not only have competent surgeons within immediate call, but should be so equipped at all times that emergency cases can be expeditiously and properly handled. Many accidents have occurred in the vicinity of Golden Gate Park wherein life or limbs could have been saved had proper attendance been available immediately. I therefore most strongly recommend that this matter receive your early attention.

POLICE DEPARTMENT.

This important department must be kept at the highest standard of efficiency. The reputation of our city is

more dependent upon the proper administration of this department than any other. Visitors and tourists who sojourn with us must receive safe conduct and be secure in the protection of their lives and property. The chapter of crime which has been evident in this city for some time past must be stopped. Holdups and thuggery must be reduced to a minimum in comparison to the population of our city with that of other cities. Undesirable characters who have sought an asylum in our city as a fertile field for their nefarious callings must be incarcerated or driven from the city so that our citizens may go from place to place after nightfall with a greater feeling of safety.

The ordinances relating to public assemblages have been and are now being flagrantly violated. In some of our large public assembly halls the aisles are permitted to be so crowded that any extraordinary happening, such as fire or other unusual alarm would result in tremendous loss of life. To these matters in particular I shall hold the heads of departments strictly accountable.

The condition of our jails and detention prisons is positively appalling and unfit for human habitation by reason of improper ventilation and lack of ordinary conveniences. This condition is particularly noticeable in our County Jail where many persons are compelled to remain awaiting trial to determine their innocence or guilt of the crime charged against them.

I am mindful of the fact that steps have been taken to remedy this condition by the construction of the Hall of Justice, and new County Jail, but no time should be lost in the completion of these structures. This phase of the matter is elsewhere treated under the title, "Public contracts."

REVENUE AND TAXATION.

The tax levy for the fiscal year 1909-1910 was based upon an assessed valuation of real and personal property, of \$480,000,000. The assessment roll when completed and equalized amounted to \$492,867,039, thereby creating a revenue slightly in excess of the amount provided for by the Board of Supervisors.

The tax rate for the same year was fixed at \$1.964 upon each \$100 of taxable property made up as follows:

For ordinary expenses of municipality	\$1.00
For bond interest and redemption23
For park fund.....	.07
For special taxes for streets, sewers, fire houses and lots, school houses and repairs, po-	

lice houses and lots and sanitation

Total\$1.30
Added to State tax..... .364

Making a total of.....\$1.964

Owing to the departmental expenses which must be confined within the \$1 limit having increased in a much greater ratio during the last three years than the assessed valuation of property the entire amount of \$1,800,000 was found necessary to meet the demand for departmental operating expenses without leaving any margin to be devoted to the betterment of streets and other improvements, therefore special taxes were levied to pay for the last mentioned improvements, which have hitherto been largely met under the \$1 limit. I have had neither time nor opportunity to make a close study of the departmental expenditures during the past administration, and shall therefore reserve my judgment as to the same until a careful investigation shall have been made.

The special taxes levied for bond interest and redemption are necessary under the law, and as the years pass this tax will continue to increase until all indebtedness shall have been paid.

The levy of \$0.07 for Park Fund is an expenditure which I believe every citizen is glad to pay, in order that Golden Gate Park and other parks may be maintained in the proper manner and improved from time to time in keeping with the advantages and pleasures derived by our citizens and visitors from them.

Of the special tax levy of \$0.30 for streets, sewers and other improvements hereinbefore enumerated, a large portion of this money has been devoted to permanent improvements which will perform their particular functions and preclude the necessity for further taxation for the same purpose except in the matter of repairs.

In view of the fact that our tax rate will continue to increase until such time as the assessed valuation of real and personal property through improvement and embellishment of property shall meet the ordinary and extraordinary demands upon our exchequer, I advise a most careful and economical expenditure of the public funds. All departments must be administered in a manner that shall return the greatest amount of benefit for the least amount of money spent.

In making this recommendation I do not advise the curtailment of service nor the impairment of the efficiency of any department, but I do recommend most strongly the exercise of the most careful and soundest business judg-

ment in all matters financial.

Where extravagances can be stopped, however small, the accumulation consequent thereupon will provide many necessary improvements which otherwise will have to be met by direct, ordinary or extraordinary tax levy.

Again, with the vast areas of unimproved property with which our city abounds, in a city which presents present and prospective opportunities for business and commercial development and personal gain to the investor, extreme care should be exercised to make such investment the most inviting by holding the tax rates to the minimum of necessity consistent with an active and progressive administration and a comprehensive and businesslike campaign of public improvement.

FIRE DEPARTMENT.

The efficiency of our Fire Department should be improved with the latest and most approved devices for fighting fire. Our experience has been such that we cannot put too high a value upon a fully equipped and efficient department.

Every means consistent with sound business judgment should be afforded the Fire Department to meet any emergency. I would suggest that in addition to the auxiliary fire protection system now being installed that the members of the department be taught the proper use of dynamite and a comprehensive plan be adopted by which in case of extraordinary emergency a conflagration could be confined within certain limits in case all other means of fire fighting fail, as was the case in the disaster of April, 1906.

BEAUTIFICATION OF CITY.

Consistent with an economical administration, the conservation of public funds and the most general and comprehensive plan of public improvement so far as necessities are concerned, I would urge that a movement be made in the direction of beautification of our city. At intervals our public spirited citizens have contributed monuments and statuary here and there, but it seems to me that the proper incentive is lacking whereby many of our citizens would hail with delight the opportunity to assist in the beautification of our city were the way to do so revealed to them. Many of our citizens undoubtedly stand ready and willing to perpetuate the history and traditions of this western land in monuments and statuary emblematic thereof were suggestions by way of a governmental plan of municipal beautification properly presented.

Moreover, while various districts are still unbuilt and the lands contained therein are purchaseable today at a less price than they will ever again be

available, some movement should be made to beautify such districts with properly laid out streets, parks and boulevards and obviate future unsightly and poorly planned areas which are bound to result in case no attention is paid to the same.

The Outdoor Art League is a movement in the right direction and should receive every encouragement from the municipality in its laudable work.

I would therefore recommend that your honorable body take such action as will bring the matter of the beautification of our city to the attention of our citizens by having adopted the plan herein mentioned.

EXPENDITURES BY LAST ADMINISTRATION.

To those without the pale of the inner circle of municipal activities, the details of the work done are absolutely unknown. It is only through rumor or street gossip that glaring mistakes or malconduct become known.

If the few remarkable facts which have come to my knowledge are any indication, the secret pigeonholes and private drawers of the municipal departments must contain many facts interesting to the taxpayers.

Among those transactions which have consumed many millions of the public funds, street talk has brought to light several which, to my mind, should receive a full explanation.

In 1908 the city voted \$1,000,000 for the purpose of taking care of garbage. In 1896 the Sanitary Reduction Works received an exclusive franchise from the city, for the period of fifty years, to handle all garbage, at prices fixed for handling the same to be paid by scavengers and others requiring the disposal of the same.

The price paid by the franchise holders was \$2510 and the further payment of 2 per cent for the term of fifteen years after the date of the franchise and 5 per cent for the remaining term of thirty-five years on the gross amount of receipts derived under the franchise.

The plant of the Sanitary Reduction Works is located in the block bounded by Rhode Island, De Haro, Alameda and Fifteenth streets. I am informed that the Sanitary Reduction Works have never been a financial success. The 2 per cent payment to the city under the franchise would have expired in January, 1911, when the 5 per cent payment would have begun had the Sanitary Reduction Works continued to operate under its franchise.

During the present fiscal year, however, the Hospital and Health Committee of the Board of Supervisors,

Henry Payot, chairman, reported favorably to the Board upon the purchase of the plant of the Sanitary Reduction Works in the sum of \$400,000, which sale was consummated, thereby relieving the Sanitary Reduction Works of all further liability to the city.

The sum of \$350,000 was paid in cash and the company given an extension or lease of the plant to operate the same under the terms of the original franchise for a period of two years, this is for the full term under which the company was obligated to pay the city 2 per cent and before the 5 per cent period under the franchise began.

I am further informed that the income to the city from this source has been in the neighborhood of \$17,000 per year. Whether the same has been paid for the current fiscal year, I am not informed, but as the city still holds \$50,000 of the original purchase price, I feel that the city is secured in this respect.

I have since been informed that there is more or less objection to the location of the incinerator at the before mentioned location, and that the aforesaid committee, Mr. Henry Payot, chairman, has recommended to the Board of Supervisors that the property be sold for the sum of \$200,000, but such sale has not been consummated. Thus it will be seen that the sum of \$400,000 has been paid for this property, together with the assortment of junk thereon, in the shape of an incinerator, or \$200,000 in excess of its value. The Sanitary Reduction Works has been relieved of a white elephant at a very handsome figure which in all probability will bring to its stockholders par value or better for a very inferior stock.

The city is now confronted with the important problem of the disposal of the garbage. The before mentioned committee, Mr. Henry Payot, chairman, recommended to the Board that at least two incinerating plants be established in lieu of the former one and the Board proceeded to acquire property in North Beach and South San Francisco.

The North Beach purchase is so unique that it is interesting and worthy of mention.

In December, 1905, citizen Meyer Wood sold to citizen Daniel Roth two 50 Vara lots at Bay and Taylor streets. The deed recited the consideration to be \$10, although like property of the same dimensions in the same locality and equally as good sold at the same time for \$27,500.

On November 12, 1909, citizen Roth conveyed this same property to citizen

Walter H. Linforth, the son-in-law of Mr. Henry Payot, the aforesaid chairman of the aforesaid committee, and on the same day, citizen Walter H. Linforth conveyed the property to the City and County of San Francisco for the sum of \$80,000. It is said that, contrary to all custom, Mr. Henry Payot personally carried the demand drawn for the payment of this property in the sum of \$80,000 from the Clerk's office to the office of His Honor, Ex-Mayor Taylor, for the latter's signature, first having had the same taken from the bunch of demands passed by the Board on the previous day.

There is a marked difference of opinion as to the value of this property between Assessor Dodge (who is compelled under the law to assess property at 60 per cent of its value) and the Board of Supervisors. Assessor Dodge has assessed this particular property as follows: 1905, \$18,650; 1906, \$11,910; 1907, \$17,850; 1908, \$18,450; 1909, \$18,450. I am inclined to believe the assessment a just one.

The foregoing reveals the facts that our city has paid the enormous sum of \$80,000 for property which was worth in 1905 not to exceed \$30,000, and during the interim has never been assessed above \$18,650.

A similar transaction was attempted by which the second piece of property for incinerator purposes came near being sold to the city. This property is located in South San Francisco and belongs to Ex-Supervisor Center. The deal would have been accomplished had not Ex-Supervisor Center discovered that he was purchasing for the city property owned by himself.

In this instance Mr. Charles B. Marks was the middleman, and he agreed to convey and the city agreed to buy 70,000 square feet of land in Potrero Nuevo Block No. 130 (no other description) for the vast sum of \$70,000.

Assessor Dodge in this case also takes a different view of the valuation of the property. The assessment rolls show the following: 1905, \$7800; 1908, land, \$16,500, improvements, \$700; 1909, land, \$24,200, improvements, \$700.

The ordinance purchasing this property in the sum of \$70,000 was finally approved by Ex-Mayor Taylor on November 16, 1909. (Resolution No. 4763, New Series.)

Supervisor Center then caused the repeal of this ordinance by Resolution No. 4858, New Series, on December 1, 1909.

The foregoing shows that the city barely escaped paying \$70,000 for lands which at no time have carried an assessment at over \$24,900.

Another remarkable fact revealed by the public records that in the purchase of the many pieces of land for the different departments of the municipality, these are the only pieces purchased outside of the office of the City Attorney. The latter official has purchased during the last fiscal year land in the vast sum of \$1,259,671.44, apportioned as follows: For fire protection (bonds 1908) \$100,512.50; hospital construction (bonds 1908), \$218,929.49; school sites (bonds 1908), \$596,616.69; hall of justice (bonds 1904), \$163,113; water supply (bonds 1909), \$122,963.80; sewer construction (bonds 1908), (trights of way), \$14,020. Purchase of fire lots (special tax), \$33,280. Police Department (special tax), \$1075; Fire Department (special tax 1908-1909), \$9160.96, aggregating the sum of \$1,259,671.44.

There are other expenditures of a questionable character which according to the opinion of the City Attorney are unlawful and the raising of salaries fixed by the charter, through ordinances of the Supervisors and otherwise, in many departments. These expenditures affect many of the high-priced employees of the city, some of whom are non-residents and others who are employed and paid handsome salaries even without the ordinary formality of a resolution or ordinance of the Supervisors dignifying the employment of fixing the salary.

Another item, inconsequential in comparison to others is the salary paid to Attorney Stockslager of Washington, D. C., who received the handsome salary of about \$5000 per year for the purpose of "watching" the Hetch-Hetchy proceedings at the seat of the National Government.

Among the many other items of extravagant expenditure which our municipal bookkeeping system contains is the entry showing the payment to Dillon & Hubbard of New York the sum of \$20,000 for an opinion upon the validity of the bond issue of 1908.

I have the utmost respect for the reputation and standing of this firm of New York lawyers. I have also a greater respect for the reputation and standing of many members of the San Francisco and California Bar. I am a firm believer in home industry. It is a peculiar fad of modern financial operations that the validity of municipal bonds must have the approval of a single firm of lawyers located in New York City, or the bonds are considered an undesirable security in the eyes of the bond buyers. I cannot comprehend the situation, and if I did and found this procedure necessary, I would make an everlasting effort to remedy a system of coercion and arbitrary ac-

tion which would make the exponents of the principles of trade unionism blush for shame.

This action is a sad commentary upon the ability of the lawyers of San Francisco and should receive the strongest feeling of resentment. We are proud of our bar as a whole, and believe that no brighter minds nor more able practitioners are to be found anywhere, and when the bar of San Francisco must be humiliated by the employment of foreign lawyers (with the natural inference that we possess none who is competent) then it is time for the expression of righteous indignation.

I would recommend to your honorable body that a careful and most searching inquiry be had into the expenditures of the different departments, to the end that a more economical disbursement of public funds obtain.

WORLD'S FAIR.

The get-together spirit which has become manifest in the promotion of the interests of our city presages an uninterrupted, continuous and unprecedented growth of our interests, property, financial and commercial.

The spirit, once inculcated, but needs the proper encouragement to accomplish anything attempted. With a satisfactory status of financial and commercial affairs throughout the country and a feeling of security for the future locally after a most satisfactory holiday season, our people have imbibed that optimism necessary to undertake that gigantic enterprise which for all time will elevate our city to the first rank of world's cities, namely, the World's Fair.

With unlimited acres possessing wonderful geographical location and topographical features upon the shore of the broad Pacific, the magnitude and extent of this great exposition will only be measured by the human effort and financial ability put behind it. There is no reason why all past efforts of this character should not be excelled beyond comparison and a Fair arranged which will challenge for size and grandeur all effort and all countries for generations to come.

Our people are taking the preliminary steps and showing an enthusiasm which not only bespeaks the thoroughness of their judgment, but a determination to achieve the most successful accomplishment of the greatest of all enterprises ever undertaken for the welfare of our city. I would recommend that your honorable body render to the promotion of this enterprise every support and assistance within your power.

MARKET STREET EXTENSION.

The tremendous acreage lying west of Twin Peaks and in line with the westerly extension of Market street were the same extended, has no communication with the business localities of the city except by a circuitous route, which precludes rapid transit. This obstacle renders this vast territory impossible of settlement by thousands of our citizens who are obliged to live within a radius where transportation must be had within a certain fixed time. The effect of this difficulty is that many thousands of our citizens find sites for their homes in the counties down the peninsula, and San Francisco not only loses the support which it would receive in the matter of taxation, but our merchants and tradesmen lose the patronage which would aggregate annually into the millions of dollars.

To obviate this unhappy condition, I would recommend that steps be taken towards the perfection of plans, the acquisition of rights of way and the construction of a tunnel under the foothills west of Market street, in order that Market street may be extended to the ocean. That the work be of such magnitude as to afford ample facilities in addition to the ordinary commercial use of such highway.

NOB HILL TUNNEL.

I have investigated the matter of bringing the North Beach section of our city into closer touch with the business center of our city through the construction of a tunnel under Nob Hill. The construction of this tunnel would provide a means of railroad construction which would insure rapid transit for a larger resident population of the North Beach district and people from the North Bay shores who will eventually land at North Beach to the doors of our merchants in the great retail section, besides affording an easy grade for teaming and pedestrians.

I therefore recommend that your honorable body investigate the feasibility of the plan with a view of putting the same into operation.

FLUSHING OF SEWERS AND FIRE PROTECTION.

To serve at least two purposes, either of which will most strongly recommend the plan to our citizens, the impounding of salt water should be undertaken, first, for the purpose of properly flushing the sewers, and, second, to be used, if occasion ever requires, as a further auxiliary protection against conflagration.

We have no commercial, up-to-date, approved plan of sewer flushing, and

as a result certain portions of our city during certain seasons are made veritable fever spots where the zymotic bacillus holds undisputed sway and the children of our less rich citizens are obliged to sacrifice their lives upon the altar of backward or non-intelligent public improvement.

We possess every attribute for the successful operation of this most needed and most important life saving facility. The foothills skirting the ocean and bay shores afford superb locations for large storage reservoirs for salt water and with the heights entirely surrounding our city for the location of subsidiary reservoirs a most perfect system of sewer flushing ever inaugurated could be installed.

The salt water could be pumped from the ocean and turned into our sewers at an expense, which in comparison to the vast benefits achieved, would be unimportant. The sanitary condition of our city would be incomparably improved and our death rate remarkably lessened.

The second feature of this improvement would furnish a protection against fire throughout our city, which the new auxiliary system furnishes to certain localities. Instead of storage in cisterns the sewers, with the addition of adjustable gates, would become salt water mains, conveying unlimited quantities of water.

Our past experience has taught us a lesson, and if history should repeat itself to us or to our descendants, let us see to it that the utilization of natural advantages by intelligent action shall be equal to all emergencies.

I would therefore recommend that this important matter receive your attention.

GREATER SAN FRANCISCO.

In the near future I shall suggest to your honorable body a plan for the expansion of our city by the proposed annexation of contiguous territory south of our city and county.

It embraces a portion of San Mateo county, where railroads, both steam and interurban electric, furnish rapid transit and links the district with our city. Industrially and commercially such annexation will, in my opinion, result in tremendous benefit to both sections.

THE PUBLIC SCHOOLS.

Realizing that our school system must produce the city's future citizenship, and that the intellectual and moral growth of the community must find its root in the classroom, I earnestly intend to devote the greatest care and attention to a practical and proper upbuilding of the San Francisco School Department. In order

that the very best results may be obtained, I ask for the sincere and unselfish co-operation of public officials, teachers and parents in the work. There is much to be done. The calamity of 1906 compelled the use of many temporary shack buildings which are now wholly unfit for the use of pupils, and which should be supplanted by proper school buildings at the earliest possible moment. The task of erecting the new school buildings provided for by bond issue, must be pressed forward with all energy, and in accomplishing this work we will not alone benefit the child in school, but we will be able to use the money realized from bond sales, and now lying idle, thereby receiving the benefit of this money on which we are paying interest, and affording employment to a large number of workmen. I desire to see our teachers well paid, appreciating as I do that their lives are dedicated to the work they have in hand—a work that means more to the safety of the nation than the construction of fleets or the maintenance of an army. I am determined to encourage the school department to the fullest extent of my ability, enlarging the scope of activity in every branch of work entrusted to the hands of the Board of Education, and doing everything possible within the law to provide the best facilities for the child in the classroom.

OUTSIDE DISTRICTS.

The normal expansion of any city is first indicated by the manner in which its outside, or outlying districts, develop and sustain themselves. I have never believed, and I do not now believe, that these pioneers in a city's growth should be left to receive a full measure of public improvements and benefits only when the same can be no longer withheld. I believe in giving to these districts those public improvements necessary to the health, comfort and commercial advantage of the citizens therein, and in giving them quickly. I therefore declare it to be my intention to carefully look after the needs of these remote sections and to assist in securing needed facilities wherever funds actually exist to provide the same. The outlying district, in its development, materially advances the value of property in the more central location, by its very existence, and it therefore deserves our prompt recognition and aid. It shall be my aim, and I shall ask those public officers who may be concerned in the work to join me in the undertaking, to secure for the outlying districts at as early a date as possible the betterments needed, and for which the city may be in a position to pay.

WEST OF POWELL STREET.

Assuming that every citizen of San Francisco, who has pride in the city's well-being and growth, is sincerely anxious to see that the barren and vacant territory known as the "West of Powell Street Section" is rebuilt, I look to those who may be vested with authority to assist me in bringing about a reasonable adjustment of affairs whereby property owners in that locality shall be induced, quickly and without uncertainty, to improve their holdings.

That the very heart of San Francisco should repose in idleness as a barren area which alone remains to remind us of the calamity of 1906, is a matter deeply to be deplored. There is a safe and sound basis upon which the people owning property in this seemingly forbidden section may proceed with the erection of fine buildings, any one of which will immediately attract its quota of permanent tenants and in the end bring back from Oakland and our sister cities about the bay thousands upon thousands of persons who once lived in the West of Powell Street locality.

Even as I pledged myself in the recent campaign, I am prepared now to enter upon a consideration of this subject, with the positive end in view of making it an inducement for property owners to build up this district without delay, and I propose to achieve this without unwisely modifying any regulation which might once have been framed for insuring greater fire protection.

STREETS AND SEWERS.

The importance of good streets and sewers to any city that aims to be attractive to the visitor and pleasant for the resident citizen, cannot be overestimated and is fully realized by me. I intend to provide every foot of pavement and sewer that the revenues of the city will justify, and I shall insist upon a prompt and efficient vindication of all contracts in this connection. I urge those public officials whose duty it may be to look after our streets and sewers to persistently investigate our greatest needs in this regard, and to afford all relief from existing evil conditions that may be physically possible.

PARKS AND BOULEVARDS.

Even as the public playground is, in this modern day, a positive essential to the well being of the child, so is the park and the boulevard absolutely necessary to the well being of the people as a whole. I shall help the park and boulevard project all I am able, so far as the same may be covered by appropriation, prosecuting all work

with vigor. I am anxious to see that the Sloat boulevard is extended from Baden to the city proper by way of San Bruno road, and that the Ingleside and Onondaga boulevards are extended along Russian avenue to the San Bruno road. I am determined to see Nineteenth avenue improved, and believe the same will be a boon to that section of the city. We must establish parks in the Mission west of College Hill, and likewise in South San Francisco, Bay View, Richmond and the Potrero. I shall expect the fullest co-operation of the city officials charged with the responsibility of this work, in achieving these distinct public improvements.

MUNICIPAL BAND.

Patterning after many great cities where the experiment has been tried with eminent success, I intend to work for the early establishment of a municipal band which shall dispense music in the public parks at regular intervals, and give the people in all sections of the city genuine musical treats during all seasons of the year. For the very little money that this will cost the return in genuine and beneficial pleasure to the people is a ten-fold reward. The band will prove an inspiration and an education, and a universal boon to our men, women and children in this pleasure-loving city.

AUDITORIUM.

The erection of an appropriate auditorium or convention hall in this city is of vast importance to us, and must be speedily accomplished. The city of Milwaukee, with a vast Exposition building, but without the physical and geographical charms of our own metropolis, has earned fame as the greatest convention city in the world. Thousands of visitors and millions of dollars in money are brought to the city each year by reason of this ability to handle large conventions and assemblages. What has been possible for Milwaukee, will be even more distinctly successful here, and it behooves us, both for commercial and fraternal reasons, to provide in the near future an auditorium that will be a credit to the city and attract tens of thousands of people to our gates.

NEW CITY HALL.

For the safe, effective and business-like conduct of all public offices, it is positively essential that a temporary City Hall be erected, to serve until a permanent structure can be built under bond issue, and in which to properly assemble the various departments of the city government under one roof. A business house conducted on sensible lines would not think of scattering its departments about a city; no

more should the municipality itself. A saving of \$100,000 annually, now being paid out for rentals, will be at once effected, the wisdom of erecting this temporary City Hall thereupon being easily apparent.

PUBLIC CONTRACTS.

An evil to be dealt with, in behalf of the people as a whole, is the unreasonable and unbusinesslike delays now permitted on the part of the average contractor in discharging his bonded contract to the city. A private owner would not tolerate persistent lapses on the part of a contractor, for it means a loss of both time and money. I shall insist on all contracts with the city being fulfilled and wholly vindicated within the time limit agreed upon in the contract, unless conditions over which the contractor has no control might, in exceptional instances, be shown to exist. As an example of the loss to the city which a too great laxity with contractors brings about I will call your attention to the delay attending the erection of the Hall of Justice and County Jail. No contractor should undertake to carry out a contract which he knows he cannot handle. Time delays mean money lost to the city, and, therefore, extensions of time to procrastinating contractors must cease. I invite the attention of the proper public officers to this important matter.

GEARY STREET RAILWAY.

The people having emphatically expressed their desire regarding the operation by the city of the Geary street railway, it becomes the plain duty of the civic authorities to proceed without delay to transform the line into an efficient and up-to-date system that will redound credit to the municipality. As an example of what a public utility ought to be, the opportunity presents itself in the speedy construction and equipment of the Geary street railway to demonstrate the feasibility of a traction line built and operated by the people themselves.

Since the people have so distinctly made known their preference in the matter of acquiring this public utility, the responsibility for a careful, economical and suitable installation of the same falls upon the servants of the public in office. The operation of this line will prove a comfort and benefit to the traveling public, and work of construction must be of the very latest and most approved type, enabling us thereby to acquire a traction line that will remain as an ornament to the city and a vindication of the theory of municipal ownership. I ask your sincere co-operation in the task of establishing this municipal

railway at the earliest practical moment, and I promise you my untiring support in the general undertaking of completing the work properly and satisfactorily.

CONDUCT OF PUBLIC OFFICES.

The offices and departments of any city government should be conducted upon a sound business basis, and very much like the departments of a large and prosperous mercantile house. The wants and needs of the citizen, taxpayer and the merchant who may have dealings with the various branches of the city government should be of primary consideration, and their convenience and legal rights should be first considered and subserved.

I want to see a businesslike and practical system of operation in vogue in every department, with the interests of the municipality safeguarded to the last degree, and with the component parts of the great civic organization working smoothly, in full harmony and accord. There must be a comprehensive and unimpeachable system of public accounting, so that the people may know how the affairs of government are actually conducted, and a uniform spirit of courtesy among all municipal employees, when dealing with the public, which will dispel the suspicion of arrogance and make the public feel that it is not an unpleasant nor an unsatisfactory thing to transact business with the city and her authorized agents.

THE MISSION VIADUCT.

There can be no question but that the need for the Mission viaduct has become a stern and pressing one. I have treated of this subject much in the past, but I wish at this time to invite your attention to the hourly increasing necessity for this public improvement in the Mission district, and to ask your prompt co-operation in the effort to make of the viaduct project an early reality.

So rapidly indeed is the city expanding that the district tapped by this projected viaduct will be immeasurably aided if we can but acquire the viaduct at an early date. I leave this suggestion in your minds as a most important matter which we must soon take up for disposition.

LOWER MARKET STREET.

The Sutter street car line must, in some manner and under fair and reasonable circumstances, be operated through to the ferry building and the unsightly bob-tailed street car of antiquated days, which now offends the traveler in lower Market street, abandoned.

The demand on the part of the people that this line run through to the

ferry building is universal and is based upon common sense. It is absurd, where tracks are laid and in readiness, to establish an electric terminus at Sutter and Market streets and inaugurate a silly horse car system from that point to the real destination, or point of departure, the ferry. I ask your support in the work of extending this line through to its logical goal, under conditions that are absolutely fair and advantageous to the city, whatever those conditions may prove to be.

HOME INDUSTRY.

I am convinced that I take no issue with a single citizen of this city when I proclaim the absolute importance of fostering and sustaining our home industries as against the industries of other and far distant parts. Whatever money we have to spend for public improvements, or in the public interest, should be spent so far as may be possible in San Francisco. After all, it is the money of the taxpayers that goes to pay for the maintenance of the government, and surely these citizens are then entitled, all things being equal, to the added benefit of having their own money circulated in their own community. I urge upon you the policy of favoring home industry wherever opportunity presents, and I say to you now that I shall devote my best efforts in discharging my official duties to follow out this policy to the letter.

The manufacturer or merchant who has money invested in San Francisco is of more concern to us than establishments in the east, north or south. Our working people and merchants depend upon our industries here for their degree of prosperity, and we are therefore serving all interests when we patronize our own industries, to the exclusion of all others.

Should the city find itself in a plight where some necessary article is not produced in or about this city we have no option then but to seek that article wherever it may be found; but under ordinary circumstances I am unalterably opposed to sending our money elsewhere if the same may be spent here in procuring for the municipality whatever may be needed. In following out this policy, I earnestly ask your support and careful co-operation.

WAGES AND SALARIES.

I am a firm believer in the theory that every man is worthy of his hire. I do not believe that a municipality should expect to receive faithful and expert services for a very small compensation, any more than would a business establishment shrewdly managed. I am in favor, therefore, of paying to public servants, in whatsoever capacity they may serve, the maximum wage or

salary that may be allowed under the law, seeing to it that a fair living wage is vouchsafed to every man or woman in the public service.

It will be the policy of the present administration and the pursuit of this policy will be my especial care, so to adjust the salaries of municipal employees that those whose pay has been raised to a standard in excess of the service rendered shall have their pay fixed in accordance with the work performed by them. Salaries that have been inflated must be brought back to a proper level, and wages that have been unreasonably reduced in order to allow of such advances must be raised and restored so that the employees involved may receive a full measure of the reward due them.

BONDED INDEBTEDNESS AND WATER SUPPLY.

The bonded indebtedness of the city at the present time, including bonds authorized, sold and unsold, including the Geary street railway, is \$27,289,000.

There are questions now pending which will require the action of our citizens on Friday next, January 14, 1910, and if these questions are not treated in a careful and intelligent manner they will involve the city in endless litigation and retard for many years to come the general and sectional improvements of which our city is in great need, as well as the rehabilitation of our City Hall.

Section 9 of Article XII of the charter provides: "No indebtedness shall be incurred for the acquisition of any public utility under the provisions of this article, which together with the existing bonded indebtedness of the city and county, shall exceed at any one time fifteen per centum of the assessed value of all real and personal property in the city and county."

The assessed valuation of all real and personal property in the City and County of San Francisco for the year 1909-1910 is \$492,867,039, and fifteen per cent of that amount is \$73,930,000.

Therefore if our bonded indebtedness incurred shall exceed the amount of \$73,930,000, such action shall be void. The seriousness of the situation becomes manifest in this. The bonded indebtedness to be incurred relates to a water supply. For several years the city has been endeavoring to acquire a supply from the Sierra Mountains and the present question relates to that supply. Should the city at this time decline to avail itself of this bountiful supply of pure mountain water it is questionable when the opportunity will again, if ever, present itself. Our National Government has extended certain privileges, grants and rights to the City and County of San Francisco

conditioned upon the citizens of San Francisco expressing their approval by the adoption of this bond issue on or before January 20, 1910. If the city does not avail itself of this supply at this time, then the aforesaid rights and privileges will expire by limitation.

This is now and was at the time of the holding of the recent election, the status of the Hetch-Hetchy water question. Immediately following the election, the Spring Valley Water Company, realizing the impending danger to a hitherto uninterrupted reign of successful domination of municipal administrations, took immediate steps, with the co-operation of a friendly outgoing administration, to have the question of the purchase of the Spring Valley plant in the sum of \$35,000,000 presented to the people for their action.

The question has been so arranged that in its presentation to the voters it is not alone an alternative proposition, but both an alternative and combined proposition. The Spring Valley Company is aware that our people will demand the Hetch-Hetchy plan, and have so arranged it that if Hetch-Hetchy is carried and Spring Valley as well, the Spring Valley proposition carries with it a portion of the Hetch-Hetchy plan. Herein lies the danger. If the Hetch-Hetchy plan is adopted in the sum of \$45,000,000, this sum added to the present bonded indebtedness of \$27,289,000, will amount to \$72,289,000, or \$1,611,000 less than the limit of bonded indebtedness. If the Hetch-Hetchy plan is adopted and also the Spring Valley proposition is adopted in the sum of \$35,000,000, then only \$23,000,000 of the Hetch-Hetchy will be incurred, making a total of \$58,000,000 for both. This latter sum, added to the present bonded indebtedness in the sum of \$27,289,000, will make a grand total of \$85,289,000, or \$11,389,000 more than the charter limitation of \$73,930,000, and will render the bond issue void. This would in effect destroy all chances of acquiring the Hetch-Hetchy and foist upon the city the Spring Valley plant, without one dollar for necessary extensions and no means with which to get them.

An abundant supply of pure mountain water is one of the most valuable attributes of any municipality. As cities are built, the quickest means of acquiring a water supply to meet immediate and pressing demands are embraced. Once had and the want satisfied, it is a matter of tremendous effort and long delay to change from the established supply and acquire a new one, particularly so when the source of supply is removed hundreds of miles from the place of consumption. Owing

to the settled areas adjacent to our coast cities and towns, the watersheds are used for pasturage of stock and other purposes which absolutely preclude a supply of pure, unpolluted water.

As cities grow, however, greater volume becomes necessary and the sanitary welfare of the people demands the acquisition of a supply of the greatest purity if the same is available. This is the situation in which San Francisco finds herself today. She has grown beyond the capacity of the present Spring Valley supply. The city's wants demand extensions of that system for both supply and necessary pressure.

This extension the company has not given us and many of our citizens domiciled in the newly opened outlying districts are without water.

The Spring Valley system under municipal ownership, with its inadequate, decayed and antiquated distributing plant, must derive its income from the sale of water in order to provide sufficient moneys to defray the expenses of operation, extension and improvement.

To this may be added the sum of \$192,000 paid for water for municipal purposes, which is the amount of money today expended out of the general fund for the service specified. Again, there may be added to the total sum the amount of taxes now paid by the Spring Valley Water Company to this and to other counties, amounting in all to over \$430,000 annually. The charter provides that nothing shall be charged to the city by a public utility owned by the city, and as a result thereof every dollar of this great sum must come from the rate payer.

A new distributing plant to augment the present system must be provided out of the pockets of the consumer at a cost of many millions of dollars. A full consideration of all the facts and circumstances point strongly to the probability that the acquirement of the Spring Valley system would mean an advance in the already too high water rate of from 40 to 50 per cent. This unhappy condition and prospect comes to us as a heritage from the outgoing administration.

Fortunately for San Francisco, on the other hand, there is available at this time and for all time to come a source of supply to be had in the Hetch-Hetchy Valley, which guarantees an abundance of pure mountain water constantly flowing from the melting snow upon the mountains of the Sierra Range.

This priceless commodity is within our grasp, and it but remains for our citizens to so express their desires by going to the polls next Friday, the 14th

instant, and voting for Hetch-Hetchy (Proposition No. 1) and against Spring Valley (Proposition No. 2).

I would, therefore, recommend that your honorable body take such action as will suggest to the citizens of San Francisco the advisability of adopting this measure for the acquisition of the Hetch-Hetchy water supply and the rejection of Spring Valley.

CONCLUSION.

In conclusion, I want the unselfish and cordial support of every public officer and employee, and I want rendered in the interests of the municipality the very best service of which such officer or employee may be capable. I would like to have every citizen do his part in the work that is to advance and develop this city, and to know that at all times he is welcome at the office of the Mayor if he has a complaint to make or a legitimate idea to submit for the public interest. I shall endeavor, as I see the light, to redeem every pledge I have made to the people, and in this task I am obliged to depend for success upon you, gentlemen, as upon all public employees and the sound citizenship of the community.

We have a great city to rebuild and big and beneficial projects to carry out. This will call into play all the manhood, stability, firmness of character and patience of which we are capable. To the upbuilding and advancement of our city, then, I hereby dedicate my zealous and painstaking care, and I call upon you, gentlemen, as upon all other public officials and employees, to aid me in achieving a creditable management of the affairs of this municipality, to the end that the people entrusting us with this vast responsibility shall be gratified with the accounting we finally render to them.

I wish you well upon this, the launching of your official activities, and I ask you to depend upon me for co-operation and aid in any good work, even as I shall depend and rely upon you. I shall sustain every public employee who is in the right, and I shall unhesitatingly eliminate any public servant whom I am convinced is in the wrong. With our shoulders to the wheel, let us enter upon our task with mutual confidence and good feeling and work out for our municipality a future that will make of San Francisco a city to be envied by the greatest cities of the world.

ADJOURNMENT.

Urging Voters to Support both Propositions in Municipal Election for Acquisition of Water Supply to be Held on January 14, 1910.

Whereas, The acquisition of Public Utilities by the City of San Francisco has become a cardinal part of its political faith, embodied in its charter and accepted by its citizens generally; and

Whereas, An opportunity is presented to immediately acquire the public

utility obviously first in importance—that supplying, or to supply, an abundance of pure water; and

Whereas, As presented to the public, opportunity is afforded to obtain a supply for present needs, and also to secure future rights of inestimable value; and

Whereas, The voters are called upon to vote for or against two distinct propositions, one to secure a supply for future requirements and the other to acquire an existing supply; and

Whereas, The Board of Supervisors is advised by lawyers of the highest standing, that the amount of the bonds required for both projects is well within the bonding capacity of the city as fixed in the Charter; and

Whereas, The purchase of the property of the Spring Valley Water Company will be of great advantage—

1. In ridding the city of a constant source of controversy, litigation and complaint, and insuring to its citizens good service,

2. Giving the city a successful going business with receipts that will unquestionably meet the interest on the bonds, without increase of rates,

3. In enabling the city at a small expenditure to increase the supply to meet present needs in the outlying districts, and to provide for the increased demand sure to exist long before water can be brought from the Sierra—a demand which can be met in no other way,

4. In giving the city commodious, natural reservoirs near at hand where in a three years' supply may be impounded always available for dry years or other emergencies,

5. In rendering available the city reservoirs and present distributing system, thereby avoiding the tearing up of all our streets and the making of new connections with every building in the city; therefore be it

Resolved, That the voters of the city be urged to vote at the election to be held on January 14th for Proposition No. 1 and for Proposition No. 2, to the end that San Francisco may secure a complete and adequate water supply both for the present and the future.

Relative to the Purchase of Site for the Municipal Garbage Incinerator Plant.

Supervisor Murdock obtained the floor on a question of personal privilege and stated that while he was in accord with the suggestions made by the Mayor in his message and would help to carry them out, he felt called upon to explain a transaction of the committee of which he was a member on the old Board. He, thereupon, reviewed the proceedings in the matter of the purchase of the plant of the Sanitary Reduction Works, and stated that secrecy was necessary in the purchase of property for the City, otherwise those who had property to sell would demand exorbitant prices and condemnatory proceedings would be necessary. He extolled ex-Supervisor Payot, whom, he stated, he had known for forty years, declaring that he always acted in the best of faith and in the City's interest.

He stated further that there was nothing underhanded in the transaction and Mr. Payot's action was approved by the Committee.

Whereupon, his Honor the Mayor declared that the matter would be investigated by the Finance Committee of the present Board.

Relative to the Housing of Municipal Departments in a Temporary City Hall.

His Honor the Mayor called attention to the fact that the municipal departments were scattered all over the city to the great inconvenience of the public and were paying exorbitant rents. He

requested that the Buildings and Finance Committees take the matter up at once and present a report at the next meeting of the Board, or at the latest at the meeting following that, suggesting some scheme for the construction of a temporary City Hall whereby such heavy expenses would be saved the city.

ADJOURNMENT.

There being no further business, the Board at the hour of 5:10 p. m. o'clock, adjourned.

W. R. HAGERTY, Clerk.

Approved by the Board of Supervisors Monday, January 17, 1910.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, W. R. Hagerty, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated, and approved as above recited.

Declaring Result of Geary Street Bond Election.

On motion of Supervisor Pugh:

Resolution No. 5198 (New Series), as follows:

Declaring the result of special election held on the 30th day of December, 1909, for the purpose of authorizing the incurring of bonded indebtedness to the amount of \$2,620,000 for the purpose of constructing a street railway upon Geary and other streets in the City and County of San Francisco.

Whereas, Pursuant to the provisions of Ordinance No. 961 (New Series), calling a special election, and Ordinance No. 979 (New Series), giving notice of the same, a special election was held in the City and County of San Francisco, State of California, on the 30th day of December, 1909, whereat was submitted and determined by the qualified voters of said City and County, two propositions to incur a bonded indebtedness of said City and County for the purposes and for the several amounts set forth as follows, to wit:

Proposition One. To incur a bonded indebtedness by the City and County of San Francisco to the amount of \$1,500,000 for the purpose of constructing a street railway over and along Geary street from Market street to Point Lobos avenue, Point Lobos avenue from Geary street to Cliff avenue, Cliff avenue from Point Lobos avenue to a convenient terminal near the Ocean; Tenth avenue from Point Lobos avenue to Golden Gate Park.

Proposition Two. To incur a bonded indebtedness by the City and County of San Francisco to the amount of one hundred and twenty thousand dollars for the purpose of constructing a street railway over and along Market street from Geary street to East street and upon East street to the Ferry Building.

Whereas, Said election was held and conducted in form and manner and in every respect as required by law, and the returns thereof canvassed, and the result thereof determined and declared as required by law; and

Whereas, The Board of Election Commissioners of said City and County

filed on January 6, 1910, in the office of the Clerk of the Board of Supervisors, its certificate showing the facts above recited, and setting forth in detail the total number of votes cast at such election and the number of votes cast and counted for and against respectively, each and both of the aforesaid propositions thereat submitted, now therefore be it

Resolved, By the Board of Supervisors as follows:

1. It is hereby declared that the special election held on the 30th day of December, 1909, was held and conducted, and the votes cast and counted thereat, and the returns thereof made and the result thereof determined and declared, in all respects, and in time, form and manner as required by the laws of the State of California and the Charter and Ordinances of the City and County of San Francisco.

2. It is hereby declared that the total number of votes cast at said special election was 43,189.

3. It is hereby declared that of the vote so cast 31,151 votes were cast and counted as being in favor of Proposition Number One, and that 11,764 votes were cast and counted as being against and not in favor of Proposition Number One, to incur a bonded indebtedness by the City and County of San Francisco to the amount of \$1,900,000 for the purpose of the acquisition, construction and completion of a street railway over and along Geary street from Market street to Point Lobos avenue, Point Lobos avenue from Geary street to Cliff avenue, Cliff avenue from Point Lobos avenue to a convenient terminal near the Ocean; Tenth avenue, from Point Lobos avenue to Golden Gate Park.

4. It is hereby declared that of the votes so cast, 39,869 votes were cast and counted as being in favor of and 11,613 votes were cast and counted as not being in favor of Proposition Two, to incur a bonded indebtedness by the City and County of San Francisco to the amount of \$120,000 for the purpose of the acquisition, construction and completion of a street railway over and along Market street from Geary street to East street, and upon East street to the Ferry Building.

5. It is hereby declared and determined that more than two-thirds of all of the votes cast at said special election were cast and counted as being in favor of both of said propositions one and two, and were sufficient to authorize and did authorize the incurring of a bonded indebtedness to the amount of and for the purposes stated in said propositions.

Provided that said permittee shall execute and file a good and sufficient bond in the sum of \$25,000, as fixed by the Board of Public Works and approved by his Honor, the Mayor, in accordance with Ordinance No. 1204; provided also that said blasts shall be exploded only between the hours of 7 a. m. and 6 p. m., and that said blasting shall be performed to the satisfaction and under the supervision of the Board of Public Works, and if any of the conditions of this Resolution be violated by the said Contra Costa Construction Company, then the privilege and all rights accruing thereunder shall immediately become null and void.

Extension of Time, Street Work.

Also, Resolution No. — (New Series), Granting J. J. Harney an extension of thirty days' time from and

after January 16, 1910, within which to complete the contract for the construction of artificial stone sidewalks on Lombard street, between Octavia and Fillmore streets.

This extension of time is granted upon recommendation of the Board of Public Works, filed January 4, 1910, for the reason that the work has been delayed on account of the construction of a bond issue sewer in front of the premises.

Adopted.

The following Resolutions were adopted:

Fixing February 14, 1910, as Time for Hearing Appeal of Property Owners Against Street Assessment for Construction of Sewer in Twenty-first Street Between Collingwood Street and Center Line of Castro Street.

On motion of Supervisor McLaughlin:

Resolution No. 5200 (New Series), as follows:

Whereas, The property owners feeling aggrieved at the assessment issued to D. J. O'Connor as assignee of A. L. Bragg on October 28, 1909, by the Board of Public Works, for the work of constructing a sewer in Twenty-first street, between Collingwood street and the center line of Castro street, appeal from the assessment warrant and diagram for the reason that the contractor in doing the work, injured the property of the adjacent property owners, that through inadvertence, mistake and surprise, said A. L. Bragg had said work accepted on October 27, 1909, now therefor

Resolved, That Monday, February 14, 1910, at the hour of 3:00 p. m. the Chambers of the Board of Supervisors, No. 70 Eddy street, be fixed as the time and place for hearing the appeal of said property owners from said assessment warrant and diagram.

Ayes—Supervisors Bancroft, Cutten, Deasy, Harris, Hayden, Healy, Herget, Hooks, Kelly, Knowles, Loughery, McLaughlin, Mincham, Murdock, Nelson, O'Dowd, Pugh, Walsh—18.

Fixing Monday, February 28, 1910, as Time for Hearing Appeal of Property Owners Against Assessment for Grading Eighth Avenue Between K & L Streets.

Also, Resolution No. 5201 (New Series), as follows:

Whereas, The property owners feeling aggrieved at the assessment issued to Peter McHugh on November 23, 1909, recorded in Vol. 3 of Assessment Records, at page 30, for the work of grading the roadway of Eighth avenue, between K and L streets, appeal from the assessment for the reason that the said assessment has not been proportionately levied on the property

liable for said work by the Board of Public Works.

That the property on one-half of the said block has been purposely omitted by the said Board, and the burden of said grading unjustly levied on the other half. Under Section 9 of Article VI, Chapter II, the said assessment should be made on the lands within the entire block. No portion of the said grading in the said block has heretofore been officially done, and no credit for any work has ever been recorded for any lots in the said block; now therefore

Resolved, That Monday, February 28, 1910, at the hour of 3:00 p. m. in the Chambers of the Board of Supervisors, No. 70 Eddy street, be fixed as the time and place for hearing the appeal of said property owners from said assessment.

Ayes—Supervisors Bancroft, Cutten, Deasy, Harris, Hayden, Healy, Herget, Hooks, Kelly, Knowles, Loughery, McLaughlin, Mincham, Murdock, Nelson, O'Dowd, Pugh, Walsh—18.

Repealing Resolution No. 4845, Declaring Intention to Change Grades on Forty-fourth Avenue at Crossing of Cabrillo Street and on Forty-fourth Avenue Between Cabrillo and Fulton Streets.

Also, Resolution No. 5202 (New Series), as follows:

Whereas, Mary C. Ryan did on the sixteenth day of December, 1909, file a protest against the proposed change of grade on Forty-fourth avenue, between Fulton and Cabrillo (formerly C street) streets, now therefore

Resolved, That Resolution No. 4845 (New Series), approved November 27, 1909, that grades on Forty-fourth avenue at the crossing of Cabrillo street, and on Forty-fourth avenue, between Cabrillo and Fulton streets, be changed and established in accordance with the written recommendation of the Board of Public Works, filed November 12, 1909, be and the same is hereby repealed.

Referred.

Supervisor Murdock introduced the following Resolution which was on his motion ordered *referred to the Printing Committee*:

Relative to Rates for Printing Briefs and Transcripts.

Resolution No. — (New Series), as follows:

Whereas, It appears that the action of a previous Board of Supervisors in fixing, many years ago, the price of 90 cents per page as a fair rate to be paid for the printing of briefs and transcripts required by the City and County, is taken as a precedent for the payment of that sum in exceptional cases, where the record reaches even 12,000 pages; and,

Whereas, By decision of the Supreme Court, the Board of Supervisors is given no discretion in the matter, but must pay the bills incurred by the County Clerk or other official ordering the work regardless of the rate or amount; and,

Whereas, The practice prevailing defeats the Charter provision for competition in the purchase of supplies and subjects the City to the danger of paying excessive rates for the legal printing; therefore, be it

Resolved, That all public officials be asked to waive their legal right to contract for such printing, and to make requisition on the Board of Supervisors that it may be secured under the competition provided for in the Charter; be it further

Resolved, That all officials be notified that in the judgment of the Board of Supervisors 80 cents per page is a reasonable rate for all briefs and transcripts in excess of fifty pages in length, and that no larger sum will be allowed by the Board.

Adopted.

The following Resolution was introduced under suspension of the rules and *adopted*:

Appointment of Stenographer for Rates Investigations.

On motion of Supervisor Nelson:

Resolution No. 5250 (New Series), as follows:

Resolved, That Austin Arnold be and is hereby appointed official stenographer of the Board of Supervisors for the purpose of taking down and transcribing testimony given in the investigations to be held by said Board in the month of February, 1910, preliminary to the establishment of water, heat, light and power and telephone rates.

In accordance with Ordinance heretofore adopted by the Board of Supervisors, the compensation of said stenographer is hereby fixed in the sum of \$8.00 per day for each day of service while in attendance at sittings of the

Board, and the sum of 15 cents per folio for original transcriptions and 10 cents per folio for additional copies of transcription.

REMOVALS OF POLICE COMMISSIONERS A. D. CUTLER, FREDERICK G. SANBORN AND JOS. H. LEGGETT.

The following communications from His Honor the Mayor were presented, read, ordered spread at length in Journal and filed:

To the Honorable Board of Supervisors of the City and County of San Francisco.

You are hereby notified that I have this day removed and do hereby remove from office A. D. Cutler, Police Commissioner, of the City and County of San Francisco, and that such removal was made for cause, and among other things the following causes are specified as grounds for such removal:

That the said A. D. Cutler was guilty, as such Police Commissioner, of the approving of the illegal payment of funds from the treasury of the said City and County, well knowing the same to be illegal and without authority of law.

That among other things the said A. D. Cutler did approve the raising of the salary of the Secretary of the Police Commission from the amount fixed by the Charter of said City and County, to-wit: the sum of Fifteen Hundred Dollars (\$1500) per annum

to the sum of Twenty-four Hundred Dollars (\$2400) per annum, and that he did approve of the payment of such increase to the said Secretary of the Police Commission.

That the said acts were performed by the said A. D. Cutler as Police Commissioner of the said City and County, well knowing the same to be illegal and without authority of law.

IN WITNESS WHEREOF, I have hereby set my hand and caused the seal of the City and County of San Francisco to be affixed in duplicate this 27th day of January, One Thousand Nine Hundred and Ten.

(Seal) P. H. McCARTHY.

As Mayor of the City and County of San Francisco, State of California.

Attest:

E. C. LEFFINGWELL, Secretary.

To the Honorable Board of Supervisors of the City and County of San Francisco.

You are hereby notified that I have this day removed and do hereby remove from office Jos. H. Leggett, Police Commissioner of the City and County of San Francisco, and that such removal was made for cause, and among other things the following causes are specified as grounds for removal:

That the said Jos. H. Leggett was guilty as such Police Commissioner of approving of the illegal payment of funds from the treasury of the City and County of San Francisco, well knowing the same to be illegal and without any authority of law.

That among other things the said Jos. H. Leggett did approve of the raising of the salary of the Secretary of the Police Commission from the amount fixed by the charter of the City and County of San Francisco, to-wit: the sum of Fifteen Hundred Dollars (\$1500) per annum to the sum of Twenty-four Hundred Dollars (\$2400) per annum, and that he did approve of the payment of such increase to the said Secretary of the Police Commission.

That the said acts were performed by the said Jos. H. Leggett as Police Commissioner of the said City and County well knowing that the same

were illegal and without any authority of law.

IN WITNESS WHEREOF, I have set my hand and caused the seal of the City and County of San Francisco to be affixed in duplicate this 27th day of January, One Thousand Nine Hundred and Ten.

(Seal) P. M. McCARTHY,

As Mayor of the City and County of San Francisco, State of California.

Attest:

E. C. LEFFINGWELL, Secretary.

To the Honorable Board of Supervisors of the City and County of San Francisco.

You are hereby notified that I have this day removed and do hereby remove from office Frederick G. Sanborn, Police Commissioner of the City and County of San Francisco, and that such removal was made for cause, and, among other things, the following causes are specified as grounds for removal:

That the said Frederick G. Sanborn was guilty as such Police Commissioner of approving of the illegal payment of funds from the treasury of the said City and County, well knowing the same to be illegal and without any authority of law.

That among other things the said Frederick G. Sanborn did approve the raising of the salary of the Secretary of the Police Commission from the amount fixed by the charter of the City and County of San Francisco, to-wit: the sum of Fifteen Hundred Dollars (\$1500) per annum to the sum of Twenty-four Hundred Hundred Dollars (\$2400) per annum, and that he did approve of the payment of such increase to the said Secretary of the Police Commission.

That the said acts were performed by the said Frederick G. Sanborn as Police Commissioner of the said City and County, well knowing that the same were illegal and without authority of law.

IN WITNESS WHEREOF, I have set my hand and caused the seal of the City and County of San Francisco to be affixed in duplicate this 27th day of January, One Thousand Nine Hundred and Ten.

REMOVALS OF CIVIL SERVICE COMMISSIONERS MATTHEW BRADY AND S. G. KELLOGG.

To the Honorable, the Board of Supervisors of the City and County of San Francisco, State of California.

Gentlemen: In accordance with the provisions of the Charter of the City

and County of San Francisco, State of California, I have this day removed and do hereby remove for cause Matthew Brady from the office of Civil Service Commissioner of the City and County of San Francisco.

Among the causes for such removal are, general incompetency, neglect of duty and incompetency and undue laxity in the holding of examinations.

IN WITNESS WHEREOF, I have herewith set my hand and affixed my official seal at my office in the City and County of San Francisco, State of California, this 31st day of January, A. D. 1910.

(Seal) P. H. McCARTHY,

Mayor of the City and County of San Francisco, State of California.

Attest:

E. C. LEFFINGWELL, Secretary to the Mayor.

To the Honorable, the Board of Supervisors of the City and County of San Francisco, State of California.

Gentlemen: In accordance with the provisions of the Charter of the City and County of San Francisco, State of California, I have this day removed and do hereby remove for cause Sheldon G. Kellogg from the office of Civil Service Commissioner of the City and County of San Francisco.

Among the causes for such removal are, general incompetency, neglect of duty and incompetency and undue laxity in the holding of examinations.

IN WITNESS WHEREOF, I have herewith set my hand and affixed my official seal at my office in the City and County of San Francisco, State of California, this 31st day of January, A. D. 1910.

(Seal) P. H. McCARTHY,

Mayor of the City and County of San Francisco, State of California.

Attest:

E. C. LEFFINGWELL, Secretary to the Mayor.

REMOVALS OF PARK COMMISSIONERS JOHN LANDERS, F. W. DOHRMANN AND H. U. BRANDENSTEIN.

To the Honorable Board of Supervisors of the City and County of San Francisco, State of California.

Gentlemen: In accordance with the provisions of the Charter of the City and County of San Francisco, I have this day removed and do hereby remove for cause John Landers from the office of Park Commissioner of the City and County of San Francisco.

Among the causes for such removal are general incompetency, neglect of duty, extravagant use of public funds and unbusinesslike management of the affairs of his said office, in that, among other things:

First—The said John Landers wilfully, unlawfully and in violation of

the provisions of the said Charter, acquiesced in and approved of the expenditure of the sum of \$1950.00 for the purchase of an automobile for the use of the Superintendent of Golden Gate Park, without advertising for bids therefor, as provided by law.

Second—Although the people of the City and County of San Francisco have furnished to the Park Commission a lodge or administration building in Golden Gate Park, at a cost of about \$55,000.00, in which said building it was intended by the said people that said Park Commission should meet and conduct its official business, the said John Landers, as a member of the said Park Commission, has continuously and successively acquiesced in and approved of the extravagant, unwarranted and unnecessary expenditure of the sum of \$75.00 a month for the rent of offices in the Mills Building for the use of the said Park Commission.

Third—The said John Landers, as a member of the said Park Commission, has acquiesced in and approved of the employment of one, William Dolge, a resident of the County of Alameda, and the payment to him of a salary of \$19.00 a day for services performed by him in experting the books of the said Park Commission when in truth and in fact said books should have been experted under the supervision of the Finance Committee of the Board of Supervisors, the law not contemplating that a public officer should supervise and control the experting of his own books, all of which the said John Landers then and there well knew.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal at my office in the City and County of San Francisco, State of California, this 31st day of January, A. D. 1910.

(Seal) P. H. McCARTHY,
Mayor of the City and County of San Francisco, State of California.

Attest:

E. C. LEFFINGWELL, Secretary to the Mayor.

To the Honorable, the Board of Supervisors of the City and County of San Francisco, State of California.

Gentlemen: In accordance with the provisions of the Charter of the City and County of San Francisco, I have this day removed and do hereby remove for cause F. W. Dohrmann from the office of Park Commissioner of the City and County of San Francisco.

Among the causes for such removal are general incompetency, neglect of duty, extravagant use of public funds and unbusinesslike management of the affairs of his said office, in that, among other things:

First—The said F. W. Dohrmann

wilfully, unlawfully and in violation of the provisions of the said Charter, acquiesced in and approved of the expenditure of the sum of \$1950.00 for the purchase of an automobile for the use of the Superintendent of Golden Gate Park, without advertising for bids therefor, as provided by law.

Second—Although the people of the City and County of San Francisco have furnished to the Park Commission a lodge or administration building in Golden Gate Park, at a cost of about \$55,000.00, in which said building it was intended by the said people that said Park Commission should meet and conduct its official business, the said F. W. Dohrmann, as a member of the said Park Commission, has continuously and successively acquiesced in and approved of the extravagant, unwarranted and unnecessary expenditure of the sum of \$75.00 a month for the rent of offices in the Mills Building for the use of the said Park Commission.

Third—The said F. W. Dohrmann, as a member of the said Park Commission, has acquiesced in and approved of the employment of one, William Dolge, a resident of the County of Alameda, and the payment to him of a salary of \$19.00 a day for services performed by him in experting the books of the said Park Commission, when in truth and in fact said books should have been experted under the supervision of the Finance Committee of the Board of Supervisors, the law not contemplating that a public officer should supervise and control the experting of his own books, all of which the said F. W. Dohrmann then and there well knew.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal at my office in the City and County of San Francisco, State of California, this 31st day of January, A. D. 1910.

E. C. LEFFINGWELL, Secretary to the Mayor.

To the Honorable, the Board of Supervisors of the City and County of San Francisco, State of California.

Gentlemen: In accordance with the provisions of the Charter of the City and County of San Francisco, I have this day removed, and do hereby remove for cause H. U. Brandenstein from the office of Park Commissioner of the City and County of San Francisco.

Among the causes for such removal are general incompetency, neglect of duty, extravagant use of

public funds, and unbusinesslike management of the affairs of his said office, in that, among other things:

1st: The said H. U. Brandenstein wilfully, unlawfully and in violation of the provisions of the said Charter, acquiesced in and approved of the expenditure of the sum of \$1,950.00 for the purchase of an automobile for the use of the Superintendent of Golden Gate Park, without advertising for bids therefor, as provided by law.

2nd: Although the people of the City and County of San Francisco have furnished to the Park Commission a lodge or administration building in Golden Gate Park at a cost of about \$55,000.00, in which said building it was intended by the said people that said Park Commission should meet and conduct its official business, the said H. U. Brandenstein as a member of the said Park Commission, has continuously and successively acquiesced in and approved of the extravagant, unwarranted and unnecessary expenditure of the sum of \$75.00 a month for the rent of offices in the Mills building for the use of said Park Commission.

3rd: The said H. U. Brandenstein, as a member of the said Park Commission, has acquiesced in and approved of the employment of one William Dolge, a resident of the County of Alameda, and the payment to him of a salary of \$19.00 a day for services performed by him in experting the books of the said Park Commission when in truth and in fact said books should have been experted under the supervision of the Finance Committee of the Board of Supervisors, the law not contemplating that a public officer should supervise and control the experting of his own books, all of which the said H. U. Brandenstein then and there well knew.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal, at my office in the City and County of San Francisco, State of California, this 31st day of January, A. D. 1910.

(Seal) P. H. McCARTHY,

Mayor of the City and County of San Francisco, State of California.

Attest:

E. C. LEFFINGWELL,
Secretary to the Mayor.

**REMOVAL OF FIRE COMMISSIONER
L. B. EDWARDS.**

To the Honorable, the Board of Supervisors of the City and County of San Francisco, State of California.

Gentlemen: In accordance with

the provisions of the Charter of the City and County of San Francisco, I have this day removed and do hereby remove for cause L. B. Edwards, from the office of Fire Commissioner of the City and County of San Francisco.

Among the causes for such removal are general incompetency, neglect of duty, mismanagement of the affairs of the Fire Department and conduct subversive of the best interests of the City, in the administration of the affairs of the said Fire Department.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal, at my office in the City and County of San Francisco, State of California, this 31st day of January, 1910. A. D.

(Seal) P. H. McCARTHY,
Mayor of the City and County of San Francisco, State of California.

Attest:

E. C. LEFFINGWELL,
Secretary to the Mayor.

REMOVAL OF JOS. E. CUTTEN, JAS. W. MULLEN, GEO. B. SOMERS, ARTHUR H. BARENDT, T. W. HUNTINGTON AND W. F. WILSON, MEMBERS OF BOARD OF HEALTH.

Subsequently during the proceedings, the following communications were also presented, read and ordered spread in the Journal and filed:

To the Honorable, the Board of Supervisors of the City and County of San Francisco, State of California.

Gentlemen: In accordance with the provisions of the Charter of the City and County of San Francisco, I have this day removed, and do hereby remove for cause Joseph E. Cutten from office as a member of the Board of Health of the said City and County.

Among the causes for such removal are the wilful violation of the provisions of the said Charter, among other things in this that:

1st: The said Joseph E. Cutten did, among other things wilfully, deliberately, unlawfully and in violation of the provisions of the said Charter employ and approve of the employment of one Chester L. Roadhouse, as Chief Dairy Inspector, the said Chester L. Roadhouse being at the time of his appointment and for some time thereafter, a resident of Alameda County, which said appointment was made against the protest of the Board of Civil Service Commissioners, upon the ground that the said Chester L. Roadhouse was a non-resident as aforesaid and not eligible to the said office, all of which the said Joseph E. Cutten then and

there well knew, and authorized the payment of large sums of money to the said Chester L. Roadhouse as expenses.

2nd: The said Joseph E. Cutten did, among other things wilfully, deliberately, unlawfully and in violation of the provisions of said Charter, employ and approve of the employment of Miss M. L. Parson as Superintendent of nurses at the City and County Hospital, the said Miss M. L. Parson being, at the time of her appointment a resident of Boston, Massachusetts, all of which the said Joseph E. Cutten then and there well knew.

3rd: The said Joseph E. Cutten as a member of the said Board of Health, has acquiesced in and approved of the unlawful employment of the said persons above named, and has evidenced such acquiescence and approval by continuously and successively approving the salary and expense demands of the said persons above named, then and there well knowing that the said acts were in violation of the provisions of the said charter.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal at my office in the City and County of San Francisco, State of California, this 31st day of January, A. D. 1910.

(Seal) P. H. McCARTHY,
Mayor of the City and County of
San Francisco, State of California.

Attest:

E. C. LEFFINGWELL,
Secretary to the Mayor.

To the Honorable, the Board of Supervisors of the City and County of San Francisco, State of California.

Gentlemen: In accordance with the provisions of the Charter of the City and County of San Francisco, I have this day removed, and do hereby remove for cause James W. Mullen from office as a member of the Board of Health of the said City and County.

Among the causes for such removal are the wilful violation of the provisions of the said Charter, among other things in this that:

1st: The said James W. Mullen did, among other things wilfully, deliberately, unlawfully and in violation of the provisions of the said Charter employ and approve of the employment of one Chester L. Roadhouse, as Chief Dairy Inspector, the said Chester L. Roadhouse being, at the time of his appointment and for some time thereafter, a resident of Alameda County, which said appoint-

ment was made against the protest of the Board of Civil Service Commissioners, upon the ground that the said Chester L. Roadhouse was a non-resident as aforesaid and not eligible to the said office, all of which the said James W. Mullen then and there well knew, and authorized the payment of large sums of money to the said Chester L. Roadhouse as expenses.

2nd: The said James W. Mullen did, among other things wilfully, deliberately, unlawfully and in violation of the provisions of said Charter employ and approve of the employment of Miss M. L. Parson as Superintendent of nurses at the City and County Hospital, the said Miss M. L. Parson being, at the time of her appointment, a resident of Boston, Massachusetts, all of which the said James W. Mullen then and there well knew.

3rd: The said James W. Mullen, as a member of the said Board of Health, has acquiesced in and approved of the unlawful employment of the said persons above named, and has evidenced such acquiescence and approval by continuously and successively approving the salary and expense demands of the said persons above named, then and there well knowing that the said acts were in violation of the provisions of the said charter.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal, at my office in the City and County of San Francisco, State of California, this 31st day of January, A. D. 1910.

San Francisco, State of California.

Attest:

E. C. LEFFINGWELL,
Secretary to the Mayor.

To the Honorable, the Board of Supervisors of the City and County of San Francisco, State of California.

Gentlemen: In accordance with the provisions of the Charter of the City and County of San Francisco, I have this day removed, and do hereby remove for cause George B. Somers from office as a member of the Board of Health of the said City and County.

Among the causes for such removal are the wilful violation of the provisions of the said Charter, among other things in this that:

1st: The said George B. Somers did, among other things, wilfully, deliberately, unlawfully and in violation of the provisions of the said Charter employ and approve of the employ-

ment of one, Chester L. Roadhouse, as Chief Dairy Inspector, the said Chester L. Roadhouse being at the time of his appointment and for some time thereafter a resident of Alameda County, which said appointment was made against the protest of the Board of Civil Service Commissioners, upon the ground that the said Chester L. Roadhouse was a non-resident as aforesaid and not eligible to the said office, all of which the said George B. Somers then and there well knew, and authorized the payment of large sums of money to the said Chester L. Roadhouse as expenses.

2nd: The said George B. Somers did, among other things, wilfully, deliberately, unlawfully and in violation of the provisions of said Charter employ and approve of the employment of Miss M. L. Parson as Superintendent of nurses at the City and County Hospital, the said Miss M. L. Parson being, at the time of her appointment, a resident of Boston, Massachusetts, all of which the said George B. Somers then and there well knew.

3rd: The said George B. Somers as a member of the said Board of Health has acquiesced in and approved of the unlawful employment of the said persons above named, and has evidenced such acquiescence and approval by continuously and successively approving the salary and expense demands of the said persons above named, then and there well knowing that the said acts were in violation of the provisions of the said Charter.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal at my office in the City and County of San Francisco, State of California, this 31st day of January, A. D. 1910.

City Attorney Not to Appeal in Matter of So-Called Dance Hall License.

Also, Resolution No. 5282 (New Series), as follows:

Whereas, The City Attorney and Tax Collector, in written communications filed with this Board, recommend that it is inadvisable to appeal from the decision of the Hon. J. M. Seawell, Judge of the Superior Court, in case numbered 22624, entitled, "City and County of San Francisco vs. F. Schivo", Justice's Court, Appeal No. 868, in which it is held that Ordinance No. 754, entitled, "Imposing a license on keepers of public dance halls and ball rooms" (approved May 28, 1903), is inapplicable to keepers of such dance halls, for the reason that said license has been contested in the courts for two years past, and the prosecution of an appeal would be fruitless, now therefore

Resolved, That the City Attorney be and is hereby authorized and requested not to appeal from said decision, and to cause a dismissal of the various actions involved therein, and also the release of all attachments affected thereby.

Declaring Result of Special Election of January 14, 1910, for the Acquisition of Municipal Water Supply.

On motion of Supervisor Pugh:

Resolution No. 5291 (New Series), as follows:

Declaring the result of the Special

Election held on the 14th day of January, 1910, for the purpose of authorizing the incurring of a bonded indebtedness of \$45,000,000.00 for the purpose of the acquisition, construction and completion of a water supply and works, the sources of such supply to be Lake Eleanor and the waters of the Tuolumne River and its tributaries; also for the purpose of authorizing the incurring of a bonded indebtedness to the amount of \$35,000,000.00 for the purpose of purchasing the works and property of the Spring Valley Water Company.

Whereas, Pursuant to the provisions of Ordinance No. 995 (New Series), calling a special election, and Ordinance No. 1030 (New Series), giving notice of the same, a special election was held in the City and County of San Francisco, State of California, on the 14th day of January, 1910, whereat was submitted to and determined by the qualified voters of said City and County two propositions to incur a bonded indebtedness of said City and County for the purposes and for the several amounts set forth, as follows, to wit:

Proposition One: To incur a bonded debt of the City and County of San Francisco to the amount of forty-five million dollars for the purpose of the acquisition, construction and completion of a public utility, to wit: A water supply and works to be owned and controlled by the City and County of San Francisco to furnish to said City and County and to the inhabitants thereof a sufficient supply of water for all purposes, the sources of such supply to be Lake Eleanor, the waters of the Tuolumne River and its tributaries in Tuolumne County, California; provided that if proposition two on this ballot shall receive the necessary two-thirds vote, then bonds to the amount of \$23,000,000 only shall be issued under this authorization; this proposition to be designated "Lake Eleanor-Tuolumne System."

Proposition Two: To incur a bonded debt of the City and County of San Francisco to the amount of thirty-five million dollars for the acquisition of an existing public utility, to wit: The water supply, works and property of the Spring Valley Water Company, a corporation, to be owned and controlled by the said City and County of San Francisco, for supplying water to said City and County and to the inhabitants thereof; this proposition to be designated "Spring Valley System".

Whereas, Said election was held and conducted in form and manner and in every respect as required by law, and the returns thereof canvassed, and the result thereof determined and declared as required by law; and

Whereas, The Board of Election Commissioners of said City and County filed on January 27, 1910, in the office of the Clerk of the Board of Supervisors, its certificate showing the facts above recited, and setting forth in detail the total number of votes cast at such election, and the number of votes cast and counted for and against, respectively, each and both of the aforesaid propositions thereat submitted; now, therefore, be it

Resolved, By the Board of Supervisors as follows:

1. It is hereby declared that the special election held on the 14th day of January, 1910, was held and conducted, and the votes cast and counted thereat, and the returns thereof made and the result thereof determined and declared, in all respects, and in time, form and manner as required by the laws of the State of California and the Charter and Ordinances of the City and County of San Francisco.

2. It is hereby declared that the total number of votes cast at said special election was 35,015.

3. It is hereby declared that of the votes so cast 32,886 votes were cast and counted as being in favor of Proposition Number One and that 1609 votes were cast and counted as being against and not in favor of Proposition Number One, to incur a bonded debt of the City and County of San Francisco to the amount of forty-five million dollars for the purpose of acquisition, construction and completion of a public utility, to wit: a water supply and works to be owned and controlled by the City and County of San Francisco to furnish to said City and County and to the inhabitants thereof a sufficient supply of water for all purposes, the sources of such supply to be Lake Eleanor, the waters of the Tuolumne River and its tributaries in Tuolumne County, California; provided, that if Proposition No. 2 on this ballot shall receive the necessary two-thirds vote, then bonds to the amount of \$23,000,000 only shall be issued under this authorization.

4. It is hereby declared that of the votes so cast 22,068 votes were cast and counted as being in favor of Proposition Number Two, and that 11,722 votes were cast and counted as being against and not in favor of Proposition Number Two, to incur a bonded debt of the City and County of San Francisco to the amount of \$35,000,000 for the acquisition of an existing public utility, to-wit: the water supply, works and property of the Spring Valley Water Company, a corporation, to be owned and controlled by the City and County of San Francisco, for supplying water to said City and County and to the inhabitants thereof.

5. It is hereby declared and determined that more than two-thirds of all the votes cast at said special election were cast and counted as being in favor of said proposition number one, and were sufficient to authorize the incurring of a bonded indebtedness to the amount of and for the purpose therein stated.

6. It is hereby declared and determined that less than two-thirds of all the votes cast at said special election were cast and counted as being in favor of said proposition number two, and were not sufficient to authorize the incurring of a bonded indebtedness to the amount of and for the purpose therein stated.

APPRAISEMENT OF CITY ENGINEER OF PROPERTIES OF SPRING VALLEY WATER COMPANY.

The following Communication was presented and, on motion, ordered spread at length in the Journal:

To the Honorable the Board of Public Works, City and County of San Francisco.

Gentlemen: Under Resolution No. 4927, your Honorable Board has been directed to submit to the Board of Supervisors an appraisement of the properties of the Spring Valley Water Company actually used in furnishing the City and County of San Francisco and the inhabitants thereof a pure and wholesome supply of water, for the purpose of enabling said Board of Supervisors to establish a basis of valuation of said properties and upon which it may fix and determine water rates to be charged to said City and County and its inhabitants for the fiscal year commencing July 1, 1910.

In 1900-1901 a very careful examination and estimate was made of the value of the properties of the Spring Valley Water Company. This work extended over a period of about nine months, and for this work about \$30,000.00 was made available by the Board of Supervisors. This elaborate estimate has been the basis of all values of the properties of the Spring Valley Company for rate fixing purposes since that date. Special reference is hereby made to the results of this work and the accompanying details furnished by the Spring Valley Company and published in Municipal Reports 1900-01, Appendix pp. 4*-16* and 1-435.

The valuations from 1901 to 1909 inclusive have been as follows:

The City and County Attorney has caused to be made up by Mr. Dockweiler, his Consulting Engineer, a table and diagram of the lands owned by the Spring Valley Water Company in the City and County of San Francisco and in the Counties of San Mateo, Santa Clara, Alameda and San Benito.

Through the courtesy of that office, I am able to furnish diagrams of these

lands giving the acreage of each tract and the acreage of lands to which water rights were acquired in order to utilize the water supply contributory thereto. Of these tracts it will be observed that Nos. 13, 47, 48, 49, 50, 52, 53, 60 and 61 are not in use.

The lands in San Francisco are tabulated and the values as appraised by the Assessor are added. These appraisements aggregate \$1,692,280.00.

The properties in adjacent Counties are also tabulated for convenience.

Adopted.

The following Resolution was introduced under suspension of the rules and adopted:

Repealing Portion of Resolution No. 4985 (New Series), Appropriating \$100 Out of Robinson and Windel Bequest Funds to Board of Health.

On motion of Supervisor Kelly:

Resolution No. 5324 (New Series), as follows:

Whereas, The preceding Board of Supervisors did on December 13, 1909, by Resolution No. 4985 (New Series), duly approved by his Honor Mayor E. R. Taylor, on December 16, 1909, distribute and give to the Board of Health of the City and County of San Francisco the sum of One Hundred Dollars (\$100) from the annual interest on the Robinson and Windel Bequest Funds; and,

Whereas, The giving of the said sum of One Hundred Dollars (\$100) to the said Board of Health constitutes a flagrant violation of the conditions of the said bequests, which require in clear and unequivocal terms that the interest derived therefrom shall be paid "to the destitute women and children of the City and County of San Francisco;" and,

Whereas, It has heretofore been the invariable custom to provide the Mayor of this City and County with a sum ranging from Five Hundred Dollars (\$500) to Eight Hundred Dollars (\$800), to be distributed by him in his discretion in carrying out the interests of the said bequests; therefore, be it

Resolved, That so much of Resolution No. 4985 (New Series), giving to the Board of Health of the City and County of San Francisco the sum of One Hundred Dollars (\$100) be and is hereby repealed as being a violation of the conditions of said bequests.

Further Resolved, That the said sum of One Hundred Dollars (\$100) be and is hereby given to his Honor the Mayor, to be employed by him in his discretion in carrying out the interests of the bequests.

Ayes—Supervisors Bancroft, Cutten, Deasy, Harris, Hayden, Healy, Herget, Hooks, Kelly, Knowles, Loughery, McLaughlin, Minahan, Murdock, Nelson, O'Dowd, Pugh, Walsh—18.

Relative to Postponement of Reception of Columbia Park Boys.

The following communication from his Honor, the Mayor, was presented, read and ordered *filed*:

Feb. 4, 1910.

Board of Supervisors, No. 64 Eddy St., City—Gentlemen: I beg leave to inform you, at the direction of the Mayor, that a cablegram has been received from Honolulu, T. H., that Major Sidney H. Peixotto, N. G. C., and his party of forty Columbia Park Boys who are returning from a tour of Australia, have missed their steamer and will therefore not be able to reach the city at the time expected.

Our present information is to the effect that they cannot leave Honolulu before three weeks.

This unforeseen circumstance serves to cancel the reception which was planned in honor of the Columbia Park Boys and which was to have been given on the floor of the Merchants' Exchange on Wednesday afternoon, February ninth.

When definite information is received of the arrival of the travelers the invitations originally issued will be replaced.

Yours very truly,

E. C. LEFFINGWELL,
Mayor's Secretary.

Announcements.

The Clerk announced that the Board would meet on Tuesday evening, February 8, 1910, for the purpose of commencing investigation preliminary to fixing heat, light and power rates for the fiscal year 1910-11.

His Honor the Mayor announced that he had communicated with the City Attorney and the City Engineer, requesting them to furnish him with information relative to the Hetch Hetchy and Geary Street Road projects, and that said projects would be commenced and carried out as quickly as possible.

**HEARING IN MATTER OF APPEAL
FROM ASSESSMENT FOR SEWER
WORK ON TWENTY-FIRST STREET,
BETWEEN COLLINGWOOD AND
CASTRO STREETS.**

The hearing fixed for the hour of 3:00 p. m. o'clock this day, in the matter of the appeal of property owners against the assessment issued to D. J. O'Connor as assignee of A. L. Bragg, on October 28, 1909, by the Board of Public Works for the work of constructing a sewer in Twenty-first street, between Collingwood street and the center line of Castro street, was proceeded with.

Privilege of the Floor.

J. Sweeney, attorney representing property owners, was granted the privilege of the floor and addressed the Board, requesting that the assessment be set aside for the reason that the property of the people he represented had been damaged by the work.

J. C. Bates, representing A. L. Bragg, the contractor, also addressed the Board, stating that he was willing that the matter be heard in the Streets Committee.

Andrew J. Donovan, representing the Board of Public Works, addressed the Board, stating that the work had been done to the satisfaction of the Board of Public Works.

Action Deferred.

Whereupon, the above matter was laid over one week.

Ayes — Supervisors Bancroft, Cullen, Deasy, Harris, Hayden, Healy, Herget, Hooks, Kelly, Knowles, Loughery, McLaughlin, Minehan, Murdock, Nelson, O'Dowd, Pugh, Walsh—18.

Public Officials to Waive Legal Right to Contract for Printing Briefs and Transcripts.

On motion of Supervisor Minehan:

Resolution No. 5329 (New Series), as follows:

Whereas, It appears that the action of a previous Board of Supervisors in fixing, many years ago, the price of ninety cents per page as a fair rate to be paid for the printing of briefs and transcripts required by the City and County, is taken as a precedent for the payment of that sum in exceptional cases where the record reaches even 12,000 pages, and

Whereas, By decision of the Supreme Court the Board of Supervisors is given no discretion in the matter, but must pay the bills incurred by the County Clerk or other official ordering the work, regardless of the rate or amount, and

Whereas, The practice prevailing defeats the Charter provision for competition in the purchase of supplies and subjects the City to the danger of paying excessive rates for the legal printing, therefore be it

Resolved, That all public officials be asked to waive their legal right to contract for such printing, and to make requisition on the Board of Supervisors, that it may be secured under the competition provided for by the Charter.

Ayes — Supervisors Bancroft, Cullen, Deasy, Harris, Hayden, Healy, Herget, Hooks, Kelly, Knowles, Loughery, McLaughlin, Minehan, Murdock, Nelson, O'Dowd, Pugh, Walsh—18.

Passed for Printing.

The following Resolutions were *passed for printing*:

Extensions of Time, Construction of Public Buildings.

On motion of Supervisor Nelson:

Resolution No. — (New Series), Granting extensions of time to the following persons and companies on their contracts for the construction of certain public buildings, as recommended by the Board of Public Works (communications filed January 25, 1910, and February 7, 1910), to wit:

In Board of Supervisors, San Francisco, Tuesday, February 15, 1910, 8 p. m.

The Board of Supervisors met pursuant to Resolution No. 5204 (New Series), for the purpose of taking testimony and of making such investigations as would enable it to fix and determine Telephone Rates for the year commencing July 1, 1910.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Cullen, Deasy, Harris, Hayden, Healy, Herget, Kelly, Knowles, Loughery, McLaughlin, Minahan, Murdock, O'Dowd, Pugh, Walsh—15.

Quorum present.

His Honor Mayor McCarthy being absent, Supervisor Loughery was called to the Chair.

Committee of the Whole.

On motion of Supervisor McLaughlin, the Board resolved itself into a Committee of the Whole for the purpose of commencing an investigation preliminary to establishing Telephone Rates for the year commencing July 1, 1910.

The Committee arose at 9:40 p. m., all members before noted being present.

Supervisor Loughery retained the Chair and called the Board to order.

Report of the Committee of the Whole.

The Committee of the Whole reports that in accordance with Resolution No. 5204 (New Series), it has commenced the investigation preliminary to the establishment of rates or compensation to be collected by any person, company or corporation for the use of telephonic service supplied to the City and County of San Francisco, or to the inhabitants thereof, for the year commencing July 1, 1910, and ending June 30, 1911, as required by law.

That it has heard the testimony of E. C. Bradley, Vice-President Pacific Telephone and Telegraph Company, and it has heard from Mr. Frick of the Home Telephone Company relative to the time the Home Company will charge for service.

That the following matters heretofore filed have been duly considered, admitted in evidence in the pending investigation, and designated exhibits as follows:

Exhibit 1. Pacific Telephone and Telegraph Company. Statement of the earnings and expenses of the San Francisco Exchange for the year 1909; statement of plant and property, showing in detail investment in the City and County of San Francisco. (Filed February 10, 1910.)

Exhibit 2. Home Telephone Company. Communication stating that during the

entire year 1909 said Company had been engaged in the construction of its plant and did not furnish telephone service for hire. (Filed January 31, 1910.)

Exhibit 3. Direct-Line Telephone Company. Communication stating that the business of said company is to furnish inside telephone service, and that as it did not operate under a city franchise it was not amenable to Resolution No. 4981 (New Series), calling for statements. (Filed December 24, 1909.)

Exhibit 4. Report by C. L. Cory, Consulting Engineer, dated February 1, 1910, upon the Pacific Telephone and Telegraph Company, giving valuation of plant, number of telephones and analysis of revenue and expenses. (Filed February 7, 1910.)

Furthermore, the Committee reports progress and asks leave to sit again on Thursday evening, February 24, 1910, at 8 p. m., to resume the investigation.

Motion.

Supervisor McLaughlin moved that the report of the Committee of the Whole be adopted.

So ordered.

ADJOURNMENT.

PRESENTATION OF PROPOSALS.

Bid of A. J. Pon for Gough Street Franchise.

The following bid of A. J. Pon, filed pursuant to Notice of Sale of Street Railroad Franchise on Gough street from McAllister to Market streets, was received, opened, read and ordered referred to the Public Utilities Committee:

February 19, 1910.

To the Honorable the Board of Supervisors of the City and County of San Francisco:

The undersigned, A. J. Pon, hereby submits his bid for a franchise and privilege for the construction, operation and maintenance of a double track railroad, to be built, constructed and maintained over the route and upon the conditions referred to in the Resolution of the Board of Supervisors known as Resolution No. 5096 (New Series), passed January 3, 1910, determining to grant such franchise and privilege, and herewith files his bond in the sum of five thousand (5000) dollars, with sureties satisfactory to and approved by the Mayor of the City and County of San Francisco, conditioned as required by the notice of sale, viz.:

A. J. Pon hereby bids for said franchise and privilege three (3) percentum of the gross receipts arising from the use, operation, possession or enjoyment

of said franchise during the first five (5) years of the period for which the franchise is granted; four (4) per centum of the gross receipts during the next succeeding ten (10) years; and five (5) per centum during the next succeeding ten (10) years.

A. J. Pon will also pay all charges for advertising in the official newspaper of Resolution No. 5096 (New Series), determining to grant the franchise herein referred to, of the notice of sale and the Ordinance granting said franchise.

A. J. PON.

State of California, City and County of San Francisco, ss.:

A. J. Pon, being first duly sworn according to law, deposes and says:

That he is the person who makes the foregoing bid; that he has read the foregoing bid, and that said bid is genuine and not collusive nor sham. That said A. J. Pon has not colluded, conspired, connived or agreed, directly or indirectly, with any other bidder or person to put in a sham bid, or that such other person shall refrain from bidding, and has not in any manner sought by collusion to secure any advantage against the City and County of San Francisco or any person interested in said street railroad for himself or any other person.

A. J. PON.

Subscribed and sworn to before me this 19th day of February, A. D. 1910.
(Seal) W. W. HEALEY,

Notary Public in and for the City and County of San Francisco, State of California.

BOND.

Whereas, The Board of Supervisors of the City and County of San Francisco has published notice of the sale of a franchise for a double track railroad, referred to in Resolution No. 5096 (New Series), passed January 3, 1910; and,

Whereas, A. J. Pon has determined to bid for such franchise, as required by Article II, Chapter 2, Section 6, of the Charter of said City and County; and,

Whereas, Under said section of the Charter every bidder shall file with his bid a bond approved by the Mayor of the City and County of San Francisco in a penal sum prescribed by the Board of Supervisors (which said sum has been fixed by the Board of Supervisors at Five Thousand (\$5000) Dollars) conditioned that such bidder will well and truly observe and perform all of the conditions of the franchise;

Now, Therefore, In consideration of the premises, A. J. Pon as principal and *The United States Fidelity and Guaranty Company, a corporation of Baltimore, Maryland*, as surety, do hereby undertake and promise that A. J. Pon will well and truly observe, fulfill and perform each and all of the conditions, terms and obligations of the franchise

herein referred to, if the said franchise shall be awarded to him. And in case of the breach of any of the conditions hereof the whole amount of the penal sum herein named shall be taken to be liquidated damages.

It is further agreed that if the said A. J. Pon is a successful bidder for the franchise herein referred to, he shall pay all charges for advertising in the official newspaper of resolution known as Resolution No. 5096 (New Series) of the Board of Supervisors, of the notice of sale, and of the Ordinance granting said franchise.

In witness whereof, the said parties have heremto set their hands and seals this 19th day of February, A. D. 1910.

A. J. PON.

Ratifying and Confirming Agreement Entered into by Mayor and Clerk of Board of Supervisors on Behalf of the City With the United Railroads for the Construction of the Mission Street Viaduct.

Also, Resolution No. 5400 (New Series), as follows:

Whereas, On the 21st day of February, 1910, a certain agreement was made and entered into by and between the City and County of San Francisco, a municipal corporation, and the United Railroads of San Francisco, a corporation, which agreement was executed by the Mayor of said City and County, attested by the Clerk of the Board of Supervisors, and by the proper and legal representatives of said City and County, which said agreement provides for the construction of the so-called Mission Street Viaduct in the said City and County of San Francisco as more fully appears herefrom; now therefore

Resolved, That the agreement referred to in the preamble to this Resolution and hereafter fully set forth and the execution thereof by the City and County of San Francisco be and the same hereby is ratified and in all things approved and confirmed; that the following is a full, true and correct copy of said agreement.

MEMORANDUM OF AGREEMENT by and between CITY AND COUNTY OF SAN FRANCISCO, a municipal corporation, party of the first part, and UNITED RAILROADS OF SAN FRANCISCO, a corporation, party of the second part.

WITNESSETH:

1. That the said City and County of San Francisco agrees to and will construct the viaduct and approaches on Mission Road between Bosworth and Marshall streets in the City and County of San Francisco, State of California, in accordance with those certain plans and specifications, which have this day been approved by the parties hereto, true copies of which plans and specifications are hereunto attached.

2. Upon the execution of this agreement, United Railroads of San Francisco agrees to and will deposit with the Treasurer of the said City and County of San Francisco the sum of Twenty Thousand Dollars (\$20,000), which said sum shall be placed in escrow with said Treasurer, to be deposited by him in the General Fund of said City and County upon the execution of the contract for the work herein mentioned, to be drawn on by said City and County of San Francisco in payment for said work as provided by law.

3. The said United Railroads of San Francisco further agrees to perform work and labor in and upon said viaduct and the approaches thereto and furnish and deliver materials and supplies for such work to the full amount and value of Thirty Thousand Dollars (\$30,000); said work and labor to be done and material and supplies to be furnished by said United Railroads of San Francisco consisting of the following:

(a) All labor and materials furnished by the United Railroads of San Francisco of every kind and character, made necessary by reason of the construction of the present temporary trestle and viaduct, it being understood that the value of the work and labor already performed and the material and supplies already furnished by United Railroads of San Francisco upon said temporary trestle and viaduct, and upon and for said permanent viaduct up to the date of this agreement, shall be computed and deemed to have been furnished as a part of said Thirty Thousand Dollars (\$30,000), herein referred to.

(b) All labor and material which may be required in reconstructing the road-bed, laying and relaying its rails, and installing the overhead line work, by reason of the construction of the proposed permanent viaduct.

(c) All paving between the rails and the tracks and for two (2) feet outside of the outside rails, required in connection with the construction of said permanent viaduct.

(d) All labor and material which may be furnished by the United Railroads of San Francisco in hauling and delivering material for filling in the approaches to said permanent viaduct or the said permanent viaduct proper.

It is understood and agreed, however, by and between the respective parties hereto, that the United Railroads will make all the fill required by the attached plans and specifications approximating twenty thousand cubic yards regardless of whether the total labor and material so furnished by the United Railroads, including the cost of securing and hauling the material for the fill amounts to Thirty Thousand Dollars or over, as is more fully set out in that certain letter dated February 7th, 1910, addressed to Michael Casey, President of the Board of Works and signed by Chas. N. Black as Vice-President and General Manager of the United Railroads, which letter is hereby referred to and made a part hereof.

4. All of said work shall be done under the direction of the Board of Public Works of the said City and County of San Francisco. The value of the work performed and the labor and material done, furnished and de-

livered by said United Railroads of San Francisco shall be determined by the Board of Public Works, and in determining the value thereof the Board of Public Works will allow said United Railroads of San Francisco the actual cost of the work and labor performed and material and supplies furnished and delivered, plus ten (10) per cent for overhead expenses.

5. All the work to be done under this agreement by either of the parties hereto shall be so done as not to interrupt the continuous operation of the railway and cars of said United Railroads of San Francisco over, along and upon said street.

6. No change shall be made in the parts of the plans or specifications attached hereto applying to the viaduct, the value of which shall exceed Fifty Dollars (\$50) without the consent in writing of the said United Railroads.

7. If the United Railroads of San Francisco so desires, it may, in lieu of the performance of the work and labor and the furnishing of material and supplies referred to in paragraph three (3) hereof, deposit with the Treasurer of the said City and County of San Francisco, upon the execution of this agreement, the sum of Thirty Thousand Dollars (\$30,000) in addition to the sum of Twenty Thousand Dollars (\$20,000), referred to in paragraph two (2) hereof.

8. The City and County of San Francisco agrees to and will hold United Railroads of San Francisco harmless from any and all claims for damages, if any, to the property abutting or adjoining on either side of said viaduct or the approaches thereto, arising from the building or construction thereof.

IN WITNESS WHEREOF the City and County of San Francisco has, by Resolution of its Board of Supervisors, caused these presents to be signed by its duly elected, qualified and acting Mayor, and has caused its official seal to be hereunto affixed by the duly elected, qualified and acting Clerk of said Board of Supervisors; and United Railroads of San Francisco has, by resolution of its Board of Directors, caused its name to be subscribed and signed by its duly elected, qualified and acting Vice-President, and its seal to be hereunto attached by its duly elected, qualified and acting Secretary.

CITY AND COUNTY OF SAN FRANCISCO, a municipal corporation.

By P. H. MCCARTHY, Mayor.

Attest:

W. R. HAGERTY,

Clerk of the Board of Supervisors.

UNITED RAILROADS OF SAN FRANCISCO, a corporation.

By CHAS. N. BLACK, Vice-President.

Attest:

GEO. P. WILLIOTT, Secretary.

Further Resolved, That copies of this Resolution be forwarded to the Board of Public Works, the Auditor and to the City Attorney.

Relative to Denial of Appropriations for Repair of Accepted Streets.

The following Resolution was introduced by Supervisor Loughery and on his motion *referred to the Streets, Sewers and Parks Committee*:

Resolution No. — (New Series):

Whereas, The Board of Public Works of the City and County has heretofore, from time to time, filed with this Board communications wherein and whereby said Board of Public Works has petitioned this Board to appropriate and make available public funds, in the sundry amounts therein specified, wherewith to enable it to make to any portion of the roadway or any portion of the sidewalk of any improved street, avenue, lane, alley, court or place, in the City and County of San Francisco, none of which has been accepted by the Supervisors of said City and County as by law provided, such repairs as are contemplated by and provided for in Section 16, Chapter II, Article VI of the Charter of said City and County, or in Section 5, Article I of said Charter, as to any defect in such roadway or sidewalk, and particularly to make such repairs to the sidewalks in said communications respectively enumerated and described therein; and

Whereas, The sum fixed and appropriated in the Budget for the fiscal year 1909-10, by Ordinance No. 793 (New Series), approved June 1, 1909, for "paving, repaving and repairs to streets, etc.," is inadequate to meet the obligations of the City and County imposed by the provisions of Section 23, Chapter II, Article VI of said Charter, to keep in repair and to improve the accepted streets in the City and County and to allow of other street improvements deemed of general public necessity; now, therefore, be it

Resolved, That all applications heretofore made by the said Board of Public Works for public funds for the purposes, or any of them, hereinbefore mention, be and the same are hereby denied and rejected; and the said Board of Public Works is hereby notified that no public funds will be appropriated or made available for such purposes, or any of them, during the current fiscal year.

REMOVAL OF MEMBERS OF THE BOARD OF EDUCATION.

The following communications were presented, read by the Clerk and *ordered spread at length in the Journal*:

To the Honorable, the Board of Supervisors of the City and County of San Francisco, State of California—Gentlemen: You are hereby notified that I have this day removed, and do hereby remove Henry Payot from the office of School Director of said City and County of San Francisco; said removal is made for cause. That among the causes for said removal I hereby specify the following:

First: That the said Henry Payot did approve of the appointment and employment of Melvin G. Dodge as Secretary to the Board of Education; that said Dodge at the time of his said appointment was a non-resident of said City and County of San Francisco, which fact the said Henry Payot well knew; that said appointment of the said Dodge was in violation of the Charter of the said City and County, and laws of the State of California;

Second: That the said Henry Payot did, as such School Director, well

knowing that the same was illegal, approve of the payment to said Dodge of his salary demands, accruing while the said Dodge was exercising the duties of the said Secretary of the Board of Education, well knowing that the said Dodge was ineligible to hold said office, and had no right to receive any sum from the said City and County as a salary to said office.

IN WITNESS WHEREOF, I have hereunto set my hand and affix the seal of the City and County of San Francisco this 15th day of February, 1910.

P. H. MCCARTHY,

Mayor of the City and County of San Francisco, State of California.

Attest:

E. C. LEFFINGWELL,

Secretary to the Mayor.

To the Honorable, the Board of Supervisors of the City and County of San Francisco, State of California—Gentlemen: You are hereby notified that I have this day removed, and do hereby remove Thomas R. Bannerman from the office of School Director of said City and County of San Francisco; said removal is made for cause. That among the causes for said removal, I hereby specify the following:

First: That the said Thomas R. Bannerman did approve of the appointment and employment of Melvin G. Dodge as Secretary to the Board of Education; that said Dodge at the time of his said appointment was a non-resident of said City and County of San Francisco, which fact the said Thomas R. Bannerman well knew; that said appointment of the said Dodge was in violation of the Charter of the said City and County, and laws of the State of California;

Second: That the said Thomas R. Bannerman did, as such School Director, well knowing that the same was illegal, approve of the payment to said Dodge of his salary demands, accruing while the said Dodge was exercising the duties of the said Secretary of the Board of Education, well knowing that the said Dodge was ineligible to hold said office, and had

no right to receive any sum from the said City and County as a salary to said office.

IN WITNESS WHEREOF, I have hereunto set my hand and affix the seal of the City and County of San Francisco this 15th day of February, 1910.

P. H. MCCARTHY,

Mayor of the City and County of San Francisco, State of California.

Attest:

E. C. LEFFINGWELL,

Secretary to the Mayor.

To the Honorable, the Board of Supervisors of the City and County of San Francisco, State of California—Gentlemen: In accordance with the provisions of the Charter of the City and County of San Francisco, I have this day removed, and do hereby remove for cause, Mary W. Kincaid, from the office of School Director of the said City and County. Among the causes for said removal are, neglect of duty, wilful and unlawful discrimination in the awarding of contracts, conduct subversive of the good of the School Department, arbitrary and insolent behavior towards the teachers and employees of the School Department of said City and County, and other wilful violations of the provisions of the said Charter and other provisions of law.

That among the said provisions of the said Charter and other provisions of law so violated by the said Mary W. Kincaid as aforesaid, I hereby specify the following:

1st: That said Mary W. Kincaid, among other things, has failed to visit every school in this city at least once in each term, and examine carefully into its management, condition and wants, as provided by law.

2nd: That said Mary W. Kincaid, has neglected to consult the City Architect during the preparation of the plans for new schools, and has acquiesced in the approval of plans without careful examination of the same and without seeing the specifications for said schools, with the result that serious mistakes have been made.

3rd: That during the month of August, 1909, the said Mary W. Kincaid, caused to be submitted bids from certain merchants for the furnishing of kitchen utensils required by the Washington Grammar School, Domestic Science Center, and in awarding the then and there well knew.

3rd: The said _____, as a member of the said Board of Health, has acquiesced in and approved of the unlawful employment of the said persons above named, and has evidenced such acquiescence and

approval by continuously and successively approving the salary and expense demands of the said persons above named, then and there well knowing that the said acts were in violation of the provisions of the said Charter.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal at my office in the City and County of San Francisco, State of California, this 15th day of February, A. D. 1910.

P. H. MCCARTHY,

Mayor of the City and County of San Francisco, State of California.

REPORT OF SPECIAL COMMITTEE ON POLICY AND LINES OF ACTION TO BE FOLLOWED IN DEVELOPMENT OF LAKE ELEANOR WATER SUPPLY.

The following report and communication were presented:

To the Honorable the Board of Supervisors of the City and County of San Francisco Gentlemen: Your Special Committee consisting of his Honor the Mayor, Committee on Public Utilities, Committee on Finance, the Board of Public Works and the City and County Attorney, appointed pursuant to Resolution No. 5337 (New Series) of the Board of Supervisors, begs leave to report that a meeting of said Committee was held on Thursday, February 17, 1910, and that a full and careful consideration was had in the matter of the policy and lines of action to be followed in the development of the Lake Eleanor water supply system, and your Committee reports progress in said matter.

Respectfully submitted,

P. H. MCCARTHY,

WM. C. PUGH.

Read and ordered *filed*.

Offer of Tuolumne Water Supply Company to Sell Its Lake Eleanor and Cherry Creek Lands, Reservoir Sites and Water Rights.

Feb. 28, 1910.

Hon. P. H. McCarthy, Mayor of the City and County of San Francisco, City—Dear Sir: Referring to the request made at the conference held on the 26th inst., at your office, which conference was attended by yourself, Messrs. Casey, Pugh, Walsh, Manson, Hays, Hall, Hunt and myself, that a proposition be submitted for the disposition of the Lake Eleanor and Cherry Valley properties, I beg on behalf of my client, the Tuolumne Water Supply Company, and with the sanction of its Board of Directors and Stockholders, to make to the City and County of San Francisco the following offer:

(a) To sell all of the Lake Eleanor lands, reservoir sites and water rights owned by the Company for the sum of four hundred thousand (\$400,000) dollars.

(b) If this offer should be accepted to give an option to be exclusive and irrevocable, for a reasonable time, to acquire all of the Cherry Valley lands, reservoir sites and water rights owned by the Company for the sum of six hundred thousand (\$600,000) dollars, plus such sum as will approximately represent the cost of keeping these rights alive while the option is in force.

Yours very respectfully,

JESSE W. LILIENTHAL.

Read and ordered *referred to Public Utilities Committee*.

UNFINISHED BUSINESS.

The following bill heretofore passed for printing and laid over from last meeting was taken up:

Authorizing Appointment of Three Additional Office Deputies for Sheriff's Office and Fixing Their Compensation.

Bill No. 1223, Ordinance No. — (New Series), entitled, "Authorizing the Sheriff of the City and County of San Francisco to appoint three (3) additional Office Deputies, and providing for the compensation of the same."

Motion.

Supervisor Bancroft moved that P. J. Healy be granted the privilege of the floor.

So ordered.

Privilege of the Floor.

Whereupon, *P. J. Healy*, member of the former Grand Jury, was granted the privilege of the floor, and stated that he had made a personal investigation of the Sheriff's office in May, 1909, and had visited said office at that time and found that at 8:30 a. m. on the morning of a certain day when all the employees of said office were obliged under the Charter to be at their work, only two were in the office and that the others strolled in at various times from 9:15 a. m. to 2 p. m. For these reasons he stated that he did not believe the employees of said department were overworked and that in the interests of economy it was not necessary to make any further appointments.

J. E. Williams, attorney, representing the Sheriff's office, also addressed the Board, stating that there had not been an increase in the Sheriff's office in the past ten years, although other departments of the City government had received additional assistance to meet the growth of the City and the increase of business; he declared further that much of the work of the office during the last administration had been done by special deputies from the District Attorney's office, and assured the Board that the Sheriff's office would be very much handicapped unless the additional deputies were allowed.

Final Passage.

Whereupon, the question being taken the foregoing Bill was *finally passed* as Ordinance No. 1020 (New Series) by the following vote:

Ayes—Supervisors Bancroft, Cutten, Deasy, Harris, Hayden, Healy, Herget, Hocks, Kelly, Knowles, Loughery, McLaughlin, Minahan, Murdock, O'Dowd, Pugh, Walsh—17.

HEARING IN MATTER OF APPEAL FROM ASSESSMENT FOR STREET WORK ON EIGHTH AVENUE, BETWEEN K AND L STREETS.

The hearing fixed for the hour of 3 p. m. this day in the matter of the appeal of property owners against the

assessment issued to Peter McHugh on November 23, 1909, by the Board of Public Works for the work of grading the roadway of Eighth avenue, between K and L streets, was proceeded with.

Privilege of Floor.

D. S. O'Brien, appeared and stated that he represented property owners who were satisfied with the assessment as levied.

Peter McHugh, contractor, also appeared in his own behalf.

Referred.

Whereupon, the matter was referred to the *Streets, Sewers and Parks Committee*.

PRESENTATION OF BILLS AND ACCOUNTS.

Demands upon the treasury amounting to \$21,774.31 and entered in Register of Demands No. 9 (New Series), and numbered consecutively therein 1335 to 1796, inclusive, were presented, read and referred to the Finance Committee.

REPORT OF FINANCE COMMITTEE.

The Finance Committee, by Supervisor Kelly, reported in favor of allowing the demands heretofore read and referred, said Committee having duly examined and approved the same, and on his motion, said demands were so allowed and ordered paid by the following vote:

Ayes—Supervisors Bancroft, Cutten, Deasy, Harris, Hayden, Healy, Herget, Hocks, Kelly, Knowles, Loughery, McLaughlin, Minehan, Murdock, O'Dowd, Pugh, Walsh—17.

NEW BUSINESS.

The following Bill laid over from last meeting was taken up:

Amending Building Law Relative to Bay Windows, Percentage of Lot Occupied, Areas of Courts, and Ventilation of Water Closets.

Bill No. 1225, Ordinance No. — (New Series), entitled, "Amending Sections 153, 205, 206, 207 and 230 of Ordinance No. 1008 (New Series), approved December 22, 1909, known as 'The Building Law', relating respectively to dimensions of bay windows on frame buildings, limiting percentage of lot occupied by building for three or more families, areas of inner and lot line courts and ventilation of water closets."

Motion.

Supervisor Hocks moved that W. W. Sanderson be granted the privilege of the floor.

So ordered.

Privilege of the Floor.

Whereupon, W. W. Sanderson was granted the privilege of the floor and addressed the Board, stating that the Building Law in its present form had received very careful consideration at

the hands of the last Board of Supervisors during a period extending over a year and that it was very liberal with regard to those provisions relating to percentage of lot occupied and to the construction of bay windows. He protested against any change in the Building Laws as at present in effect.

Dr. W. F. McNutt, representing the Health Department, was also granted the privilege of the floor and addressed the Board, stating that the best interests of the City as far as its health and sanitation are concerned are paramount and that the present Building Law should be allowed to stand.

Ralph McLeran, representing the Builders' Exchange, also addressed the Board, stating that it was owing to the stringency of the present Building Laws that the large territory west of Powell street was forced to remain unimproved. He declared that the present law has done much injury to the building industry of the City by forcing builders to give up 15 per cent of their space for light and air.

At this point Mr. McLeran presented:
Protest Against Certain Restrictions in Building Laws.

Protest—Of L. Schaefer and others, against certain restrictions in Building Laws, relative to bay windows and percentage of lot occupied.

Read and ordered referred to *Building Laws Committee*.

Privilege of the Floor (Continued).

Whereupon, *Willis Polk*, architect, also addressed the Board and opposed the proposed amendments.

Recommittal.

Supervisor Hayden moved that the above Bill be recommitted to the Building Laws Committee.

So ordered.

Now therefore Resolved, That said amended statement be and is hereby accepted and approved, and the said United Railroads of San Francisco be and is hereby directed to deposit said sum of \$34,274.25 in the Treasury of the City and County of San Francisco.

Ayes — Supervisors Bancroft, Cutten, Deasy, Harris, Hayden, Healy, Herget, Hocks, Kelly, Knowles, Loughery, McLaughlin, Minehan, Murdock, O'Dowd, Pugh, Walsh—17.

Passed for Printing.

The following matters were *passed for printing*:

Hospital Permit.

On motion of Supervisor Healy:

Resolution No. — (New Series), Granting permission, revocable at will of the Board of Supervisors, to Ada M. Bender to maintain a hospital for the accommodation of not more than ten patients at premises No. 2231 O'Farrell street.

Stable Permits.

Also, Resolution No. — (New Series), Granting permission, revocable at will of the Board of Supervisors, and in accordance with Ordinance No. 345 (New Series), to the following named to maintain stables at the hereinafter described locations, to wit:

Robert Bennett, south side of Austin street, 74 feet east of Franklin street, one horse. Stable to be at least one foot distant from residence on east side.

Southern Pacific Company, northwest corner of Seventeenth and Tennessee streets, fifteen horses.

Giuseppe Piazzia, east side of Boscana street (formerly North avenue), 69 feet 10 inches south of Eugenia avenue, two horses.

V. G. Higgins, north side of Turk street, 100 feet east of First avenue (now Arguello boulevard), one horse.

The Crane Co., east line of Stanford street, 130 feet south of Brannan street, fifteen horses.

Undertaker's Permit.

Also, Resolution No. — (New Series), Granting permission, revocable at will of the Board of Supervisors, to Sahr & Wieboldt to maintain an undertaking establishment at premises Nos. 1385-1387 Valencia street.

Denying Stable Permits.

Supervisor Healy presented the following:

Resolution No. — (New Series), as follows:

Resolved, That the Board of Supervisors, in the exercise of its sound and reasonable discretion, hereby denies petitions to maintain stables as follows, to wit:

Whosoever Will Rescue Mission, north side of Gold street, 150 feet east of Montgomery street, six horses.

Theo. Knutson, 1120 Potrero avenue, two horses.

Motion.

Supervisor Loughery moved that the Resolution be amended by striking out the petition of Theo. Knutson and *laying said petition over one week*.

Motion *carried*.

Adopted.

Whereupon, the above Resolution as amended was *adopted* as Resolution No. 5412 (New Series), by the following vote:

Ayes—Supervisors Bancroft, Cutten, Deasy, Harris, Hayden, Healy, Herget, Hooks, Kelly, Knowles, Loughery, McLaughlin, Minehan, Murdock, O'Dowd, Pugh, Walsh—17.

Denying Lease of City Property on Sacramento Street, Near Baker, to San Francisco Home for Incurables.

The following Resolution, *laid over from last week*, was taken up:

Resolution No. — (New Series), as follows:

Resolved, That the Board of Supervisors, in the exercise of its sound and reasonable discretion, hereby denies the petition of the San Francisco Home for Incurables for lease of City property, situate on Sacramento street near Baker, for hospital purposes.

Privilege of the Floor.

Rev. William P. Sullivan obtained the privilege of the floor and addressed the Board, praising the work of the S. F. Home for Incurables, and declared that the reason for the removal from the present quarters at O'Farrell and Franklin streets was to make room for an increased number of petitioners. He also pointed out the fact that the neighborhood was not strictly residential for the reason that there was a stable, a butcher shop and a Japanese laundry in the immediate vicinity of the home.

F. B. Lake, representing property owners, also addressed the Board, declaring that the present hospital building was a positive detriment to the neighborhood, was dangerous to the health of the surrounding residents, and a menace from fire.

Mrs. M. Petty, property owner, also addressed the Board, declaring that the Home was infested with disease and was a menace to health, and that it was overrun with rats and was unfit for human habitation.

Action Deferred.

Supervisor Herget moved that the matter be laid over one week, in order that the members of the Board might have an opportunity to make a personal investigation of the premises.

Motion *carried*.

Adopted.

The following Resolutions were *adopted*:

Masquerade Ball Permit.

On motion of Supervisor O'Dowd: Resolution No. 5413 (New Series), as follows:

Resolved, That Goldberg & Rittigstein be and are hereby granted permission to conduct a masquerade ball at Dreamland Rink, on March 4, 1910, provided the usual license fee is paid.

The attention of the Tax Collector is hereby called to the provisions of this Resolution.

Ayes—Supervisors Bancroft, Cutten, Deasy, Harris, Hayden, Healy, Herget, Hooks, Kelly, Knowles, Loughery, McLaughlin, Minehan, Murdock, O'Dowd, Pugh, Walsh—17.

Amateur Boxing Permits.

On motion of Supervisor Herget: Resolution No. 5414 (New Series), as follows:

Resolved, That the Centennial Athletic Club be and it is hereby granted permission to hold an amateur boxing exhibition at Dreamland Pavilion on March 4, 1910, provided said exhibition is conducted in accordance with the provisions of Ordinance No. 624 of the Board of Supervisors.

Ayes—Supervisors Bancroft, Cutten, Deasy, Harris, Hayden, Healy, Herget, Hooks, Kelly, Knowles, Loughery, McLaughlin, Minehan, Murdock, O'Dowd, Pugh, Walsh—17.

Also, Resolution No. 5415 (New Series), as follows:

Resolved, That the Golden Gate Athletic Club be and it is hereby granted permission to hold an amateur boxing exhibition on March 18, 1910, subject to the provisions of Ordinance No. 624 of the Board of Supervisors.

Ayes—Supervisors Bancroft, Cutten, Deasy, Harris, Hayden, Healy, Herget, Hooks, Kelly, Knowles, Loughery, McLaughlin, Minehan, Murdock, O'Dowd, Pugh, Walsh—17.

Action Deferred.

The following Bill heretofore referred to the Printing Committee and returned by said Committee with the recommendation that the same be refused passage was taken up and, on motion of Supervisor Herget, *laid over one week*:

Authorizing Appointment of Typewriter Repair Man.

Bill No. 1222, Ordinance No. — (New Series), entitled, "Authorizing the appointment of a 'Typewriter Repairman' for the repair and care of the book typewriting machines in the offices of the County Clerk, County Recorder, Board of Education and

Police Commissioners, and fixing the compensation therefor."

McDOUGALD, as Treasurer of the City and County of San Francisco,

Defendants.

Upon reading and filing the verified complaint of plaintiff in the above entitled action, and on motion of counsel for plaintiff therein, and good cause appearing therefor,

IT IS HEREBY ORDERED that the defendants, and each of them, be and appear before this Court on the 11th day of March, 1910, at the opening of Court on said day, at the court room of Department 8 thereof, in the Grant Building, at the corner of Seventh and Market streets in the City and County of San Francisco, State of California, then and there to show cause, if any they have, why they and each of them, their servants, agents, attorneys and representatives, should not be enjoined and restrained, pending trial and until the final determination of this action, from proceeding with the sale of the street railroad bonds mentioned, referred to and described in said complaint, or any of them, or with the advertising of said bonds, or any of them, for sale, and from receiving, at any time, any bids or bid for the sale of

said bonds, or any of them, and from opening any bids or bid which may be filed with said Board of Supervisors, at any time or place, for said bonds, or any of them, and from selling said bonds, or any of them, upon any bid or bids which may be filed with said Board or otherwise, and from selling said bonds, or any of them, to any person who may file a bid therefor, at any time or to any person whomsoever, and from signing, certifying or countersigning, issuing or delivering said bonds, or any of them, to any bidder or bidders therefor, or to anyone else, at any time or place:

AND IT IS FURTHER ORDERED that in the meantime and until the hearing and determination of this order to show cause, said defendants, and each of them, their servants, agents, attorneys and representatives, be, and they are hereby enjoined and restrained from proceeding with the sale of the street railroad bonds mentioned, referred to and described in said complaint, or any of them, or with the advertising of said bonds, or any of them, for sale, and from receiving, at any time, any bids or bid for the sale of said bonds, or any of them, and from opening any bids or bid which may be filed with said Board of Supervisor at any time or place, for said bonds, or any of them, and from selling said bonds, or any of them, upon any bid or bids which may be filed with said Board or otherwise, and from selling said bonds, or any of them, to any person who may file a bid therefor, at any time or to any person whomsoever, and from signing, certifying or countersigning, issuing or delivering said bonds, or any of them, to any bidder or bidders therefor, or to any one else, at any time or place:

IT IS FURTHER ORDERED that plaintiff file an undertaking on injunction, in the sum of Ten Thousand (10,000) Dollars to be approved by a Judge of this Court.

Dated, San Francisco, this 28th day of February, 1910.

GEO. A. STURTEVANT, Judge.

The undertaking on injunction in the sum of ten thousand (10,000) dollars, required by the foregoing order to be filed by plaintiff, has been filed and approved.

H. I. MULCREVY, Clerk.

By D. J. SULLIVAN, Deputy County Clerk and ex-officio Deputy Clerk of the Superior Court.

Whereupon, the following Resolutions were introduced by Supervisor Pugh and on his motion *laid over one week*:

Clerk to Advertise Sale of Geary Street Municipal Railway Bonds.

Resolution No. — (New Series), as follows:

Resolved, That the Clerk of this Board be and he is hereby directed to advertise a notice for the sale of the Geary Street Railway bonds, issue of July 1, 1910, to the amount of \$200,000.00, comprising thirteen bonds of each year's maturities, 1915 to 1924 inclusive, in accordance with specifications therefor approved by the Public Utilities Committee, said sale to be held on April 4, 1910, at the hour of 3 o'clock p. m.

Accepting Offer of Dillon & Hubbard for Passing on Validity of Polytechnic High School and Geary Street Municipal Street Railway Bonds.

Also, Resolution No. — (New Series), as follows:

Whereas, A communication has been received from the City Attorney, transmitting a letter from Messrs. Dillon & Hubbard, of New York, relating to the relations existing between the City and County of San Francisco and said Dillon & Hubbard in respect to the examination of proceedings connected with the issuance of the bonds of the City and County, which communications are hereby ordered to be entered in full in the Journal of Proceedings and made a part hereof, and

Whereas, It appears from said communication of Dillon & Hubbard that said Dillon & Hubbard offer and are willing to examine into the proceedings taken by the City and County in the matter of the issuance of the Polytechnic High School bonds amounting to \$600,000, and the Geary Street Railway bonds, amounting to \$2,020,000 (including the Market Street Railway bonds), for the sum of sixty cents for each \$1000 bond of said issues, in addition to the compensation heretofore agreed to be paid, as set forth in said communication in the following words and figures:

"As above stated, it is clear that if no other bonds had been submitted to the vote of the people beyond the \$18,200,000 of bonds, we should be entitled under our contract to the sum of \$13,420, that is the \$9,540 already received, plus the \$1380, plus the \$2500. If it is your view and that of the other City officers that no payment beyond this \$13,420 would be due unless in case of the actual issuance of the bonds beyond the \$18,200,000 of bonds voted at the first election, and if it is your view and that of the other City officers that our fee should be this \$13,420 plus sixty cents per bond for the \$600,000 Polytechnic High School bonds, and sixty cents per bond for the Geary Street Railway bonds (making \$1560 in respect of these two issues of bonds), we are willing to accept that view and to proceed with the examination of these two issues \$600,000 Polytechnic High School bonds and \$2,000,000 Geary

Street Railway bonds on the understanding above stated," now, therefore,

Resolved, That said offer of Messrs. Dillon & Hubbard in respect to the examination of the proceedings relative to the issuance of said Polytechnic High School bonds and Geary Street Railway bonds be and the same is hereby accepted on the part of the City and County of San Francisco, and the compensation fixed in above offer as the sum to be paid for all services rendered and to be rendered in such connection is hereby agreed to, and the City Attorney is hereby instructed to transmit to Dillon & Hubbard certified copies of all proceedings had in relation to said bond issues, and the Clerk of this Board is instructed to furnish the City Attorney with such certified copies.

Passed for Printing.

The following matters were *passed for printing*:

Ordering Sewer Work.

On motion of Supervisor McLaughlin:

Bill No. 1235, Ordinance No. — (New Series), entitled, "Ordering the construction of sewers and appurtenances in the Lower Sunset District, approving and adopting plans and specifications therefor, and authorizing the Board of Public Works to enter into contract for doing said work at an estimated cost of one hundred and seventy-five thousand (\$175,000.00) dollars, payable out of the proceeds of sale of Sewer Bonds, issue of 1908."

Full Acceptance, Certain Streets.

Also, Bill No. 1236, Ordinance No. — (New Series), entitled, "Providing for full acceptance of the roadway of Baker street between Union and Filbert streets; Jersey street between Diamond and Douglass streets; crossing of Clement street and Twelfth avenue, crossing of Greenwich and Laguna streets, crossing of Twentieth and Harrison streets, paved with bituminous rock."

Conditional Acceptance, Florida Street, Between Mariposa and Nineteenth Streets.

Also, Bill No. 1237, Ordinance No. — (New Series), entitled, "Providing for conditional acceptance of the roadway of Florida street, between Mariposa and Nineteenth streets, paved with bituminous rock."

Changing Grades, Certain Streets.

Also, Bill No. 1238, Ordinance No. — (New Series), entitled, "Changing and re-establishing the official grades on Forty-seventh avenue between Moraga street, formerly M street, and Ortega street, formerly O street; on Noriega street, formerly N street, between Forty-sixth and Forty-eighth avenues; on Forty-sixth avenue be-

tween Ortega street, formerly O street, and the southerly line of Pacheco street, formerly P street; on Pacheco street, formerly P street, between the easterly line of Forty-sixth avenue and Forty-seventh avenue, and on Forty-seventh avenue between Ulloa street, formerly U street, and Sloat boulevard."

Also, Bill No. 1239, Ordinance No. — (New Series), entitled, "Changing and re-establishing the official grades on Diamond street between Elizabeth street and the northerly line of Twenty-third street and on Twenty-third street at the crossing of Diamond street."

Also, Bill No. 1240, Ordinance No. — (New Series), entitled, "Changing and re-establishing the official grades on Twenty-sixth avenue between Lake and West Clay streets."

Also, Bill No. 1241, Ordinance No. — (New Series), entitled, "Changing and re-establishing the official grades on Price row."

Adopted.

The following Resolutions were adopted:

Intention to Change Grades. Certain Streets.

Resolution No. 5416 (New Series), Declaring it to be the intention of the Board of Supervisors to change and establish grades at certain points and elevations on London street, between Persia and France avenues, and on Russia avenue, between Mission street and the easterly line of London street, in accordance with the recommendation of the Board of Public Works filed February 18, 1910, and directing said Board of Public Works to cause to be conspicuously posted along the street or streets upon which said change of grade is contemplated a notice of the passage of this Resolution of Intention.

Ayes—Supervisors Bancroft, Cutten, Deasy, Harris, Hayden, Healy, Herget, Hooks, Kelly, Knowles, Loughery, McLaughlin, Minehan, Murdock, O'Dowd, Pugh, Walsh—17.

Denying Appropriations for Repair of Unaccepted Streets.

Also, Resolution No. 5417 (New Series), as follows:

Whereas, The Board of Public Works of the City and County has heretofore, from time to time, filed with this Board communications wherein and whereby said Board of Public Works has petitioned this Board to appropriate and make available public funds, in the sundry amounts therein specified, wherewith to enable it to make to any portion of the roadway or any portion of the sidewalk of any improved street, avenue, lane, alley, court or place, in the City and County of San Francisco, none of which has been accepted by the Supervisors of said City and County as by law provided, such re-

pairs as are contemplated by and provided for in Section 16, Chapter II, Article VI of the Charter of said City and County, or in Section 5, Article I of said Charter as to any defect in such roadway or sidewalk, and particularly to make such repairs to the sidewalks in said communications respectively enumerated and described therein; and,

Whereas, The sum fixed and appropriated in the Budget for the fiscal year 1909-10, by Ordinance No. 793 (New Series), approved June 1, 1909, for "paving, repaving and repairs to streets, etc.," is inadequate to meet the obligations of the City and County imposed by the provisions of Section 23, Chapter II, Article VI of said Charter, to keep in repair and to remove the accepted streets in the City and County, and to allow of other street improvements deemed of general public necessity; now, therefore, be it

Resolved, That all applications heretofore made by the said Board of Public Works for public funds for the purposes or any of them, hereinbefore mentioned, be and the same are hereby denied and rejected; and, the said Board of Public Works is hereby notified that no public funds will be appropriated or made available for such purposes or any of them, during the current fiscal year.

Ayes—Supervisors Bancroft, Cutten, Deasy, Harris, Hayden, Healy, Herget, Hooks, Kelly, Knowles, Loughery, McLaughlin, Minehan, Murdock, O'Dowd, Pugh, Walsh—17.

Amending Building Law Relative to Percentage of Lot Occupied, Bay Windows, Ventilation of Water Closets, Etc.

The following Bill heretofore re-

committed to the Public Buildings Committee and returned by said Committee amended in various particulars *was taken up*:

Bill No. 1225, Ordinance No. — (New Series), entitled, "Amending Sections 153, 205, 206, 207 and 230 of Ordinance No. 1008 (New Series), approved December 22, 1909, known as 'The Building Law,' relating respectively to dimensions of bay windows on frame buildings, limiting percentum of lot occupied by building for three or more families, areas of inner and lot line courts, and ventilation of water closets, etc."

Motion.

Supervisor Hocks moved that A. D. Schuitz, architect, be granted the privilege of the floor.

So ordered.

Privilege of the Floor.

Whereupon, *A. D. Schuitz*, architect, representing Mission Promotion Association, addressed the Board, stating that the public was not in favor of a new Building Law as passed by the recent Board, and that this was shown by the fact that no frame buildings were being erected.

Andrew Gallagher, representing the San Francisco Labor Council, also addressed the Board, stating that the Labor Council had gone on record as opposed to the proposed amendment and to the compromise offered thereto. He declared that the interests of the whole people would be served by requiring the largest measure of light and air space in the construction of tenement buildings.

Theo. Johnson, representing the San Francisco Labor Council, also addressed the Board, opposing the proposed compromise or any amendment to the Building Law, reducing the amount of light and air space.

Ralph McLeran, representing the Builders' Exchange, also addressed the Board, stating that the stringency of the present Building Laws was hampering the building industry of San Francisco and was causing the population to move across the bay and down the peninsula. He stated that not one contract for buildings of the character covered by the proposed amendment had been filed since the law went into effect two months ago.

Passed for Printing.

Thereupon, the question being taken the foregoing Bill was *passed for printing* by the following vote:

Ayes—Supervisors Bancroft, Deasy, Harris, Hayden, Healy, Herget, Hocks, Knowles, Loughery, Minehan, Nelson, O'Dowd, Pugh—13.

Noes—Supervisors Cutten, Kelly, McLaughlin, Murdock, Walsh—5.

Knutsen at No. 1120 Potrero avenue and had even agreed to purchase the property of the petitioner for \$2000, but that the deal fell through because the owner raised his price within eight hours after the agreement was made, to \$2500. He requested that the Resolution denying the permit be adopted.

Motion.

Supervisor McLaughlin moved that the Resolution be divided and the matter of the petition of Theo. Knutsen be made the subject of a separate resolution.

Motion carried.

Adopted.

Whereupon, the following Resolutions were introduced and adopted by the following votes:

Resolution No. 5470 (New Series).

Resolved, That, in the exercise of the sound and reasonable discretion of the Board of Supervisors, permission be and is hereby denied Theo. Knutsen to maintain a stable for two horses in premises situate at No. 1120 Potrero avenue.

Ayes—Supervisors Bancroft, Cutten, Deasy, Harris, Hayden, Healy, Herget, Hooks, Kelly, Knowles, Loughery, Minehan, Murdock, Nelson, O'Dowd, Pugh, Walsh—17.

No—Supervisor McLaughlin—1.

Also, Resolution No. 5471 (New Series), as follows:

Resolved, That in the exercise of the sound and reasonable discretion of the Board of Supervisors permission be and is hereby denied the following named petitioners to maintain stables, to wit:

Guiseppi Tresse, under residence at No. 20 Bessie street, two horses.

C. O'Toole, east line of Kansas

street, between Twentieth and Twenty-second streets, one horse.

Madigan and Boyle, No. 11 Kissling street, thirty horses.

Ayes—Supervisors Bancroft, Cutten, Deasy, Harris, Hayden, Healy, Herget, Hooks, Kelly, Knowles, Loughery, McLaughlin, Minchan, Murdock, Nelson, O'Dowd, Pugh, Walsh—18.

Adopted.

The following Resolution laid over from last week was taken up and on motion *adopted*:

Denying Lease of City Property on Sacramento Street, Between Baker and Lyon Streets, to S. F. Home for Incurables.

Resolution No. 5472 (New Series), as follows:

Resolved, That the Board of Supervisors, in the exercise of its sound and reasonable discretion, hereby denies the petition of the San Francisco Home for Incurables for lease of City property, situate on Sacramento street near Baker, for hospital purposes.

Ayes—Supervisors Bancroft, Cutten, Deasy, Harris, Hayden, Healy, Herget, Hooks, Kelly, Knowles, Loughery, McLaughlin, Minchan, Murdock, Nelson, O'Dowd, Pugh, Walsh—18.

Recommended.

The following Bill laid over from last meeting was taken up and on motion of Supervisor Herget ordered *recommended to the Printing Committee*:

Authorizing Appointment of Typewriter Repair Man.

Bill No. 1222, Ordinance No. — (New Series), entitled, "Authorizing the appointment of a typewriter repair man, for the repair and care of the book-copying machines in the offices of the County Clerk, County Recorder, Board of Education and Police Commissioners, and fixing the compensation therefor."

Repeating Resolution Requiring Board of Public Works to Call for Bids by One General Contractor for the Construction of Each Public Building.

The following Resolution was introduced by Supervisor Nelson:

Resolved, That Resolution No. 5463, approved February 25, 1910, requesting the Board of Public Works as far as possible to do so, to call for one contract to cover all construction on future public buildings, be and the same is hereby repeated.

Privilege of the Floor.

Mr. A. Burke, representing Henning & Burke, contractors, obtained the privilege of the floor and addressed the Board, stating that his firm, together with other contractors, fully endorsed the action of the Board in recommending that contracts for the construction of public buildings be let

to one general contractor who would be responsible for all delays.

Recommended.

Supervisor Kelly moved that the Resolution be recommended to the Public Buildings Committee.

So ordered.

Adopted.

The following Resolutions were *adopted*:

Accepting Offer of Spaulding and Neff to Sell for \$15,000 Certain Land Required for Municipal Purposes.

On motion of Supervisor Nelson: Resolution No. 5473 (New Series), as follows:

Whereas, An offer has been received from Spaulding and Neff, to convey to the City and County of San Francisco certain land in Potrero Nuevo Block No. 159, said land being required for municipal purposes, and

Whereas, The price at which said parcel of land is offered is in accordance with the appraised value thereof, be it

Resolved, That the offer of Spaulding and Neff to convey to the City and County of San Francisco a good and sufficient fee simple title to the following described land, free of taxes for the year 1909-10, and a McEnerney title thereto, for the sum of \$15,000, be and is hereby accepted, to wit:

Commencing at a point on the westerly line of Rhode Island street, distant thereon 511 feet 11 inches southerly from the southerly line of Army street, thence north 50 degrees 30 minutes west, 58 feet 10 inches to a point; thence north 66 degrees and 52 minutes west 81 feet 10 inches to a point 433 feet southerly from the southerly line of Army street; thence westerly on a line parallel with the southerly line of Army street 85 feet 4 inches to the easterly line of Kansas street; thence northerly and along the easterly line of Kansas street 150 feet; thence at right angles easterly 200 feet to the westerly line of Rhode Island street; thence southerly and along the westerly line of Rhode Island street 228 feet 11 inches to the point of commencement. Being a portion of Potrero Nuevo Block No. 159.

The City Attorney is hereby directed to examine the title to the said land, and if the same is found to be vested in the aforesaid owner, free from all encumbrances, and that the taxes for the fiscal year are paid, and that the so-called McEnerney title has been procured, or sufficient moneys reserved for the procuring of same, to report the result of his examination to the Board of Supervisors, and also to cause a good and sufficient deed for said land to be executed and delivered to the City and County upon the payment of

the agreed purchase price as aforesaid, and be it further

Resolved, That it is understood and agreed that a railroad switch will be run through said land by the city for the use and benefit of the property.

Ayes—Supervisors Bancroft, Cutten, Deasy, Harris, Hayden, Healy, Herget, Hocks, Kelly, Knowles, Loughery, McLaughlin, Minehan, Murdock, Nelson, O'Dowd, Pugh, Walsh—18.

Accepting Offer of Maurice Long to Sell for \$2000 Certain Land Required for Children's Playground Purposes.

Also, Resolution No. 5474 (New Series), as follows:

Whereas, An offer has been received from Maurice Long, to convey to the City and County of San Francisco certain land in 100 Vara Block No. 397 (Communication from City Attorney filed March 3, 1910), being required as an additional site to the Children's Playground, and

Whereas, The price at which said parcel of land is offered is in accordance with the appraised value thereof; therefore be it

Resolved, That the offer of Maurice Long to convey to the City and County of San Francisco a good and sufficient fee simple title to the following described land, free of all incumbrances, for the sum of two thousand (\$2000.00) dollars, be and is hereby accepted, the said land being described as follows, to wit:

Commencing at a point on the southwesterly line of Harriet street, distant thereon 75 feet northwesterly from the northwesterly line of Bryant street, running thence northwesterly along said southwesterly line of Harriet street 25 feet; thence at a right angle southwesterly 75 feet; thence at a right angle southeasterly 25 feet; thence at a right angle northeasterly 75 feet to the southwesterly line of Harriet street and point of commencement.

The City Attorney is hereby directed to examine the title to the said land, and if the same is found to be vested in the aforesaid owner, free from all encumbrances, and that the taxes for the current fiscal year are paid, and that the so-called McEnerney title has been procured, or sufficient money reserved for the procuring of same, to report the result of his examination to the Board of Supervisors, and also to cause a good and sufficient deed for said land to be executed and delivered to the City and County upon the payment of the agreed purchase price as aforesaid.

Ayes—Supervisors Bancroft, Cutten, Deasy, Harris, Hayden, Healy, Herget, Hocks, Kelly, Knowles, Loughery, McLaughlin, Minehan, Murdock, Nelson, O'Dowd, Pugh, Walsh—18.

Passed for Printing.

The following matters were *passed for printing*:

Authorizing Payment of \$15,000 to Spaulding and Neff for Certain Land Required for Municipal Purposes.

On motion of Supervisor Nelson:

Resolution No. — (New Series), Authorizing an expenditure of \$15,000 to be made out of the "Garbage System Construction Account" of the Public Building Fund, bond issue of 1908, in payment to Spaulding & Neff, being the purchase price of a lot of land situate at the westerly line of Rhode Island street, distant thereon 511 feet 11 inches southerly from the southerly line of Army street, of irregular dimensions, and more fully described in Resolution No. 5473 (New Series), and being a portion of Potrero Nuevo Block No. 150.

Authorizing Payment of \$2000 to Maurice Long for Certain Land Required for Playground Purposes.

Also, Resolution No. — (New Series), Authorizing an expenditure of \$2000.00 to be made out of the "Playground Acquisition Account" of the Public Building Fund, bond issue of 1904, in payment to Maurice Long as purchase price of a lot of land commencing at a point on the southwesterly line of Harriet street, distant thereon 75 feet northwesterly from Bryant street, of dimensions 25 feet frontage by a uniform depth of 75 feet, being a part of 100 Vara Block No. 397, the said land being required for Children's Playground purposes.

Action Deferred.

The following Resolution, laid over from last meeting, was taken up and on motion again, laid over one week: **Clerk to Advertise Sale of Geary Street Municipal Railway Bonds.**

Resolution No. — (New Series), as follows:

Resolved, That the Clerk of this Board be and he is hereby directed to advertise a notice for the sale of the Geary Street Railway bonds, issue of July 1, 1910, to the amount of \$260,000.00, comprising thirteen bonds of each year's maturities, 1915 to 1934 inclusive, in accordance with specifications therefor approved by the Public Utilities Committee, said sale to be held on April 4, 1910, at the hour of 3 o'clock p. m.

Adopted.

The following Resolution laid over from last meeting was taken up and *adopted* by the following vote:

Accepting Offer of Dillon & Hubbard for Passing on Validity of Polytechnic High School and Geary Street Municipal Street Railway Bonds.

Resolution No. 5475 (New Series), as follows:

Whereas, A communication has been received from the City Attorney, transmitting a letter from Messrs. Dillon & Hubbard, of New York, relating to the relations existing between the City and County of San Francisco and said Dillon & Hubbard in respect to the examination of proceedings connected with the issuance of the bonds of the City and County, which communications are hereby ordered to be entered in full in the Journal of Proceedings and made a part hereof, and

Whereas, It appears from said communication of Dillon & Hubbard that said Dillon & Hubbard offer and are willing to examine into the proceedings taken by the City and County in the matter of the issuance of the Polytechnic High School bonds amounting to \$600,000, and the Geary Street Railway bonds, amounting to \$2,020,000 (including the Market Street Railway bonds), for the sum of sixty cents for each \$1000 bond of said issues, in addition to the compensation heretofore agreed to be paid, as set forth in said communication in the following words and figures:

"As above stated, it is clear that if no other bonds had been submitted to the vote of the people beyond the \$18,200,000 of bonds, we should be entitled under our contract to the sum of \$13,420, that is the \$9,540 already received, plus the \$1280, plus the \$2500. If it is your view and that of the other City officers that no payment beyond this \$13,420 would be due unless in case of the actual issuance of the bonds beyond the \$18,200,000 of bonds voted at the first election, and if it is your view and that of the other City officers that our fee should be this \$13,420 plus sixty cents per bond for the \$600,000 Polytechnic High School bonds, and sixty cents per bond for the Geary Street Railway bonds (making \$1560 in respect of these two issues of bonds), we are willing to accept that view and to proceed with the examination of these two issues, \$600,000 Polytechnic High School bonds and \$2,000,000 Geary Street Railway bonds on the understanding above stated." now, therefore,

Resolved, That said offer of Messrs. Dillon & Hubbard in respect to the examination of the proceedings relative to the issuance of said Polytechnic High School bonds and Geary Street Railway bonds be and the same is hereby accepted on the part of the City and County of San Francisco, and the compensation fixed in above offer as the sum to be paid for all services rendered and to be rendered in such connection is hereby agreed to, and the City Attorney is hereby instructed to transmit to Dillon & Hubbard certified copies of all proceedings had in relation to said bond issues, and the Clerk of this Board is

instructed to furnish the City Attorney with such certified copies.

Accepting Bid of A. J. Pon for Gough Street Franchise.

Supervisor Pugh introduced:

Resolution No. - (New Series), as follows:

Resolved, That the bid of A. J. Pon, accompanied by an appropriate bond heretofore filed, for the purchase of the street railway franchise heretofore advertised for sale by the Clerk of this Board, in accordance with the provisions of Resolution No. 5096 (New Series), wherein said A. J. Pon bids three (3) per cent of the gross receipts of such railroad for the first five (5) years of the period for which said franchise is to be granted, four (4) per cent of the gross receipts during the next succeeding ten (10) years, and five (5) per cent of the gross receipts during the next succeeding ten (10) years, and agrees to take the same in accordance with the conditions in said Resolution No. 5096 (New Series), set forth and imposed, be and the same is hereby accepted; and said franchise so described in Resolution No. 5096 (New Series) be and the same is hereby struck off, sold and awarded to A. J. Pon, he being the only and highest bidder therefor.

Privilege of the Floor.

Gus Lachman, representing Mission Merchants' Association, was granted the privilege of the floor and addressed the Board, stating that he had no objection to the granting of the franchise provided that the United Railroads continue to run lines Nos. 23 and 24 on Mission street as heretofore, but if such was not the intention he wished to enter a protest, on the ground that the granting of a franchise would work an irremediable injury on the business of Mission street.

J. Taaffe, attorney, representing property owners and merchants in the vicinity of Fourteenth, Church and Market streets, also addressed the Board, opposing the granting of any franchise that would divert traffic from Fillmore street.

G. Gullixson, representing Gullixson Bros. Inc., also addressed the Board, stating that his firm would stand to lose a great deal of money if through the granting of a franchise on Gough street the number of cars traveling on Fillmore street was reduced. He stated that if the number of cars on the Fillmore street line was not reduced he

was in favor of the Gough street franchise.

A. Demier, representing the Fillmore Street Improvement Association, also addressed the Board, stating that the purpose of the Gough street franchise was to relieve the traffic which could not be accommodated over Fillmore street hill. He also stated that the Fillmore Street Improvement Association, which Mr. Pon represented, would finance the venture and declared that the United Railroads could not do so because the property acquired would be subject to all the outstanding bonds of the company, and money could not be raised on the same for carrying on the work.

J. Maguire, representing the Mission Promotion Association, also addressed the Board, favoring the granting of a franchise, inasmuch as it would benefit the entire Mission district.

B. C. Graves, representing the Mission Promotion Association also addressed the Board, favoring granting of the franchise.

Fred. Eggers, representing the Central Mission and Hayes Valley Improvement Club, also addressed the Board, stating that his organization was in favor of the Gough street franchise and declaring that it would benefit the entire Mission district and would help to build up Hayes Valley to its former prosperous condition.

L. H. Peterson, representing Upper Market Street Improvement Association and eighteen other Improvement Clubs, stated that he was a member of a Joint Committee on Street Railway Extension and was in favor of the granting of the Gough street franchise, inasmuch as it would serve to facilitate transportation and relieve congestion in that part of the city.

He also stated that the organizations which he represented intended in the near future to petition the Board of Supervisors for a franchise over the Mission and Divisadero Cross Town line and other extensions deemed necessary for the convenience of outlying districts.

Adopted.

Whereupon, the question being taken on the above resolution, the same was adopted as Resolution No. 5476 (New Series) by the following vote:

Ayes—Supervisors Bancroft, Deasy, Harris, Hayden, Healy, Herget, Hocks, Kelly, Knowles, Loughery, Minehan, Murdock, Nelson, Pugh, Walsh—15.

Noes—Supervisors Cutten, McLaughlin, O'Dowd—3.

Passed for Printing.

Whereupon, the following Bill was introduced by Supervisor Pugh and passed for printing by the following vote:

"Gough Street Franchise."

Bill No. 1244, Ordinance No. — (New Series), entitled "Granting to A. J. Pon a franchise for a right of way, and the right to construct, maintain and operate a double-track, standard-gauge railroad, together with all necessary side-tracks, turnouts, switches, curves and crossings, along Gough street, between McAllister and Market streets, in the City and County of San Francisco.

Ayes—Supervisors Bancroft, Cutten, Deasy, Harris, Hayden, Healy, Herget, Hocks, Kelly, Knowles, Loughery, McLaughlin, Minehan, Murdock, Nelson, O'Dowd, Pugh, Walsh—16.

No—Supervisor McLaughlin—1.

Absent—Supervisor Bancroft—1.

Passed for Printing.

The following matters were passed for printing:

"Fender Ordinance."

On motion of Supervisor Pugh:

Bill No. 1245, Ordinance No. — (New Series), entitled "An Ordinance requiring cars operated over street railway tracks to be equipped with fenders therein described, and regulating the operation of cars on street railway tracks in the City and County of San Francisco."

Ordering Construction of Portion of Mission Viaduct.

On motion of Supervisor McLaughlin:

Bill No. 1246, Ordinance No. — (New Series), entitled "Ordering the construction of the southerly section of a reinforced concrete viaduct and earth-filled approach along Mission street between Marshall and Springdale streets, in accordance with plans and specifications prepared by the Board of Public Works and authorizing the Board of Public Works to enter into contract for the doing of said work and to expend therefor a sum not to exceed eighty-five thousand dollars (\$85,000).

Accepting Deed for the Opening and Extending of Certain Streets in Demartini Tract.

Also, Bill No. 1247, Ordinance No. — (New Series), entitled "Accepting a deed from S. F. Johnson, Frank Demartini, Elizabeth Dissmeyer, Paul Demartini, James Demartini, Annie Castagnetto, Caterina Bignetti, Emelia Toboni, Emelia Toboni as guardian of the persons and estates of Girolamo Tiscornia, Paolo Tiscornia and Maria Tiscornia, minors; Edwin J. Baumberger and John Depaoli, as trustees for James Bignotti; Edwin J. Baumberger and Giovanni Bignotti, as trustees for Gus B. Risso and James Bignotti; William Feehan Company, a corporation; Gregory Chamberlain and R. M. Clark, to lands for the opening and extension of Cotter street, Theresa

street, Tingley street and Garden Lane street, and land in Tract A for the widening of San Jose avenue, and land in Tract B as a sewer right of way.

Full Acceptance. Certain Streets.

Also, Bill No. 1248, Ordinance No. — (New Series), entitled "Providing for full acceptance of the roadway of California street between Twenty-third and Twenty-fourth avenues; Clipper street, between Noe and Castro streets; Noe street, between Clipper and Twenty-fifth streets; crossing of Noe and Twenty-fifth streets; crossing of Clipper and Noe streets."

Conditional Acceptance. Crossing of California Street and Twenty-fifth Avenue.

Also, Bill No. 1249, Ordinance No. — (New Series), entitled "Providing for conditional acceptance of the roadway of crossing of California street and Twenty-fifth avenue, paved with asphalt.

Ordering Street Work.

Also, Bill No. 1250, Ordinance No. — (New Series) entitled "Ordering the performance of certain street work to be done in the City and County of San Francisco, approving and adopting specifications therefor and authorizing the Board of Public Works to enter into contract for doing the same," the provisions of which order the following street work:

That artificial stone sidewalks be constructed on the easterly side of Stanyan street, between Frederick and Beulah streets.

That artificial stone sidewalks be constructed on Filbert street, between Fillmore and Webster streets.

That a 24-inch vitrified, salt-glazed, ironstone pipe sewer and appurtenances be constructed along the center line of Scott street, from the southerly line of Lombard street to the northerly line of Greenwich street.

That a 24-inch vitrified, salt-glazed, ironstone pipe sewer and appurtenances be constructed along the center line of Scott street, between the northerly and center lines of Greenwich street.

That one brick manhole with cast iron frame and cover and galvanized wrought iron steps be constructed on the center line of Greenwich street, three feet westerly from the easterly line of Scott street.

In accordance with the recommendation of the Board of Public Works, filed February 24, 1910.

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

His Honor, the Mayor, presented the following matters which were read by the Clerk:

Relative to Request of Secretary of the Interior Calling Upon City to Show Why Hetch Hetchy Valley as a Source of Water Supply for San Francisco Should Not Be Stricken From the Garfield Permit.

The Secretary of the Interior, Washington.

February 25, 1910.

Gentlemen: My predecessor, Honorable James R. Garfield, heretofore, on the eleventh day of May, 1908, granted a permit to the city of San Francisco containing the following provision:

3. The City and County of San Francisco will develop the Lake Eleanor site to its full capacity for beginning the development of the Hetch Hetchy site, and the development of the latter will be begun only when the needs of the City and County of San Francisco and adjacent cities which may join with it in obtaining a common water supply, may require such further development.

This permit contemplates the contingent use of the Hetch Hetchy Valley in the Yosemite National Park as a source of water supply for the City of San Francisco. I have just received reports from the Director of the Geological Survey and Engineers Hill and Hopson of the Reclamation Service, who were directed by me in October last to investigate and report upon the sources of water supply involved in said permit and the necessity for the retention of the Hetch Hetchy Valley within the terms thereof.

In view of the conclusions of Director Smith, a copy of whose report is herewith attached, as to the sufficiency of the Lake Eleanor reservoir site when fully developed, and in view of the importance of the public interests involved in this matter, and the Government's obligation in connection therewith, I feel it my duty to call upon you to show why the Hetch Hetchy Valley and reservoir site should not be eliminated from said permit.

You are accordingly notified to submit the showing above indicated on or before the first day of May of this year.

Very respectfully,

R. A. BALLINGER, Secretary,
The Honorable Mayor and Supervisors of the City and County of San Francisco, California.

Report of Geo. Otis Smith, Director of Geological Survey.

Department of the Interior, United States Geological Survey, Washington.

February 25, 1910.

The Honorable, the Secretary of the Interior.

Sir: While accompanying you on a personal inspection of the Yosemite National Park in October, 1909, I was directed by you, in addition to making physical examination of that portion of the park involved in the application and permit of the City of San Francisco to procure a water supply from Lake Eleanor and Hetch Hetchy Valley, to review the government records and all other data which might be available relating to the subject. Pursuant to similar instructions, Engineers Hill and Hopson of the Reclamation Service, who participated in said physical examination, have submitted reports to you. With the conclusions therein announced I fully concur and submit the following report which is based largely upon the data therein set forth.

Under its application for the right to acquire and develop a municipal water supply in the Lake Eleanor and Hetch Hetchy valleys, and the drainage areas tributary thereto, the city sets up two claims:

First. That the Tuolumne river constitutes the only practicable and reasonable source of water supply for San Francisco; and,

Second. That the city "could not afford to develop the Lake Eleanor site alone, without every assurance possible to be given by the government that the Hetch Hetchy site will be available as soon as the needs of the city exceed the Lake Eleanor storage capacity."

The permit granted by the Secretary of the Interior on May 11, 1908, specifically omitted any consideration of the availability or adequacy of other Sierra sources of water supply. At the hearings before the Senate and House Committees having under consideration proposed legislation looking to the Congressional confirmation of the permit accorded the city, however, the representatives of San Francisco admitted that there are available other sources of supply, which sources, in the opinion of eminent engineers, are reasonable and practicable, it further appearing that the preference for the Hetch Hetchy Valley is based primarily upon the consideration that it is the only source free from conflicting private claims. The further advantage claimed in its favor is that "this one must forever remain free from habitation by virtue of the natural conditions and by virtue of the fact that it is in the hands of the National Government which will maintain it as a reservation."

Other practicable sources of supply being available, the first claim of the city resolves itself into the question of relative cost between the National Park project and the development of such other sources, and is, in my opinion, not justified.

The permit now in force provides for the full development of the Lake Eleanor site, to which no opposition appears on the part of the public. If there cannot be reasonably made available, through the development of this portion of the proposed scheme, a supply of water ample to meet the present and prospective needs of the city, the second claim that the city "could not afford to safely develop the Lake Eleanor site alone without every assurance possible to be given by the Government that the Hetch Hetchy site will be available as soon as the needs of the city exceed the Lake Eleanor storage capacity" is justified, and this question has received careful consideration at the hands of Messrs. Hill and Hopson and myself.

As above indicated, such adequacy must be measured in the light of the future needs of San Francisco and the bay cities which may possibly at some time unite to form a metropolitan water district. The population and the water consumption of such a district forty or fifty years hence are, of course, altogether matters of conjecture, and there is a wide divergence between estimates by the city engineers and other engineers, apparently equally qualified.

There is an unfortunate dearth of rainfall and run-off data for the streams tributary to the Lake Eleanor basin, but a general hydrographic study of the Tuolumne and other Sierra drainage systems justifies the conclusion that there is a general diminution in precipitation and yield as we proceed southward; it is, therefore, practicable, on the basis of relative areas, to conservatively estimate the proportion of run-off represented in the long-term gaging records at La Grange.

Basing his calculations upon the more generous claims of the city's engineers as to prospective population and water consumption, and making due allowance for the flow required to satisfy vested rights of the Modesto and Turlock Irrigation Districts, Engineer Hopson has estimated the available supply from the drainage areas that can be made tributary to the Lake Eleanor reservoir, and finds that this storage will provide an available supply entirely sufficient to not only satisfy normal de-

mands, but insure against shortage during even critical periods of drouth, such as occurred in 1897 to 1899. The margin of safety in every item of his estimates is large and it is confidently anticipated that actual development will prove a considerably greater stream flow available in the several creeks under discussion than that assumed in his calculations.

The development of the Lake Eleanor Reservoir site to its full capacity, as provided for in the decision of the Secretary of May 11, 1908, contemplates the use of the Lake Eleanor and Cherry Creek drainage basins, the former comprising 84 square miles and being in the extreme northwestern portion of the Yosemite National Park, and the latter comprising 108 square miles of the Stanislaus National Forest, immediately adjoining the National Park. These northern tributaries of the Tuolumne River have more prolific drainage areas, both as to precipitation and run-off, than the southern members of the Tuolumne drainage system which are tributary, through the Grand Canyon of the Tuolumne, to the Hetch Hetchy Valley.

The full development of the Lake Eleanor storage reservoir would include, of course, the utilization of the flood waters not only of Cherry Creek, but eventually also of Jack Main and Stubblefield Creeks, whose basins aggregate 93 square miles; and on all of these streams additional storage could later be provided as increased demands might warrant the additional expenditure.

The entire Lake Eleanor region is elevated and bare, and includes a relatively unattractive and inaccessible portion of the High Sierra, being as a consequence much less liable to intrusion by tourists or campers. It can therefore be devoted to the purposes of a municipal water supply and subjected to the necessarily stringent sanitary control incident thereto with a minimum of interference with the rights of the public to the use thereof for park purposes. A collective and storage system as above outlined can be constructed at the Lake Eleanor site at a cost comparing most favorably with that incurred in providing a municipal supply for other large cities in the country.

The conclusion of the Engineers named, which has my full concurrence, is that the Lake Eleanor project is amply sufficient to meet the present and prospective needs of the city and that it is not necessary that

the Hetch Hetchy Valley should be available to San Francisco for the purpose of a municipal water supply.

Very respectfully,

(Signed) GEO. OTIS SMITH,
Director.

Reply of Mayor P. H. McCarthy.

San Francisco, Calif., Mar. 7, 1910.

Hon. R. A. Ballinger, Secy of the Interior, Washington, D. C.:

Official communications in reference to Hetch Hetchy received. San Francisco responds to your request and will make earnest endeavor to satisfy you. Garfield grant is justified. We are preparing data and find it necessary to send delegation to explain City's position. Since Government has taken step toward revocation and requested that we show cause we assume Government will pay expenses trip. In what week before May first will you be best able personally to take up subject with us in Washington? Kindly answer.

P. H. McCARTHY,

Mayor of San Francisco.

Motion.

Supervisor Kelly moved that the Mayor's action in the foregoing matter be concurred in and approved by the Board of Supervisors.

W. R. HAGERTY, Clerk.

WEDNESDAY, MARCH 9, 1910.

In Board of Supervisors, San Francisco, Wednesday evening, March 9, 1910, 8 p. m.

The Board of Supervisors met pursuant to adjournment for the purpose of taking testimony and of making such investigations as will enable it to establish water rates for the fiscal year commencing July 1, 1910.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Bancroft, Deasy, Hayden, Healy, Kelly, Knowles, Loughery, McLaughlin, Minahan, Murdock, Nelson, O'Dowd, Pugh, Walsh—14.

Quorum present.

His Honor Mayor McCarthy being absent, Supervisor Nelson, Chairman of the Water Rates Committee, was called to the Chair.

COMMITTEE OF THE WHOLE.

On motion of Supervisor Murdock, the Board resolved itself into a Com-

mittee of the Whole with Supervisor Nelson in the Chair, for the purpose of continuing the water rates investigation.

The Committee arose at 12:45 o'clock a. m.

Report of the Committee of the Whole.

The Committee of the Whole reports that it has continued the investigation preliminary to the establishment of water rates for the year commencing July 1, 1910.

That it has heard the testimony of S. P. Eastman, Second Vice-President and Manager of the Spring Valley Water Company, and E. C. McCutcheon, attorney of the Spring Valley Water Company, in the matter of making extensions of water service in outlying districts and as to rates for water supplied for building construction; also, of Frank Lentner and T. L. Sharman, representing the Bay View District, as to the inadequacy of water service in said district; also, of W. H. Healy, representing Healy-Tibbitts Construction Company; J. J. Flinn, representing Flinn & Treacy; K. E. Parker, representing Clinton Fireproofing Company; F. Thompson, representing San Francisco Fireproofing Company; S. A. Jubb, contractor, and C. W. Whitney, representing Ransome Concrete Company, as to excessive rates charged for water used in building construction; also of J. J. Fennell, E. S. Rainey and W. S. Scott, representing the Masons and Builders' Association, requesting that provision be made in the water rates bill for payment and installation of water service used in building construction by the owners of buildings;

also of Marsden Manson, City Engineer, as to cost and value of Spring Valley Water Company properties.

That the following matters, heretofore filed with the Board of Supervisors, have been duly considered, admitted in evidence in the pending investigation and designated exhibits as follows:

Exhibit No. 21. Communication from the Masons and Builders' Association, with suggested provision in water rates bill as to rates for building purposes. (Filed March 9, 1910.)

Exhibit No. 22. Protest of Bay View Improvement Association, against inadequate water service furnished by the Spring Valley Water Company in South San Francisco. (Filed March 9, 1910.)

Exhibit No. 23. Communication from the Spring Valley Water Company, as to the amounts and terms under which water is sold by said company outside San Francisco. (Filed March 9, 1910.)

Furthermore, the Committee reports progress and begs leave to sit again on Tuesday evening, March 15, 1910, at 8 p. m., for the purpose of continuing the investigation.

Motion.

Supervisor McLaughlin moved that the report of the Committee of the Whole be adopted.

Motion carried.

ADJOURNMENT.

Whereupon the Board at the hour of 12:50 o'clock a. m., adjourned.

Blasting Permits.

Also, Resolution No. — (New Series), Granting E. and A. Schumacher permission, revocable at will of the Board of Supervisors, to blast in Banks street, from Crescent avenue to Jarboe avenue (formerly Jefferson avenue), for the purpose of excavating a sewer trench, provided that E. and A. Schumacher shall execute and file a good and sufficient bond in the sum of \$10,000, as fixed by the Board of Public Works, in accordance with Ordinance No. 1204; provided also that no blasting shall take place except between the hours of 6 to 3 a. m. and 4 to 6 p. m., and the work of blasting shall be performed to the satisfaction and under the supervision of the Board of Public Works, and that if any of the conditions of this Resolution be violated by said E. and A. Schumacher then the privilege and all rights accruing thereunder shall immediately become null and void.

Also, Resolution No. — (New Series), Granting A. L. Bragg permission, revocable at will of the Board of Supervisors, to blast in Peralta avenue, between York and Florida streets, for the purpose of removing a boulder

in the construction of a sewer, provided that said A. L. Bragg shall execute and file a good and sufficient bond in the sum of (two thousand five hundred dollars (\$2500)), as fixed by the Board of Public Works on March 2, 1910, in accordance with Ordinance No. 1204; provided also that no blasting shall take place except between the hours of 6 to 9 a. m. and 4 to 6 p. m., and the work of blasting shall be performed to the satisfaction and under the supervision of the Board of Public Works, and that if any of the conditions of this Resolution be violated by the said A. L. Bragg then the privilege and all rights accruing thereunder shall immediately become null and void.

Extensions of Time, Sewer Work.

Also, Resolution No. — (New Series), Granting Healy-Tibbitts Construction Company an extension of sixty days' time from and after March 13, 1910, within which to complete the work of constructing sewer on Laguna street and Lombard street under Contract No. 12.

This extension of time is granted upon the recommendation of the Board of Public Works, filed March 5, 1910, for the reason that the contractors encountered a large gas main, which will have to be raised and which will delay the completion of the work.

Also, Resolution No. — (New Series), Granting E. J. Gallagher an extension of fifteen days' time from and after March 20, 1910, within which to complete the contract for the construction of a sewer and appurtenances in Ocean avenue, between Lee avenue and Ashton avenue (formerly Arlington avenue).

This extension of time is granted upon the recommendation of the Board of Public Works, filed March 1, 1910, for the reason that the inclement weather has delayed the contractor in the prosecution of the work.

Adopted.

The following Resolution was adopted:

Board of Public Works to Recommend the Expediency of Performing Certain Street Work.

On motion of Supervisor McLaughlin:

Resolution No. 5516 (New Series), as follows:

Relative to Granting Use of Ocean Beach Highways for Automobile Speed Contests.

His Honor the Mayor presented the following matters:

Mayor's Office, City and County of San Francisco.

March 11, 1910.

To the Honorable Board of Supervisors, No. 64 Eddy Street, City.

Gentlemen—Upon the joint request of the Automobile Club of California, representing owners of automobiles and drivers of automobiles, and the organized automobile dealers of San Fran-

cisco, the Mayor has signified his approval of a plan to hold an automobile speed contest in this City on Saturday afternoon, September 10, 1910. The Mayor believes that this is a commendable outdoor sport which should be distinctly encouraged and hopes that the request of the Club above referred to will be favorably considered by your honorable Board.

Attached herewith please find proposed form of resolution, granting permission to use the highways near the Ocean Beach for this race. Should the wording of this resolution be not exactly as your honorable Board would wish it, the same may, of course, be changed, but the general facts and conditions remain for your guidance.

Yours very sincerely,

(Signed) P. H. McCARTHY,

Mayor of the City and County of San Francisco.

Resolution No. — — (New Series), as follows:

Whereas, Application has been made to the Board of Supervisors of the City and County of San Francisco by the Automobile Club of California that the hereinafter specified public highways be set aside for a given time for real speed contests for automobiles, to be conducted under proper restrictions for the safety of the public,

It is ordered that the hereinafter specified highways, as provided in Subdivision G, Section 2 of an Act approved March 23, 1907 (Statutes 1907, page 916), be, and the same are hereby set aside for the period of time between 12:30 o'clock p. m. and 5 o'clock p. m. of Saturday, September 10, A. D. 1910, for the purpose of road speed tests for automobiles, to be conducted under the following proper restrictions for the safety of the public, viz.:

Other than the contestants in such road speed tests, all vehicles of every kind, including motor-cycles and bicycles, all horsemen and all cattle, hogs, sheep and other animals, and all pedestrians shall be excluded from said public highways so set apart during the whole of said period of time, and there shall be stationed at any cross-road and at each junction of said public highways with any other highway or road, a guard of at least one person, whose duty it shall be to keep the said highways free and clear for the exclusive use of the contestants in said road speed tests, and exclude all other persons, vehicles, animals, etc., from such public highways.

No automobiles shall be permitted to participate in said road speed tests unless the owner or person having charge of said automobile shall register his name and the name of the driver of said automobile, and the name of any mechanic or assistant who accompanies

the driver in such speed tests, together with the description and the number of said automobile so participating with the Automobile Club of California, and shall also first agree in writing to comply to all rules and conditions prescribed or fixed by said Automobile Club of California for the conduct of the participants in such road speed tests. The said highways heretofore referred to, and which are hereby set apart for the purpose herein mentioned are particularly described as follows, to wit:

Beginning at the intersection of Sloat boulevard and Nineteenth avenue, thence along said Sloat boulevard westerly to the Great Highway, thence northwesterly along the Great Highway to the South Side Drive, thence easterly along said South Side Drive to Nineteenth avenue, thence southerly along Nineteenth avenue to Sloat boulevard and the point of beginning. Being in the City and County of San Francisco, State of California.

To the Streets, Sewers and Parks Committee.

Petitions—Of F. L. Whitney, for permission to operate and maintain a spur track on the south side of Bluxome street from a point commencing ninety feet eight inches east of Fifth street and extending sixty feet in a westerly direction and forming an extension to the present spur track on Bluxome street.

Of San Bruno Avenue Improvement Club, requesting that the consideration of all extensions for the purpose of supplying water from the Municipal water plant be deferred one week in order that said club may have an opportunity to file plans for piping San Bruno avenue district.

Of the South of Army Street Improvement Association, requesting that provision be made in the Budget of the coming fiscal year for the purchase of a strip of land wide enough to permit the erection of a foot bridge from Fairmount street to Mission street.

Of Hettie Van Bowden and others, for the change of grade of Sansome street, between Jackson street and Embarcadero.

Of Geo. W. Collins and others, for an appropriation sufficient for the purchase of necessary lands for the widening of Virginia avenue, from Mission street to California avenue.

Of the Bay View Improvement Association, requesting that the matter of changing names of streets and avenues in the Bay View District be taken up at an early date.

Of the Union Special Messenger Service, for permission to string wires over public streets in the district bounded by Washington, Jackson and Kearny streets and Grant avenue.

Of the Richmond Central Improvement Club, requesting the installation of pipes or mains for water service in district bounded by Nineteenth and Twentieth avenues, Geary and Anza streets, for supplying water to the residents in that vicinity.

Communication—From A. Hubbard,

Chairman of the Board of Supervisors of San Joaquin County, with invitation to attend next convention of the County Supervisors of the State of California to be held at Stockton on May 19, 20 and 21, 1910.

Protest—Of Mrs. E. Lyons and others, against assessment for the construction of artificial stone sidewalks on the angular corners of Steiner and Lombard streets.

COMMUNICATIONS AND REPORTS FROM CITY AND COUNTY OFFICERS.

Communications and Reports from City and County Officers were received and referred as follows:

To the Fire Committee.

Communication—From the Board of Public Works, recommending that gas meters for light and fuel purposes be installed in the Fire Department Corporation Yard at Francisco and Stockton streets.

To the Hospital and Health Committee.

Communications—From the Board of Health, with report on the insubstantial condition of the building formerly occupied by the California Women's Hospital on Sacramento street, between Lyon and Baker streets.

From the City Attorney, advising that proposed ordinance prohibiting the gathering of confetti from sidewalks, etc., is sufficient in form in every respect.

From the Board of Health, requesting to be advised as to what provision has been made to defray expense of installing pipes on gables and roofs of Isolation Hospital building for fire protection purposes.

To the Finance Committee.

Communications—From the Board of Education, stating that \$2,000 each will be required for equipment of Marshall, Gratton, Cleveland and Peabody Schools, also requesting that \$50,000 be provided for erection of the Burnett School and that previous requests for similar purpose be withdrawn, also that \$20,000 be provided for the erection of the Harrison School, \$10,000 of which is required for equipment.

From Treasurer, requesting that provision be made for rehabilitation of County Clerk's special deposit fund, the Public Administrator's account, the Police Court Bail Money fund, the Absent Heirs fund, the Special Redemption Tax fund and the Special Teachers' Annuity and Redemption fund, in which funds shortages exist owing to defalcation of officials of previous administrations.

From the Board of Education, stating that said Board in its communication of March 8, 1910, requested that \$30,000 be set aside for the Cleveland

School and \$20,000 for the Harrison School.

From the City Attorney, with opinion that it is the duty of the Board of Supervisors to deny the claims of the United States Protective Association and of the Pacific Humane Society for fines and forfeitures collected in the prosecution of persons guilty of cruelty to animals and children.

From the City Attorney, with opinion that the city is not legally liable, by reason of Resolution No. 565 (New Series) of the Board of Supervisors, for the payment of architect's fees to M. J. Lyon for plans for the Madison and Marshall Schools or to A. E. Heide for plans for the Park School.

To the Police Committee.

Communication—From the Chief of Police relative to the removal of police patrol box on the northwest corner of Pacific street and Grant avenue.

To the Public Buildings Committee.

Communications—From the Board of Public Works, with requisition for one set of Olmstrand's metal files for use in the Secretary's office of said Board.

From Thos. S. Mulvey, Clerk Superior Court, with requisition for certain office furniture and carpet in Department No. 4.

From the Coroner, with requisition for Home telephone service and Pacific telephone service for his office.

From the Board of Education, requesting that various amounts be set aside and made available for equipment of Laguna Honda and Jean Parker Schools.

From the Sheriff, with requisition for telephone in residence of the Chief Bookkeeper of his department at No. 706 Haight street.

Also, with requisition for three Pacific and three Home telephone services in his office.

From the Board of Public Works, transmitting progress report for week ending March 12, 1910, on buildings being constructed under bond issue.

Also, recommending that Kittle Construction Company be granted an extension of thirty days' time from and after March 14, 1910, within which to complete contract for construction of Mission Grammar School building.

Also, transmitting report of the Superintendent of Public Buildings as to cost of laying pine floor, etc., in Recorder's office.

To the Public Utilities Committee.

Communications—From the City Attorney, advising in the matter of the purchase of Lake Eleanor lands and properties.

Also, with opinion that Board of Supervisors cannot proceed under the terms of Judge Sturtevant's injunction in action entitled "Horace G. Platt vs.

City and County of San Francisco" with the advertising, sale or reception of bids for Geary Street Railroad bonds.

Also, requesting that no action be taken granting a permit of any kind for the operation of cars by electricity on the outer tracks on lower Market street for the reason that such action would embarrass his office in the prosecution of suits to have certain street railway franchises declared forfeited.

To the Streets, Sewers and Parks Committee.

Communications—From the Board of Public Works, transmitting copy of map of Corona Heights, approved by said Board.

Also, recommending that Healy-Tibbitts Construction Company be granted an extension of thirty days' time from and after March 12, 1910, within which to complete contract for cleaning and painting Third street bridge.

Also, recommending that \$40,000 worth of street bonds, issue of 1904, be offered for sale and that the proceeds thereof be used for the construction of an asphalt pavement along Mission street, between Fourteenth and Twentieth streets.

Also, recommending the expediency of performing the following street work, the expense thereof to be assessed in whole or in part on private property, to wit:

That granite curbs, artificial stone sidewalks, bituminous rock pavement and a central strip of basalt block be constructed in the crossing of Clara avenue and Seventeenth street and on the crossing of Douglass and Seventeenth streets.

That a bituminous rock pavement be constructed on the southerly half of Seventeenth street, opposite the termination of Corvin place, and that artificial stone sidewalks be constructed on the angular corners of Seventeenth street and Corvin place and that brick cesspools and ironstone pipe culverts be constructed in the angular corners thereof.

That granite curbs and basalt block pavement and basalt block gutters be constructed on the northerly half of Seventeenth street, opposite the termination of Temple street, and that artificial stone sidewalks and granite curbs be constructed in the crossing of said streets.

That granite curbs, basalt block pavement and basalt block gutters be constructed in the southerly half of Seventeenth street, opposite the termination of Mars street, and that artificial stone sidewalks and brick cesspools with ironstone pipe culverts be constructed in the angular corners of Seventeenth and Mars streets.

Also, recommending the conditional

acceptance of the roadway of the crossing of California street and Sixteenth avenue, Parker avenue from the northerly line of Euclid avenue to the southerly line of California street; the crossing of Clement street and Twenty-fourth avenue and the crossing of Clement street and Twenty-fifth avenue, except that portion required by law to be kept in repair by the railroad company having tracks thereon.

Also, recommending that grades be changed and established at certain points and elevations on Hampshire street.

Also, recommending the full acceptance of the roadway of California street, between Twelfth and Thirteenth avenues, Tiffany avenue, between Twenty-eighth and Twenty-ninth avenues; the crossing of Cornwall street, formerly California street South, and Second avenue, paved with bituminous rock, except that portion required by law to be kept in repair by the street railroad company having tracks thereon.

Also, recommending that \$2400 be made available for the construction of pavements in front of school property on Excelsior avenue, between London and Paris streets, and on Persia avenue, between Athens and Moscow streets.

Also, Transmitting petition of Thos. Magee & Sons, requesting extension of time in the matter of the occupation of street space used for the purpose of installing spur track on Front street, from the middle of the block to the northerly line of Pacific street.

Also, recommending that the bond of Robert C. Storrie & Company, to be filed in connection with permit to blast on certain streets, be fixed in the sum of \$10,000.

Also, recommending that \$7,700 be made available to meet expense of extending Jarnac street through Southern Pacific Company's right of way, from its present terminal to Circular avenue for the purpose of giving better access to the Sunnyside District.

Also, recommending that grades be changed and established at certain points and elevations on Alameda street, York street and Hampshire street.

Also, recommending the full acceptance of the roadway of the crossing of Army and Harrison streets, Army street, between Harrison and Alabama streets; the crossing of Army street and Alabama street and Jersey street, between Church and Vicksburg streets and between Vicksburg and Sanchez streets, paved with bituminous rock, except that portion required by law to be kept in repair by the street railroad company having tracks thereon.

Also, recommending that \$4200 be

made available for the purpose of constructing granite curbs and asphalt pavement on Lapidge street, between Eighteenth and Nineteenth streets.

Also, recommending the expediency of constructing granite curbs, basalt gutters and a basalt pavement in Laguna street from the northerly line of Beach street produced to the southerly line of Bay street, and constructing brick cesspools and ironstone pipe culverts in the southeasterly, southwesterly and northeasterly angular corners of the intersection of Laguna and Bay streets, on the southwesterly angular corner of Laguna and North Point streets, on the southwesterly angular corner of Laguna and Beach streets, on the easterly curb line of Laguna street, opposite North Point street, and on the easterly curb line of Laguna street, opposite Beach street.

Also, recommending the expediency of constructing granite curbs, bituminous rock pavement and central strip of basalt block pavement on the northerly half of Fourteenth street, between Guerrero and Dolores streets, and on the southerly side of Fourteenth street, between Guerrero and Dolores streets.

Also, recommending the conditional acceptance of the roadway of the crossing of Jersey and Vicksburg streets and Army street, between Folsom and Harrison streets, paved with bituminous rock, except that portion required by law to be kept in repair by the street railway company having tracks thereon.

Also, recommending that E. and A. Schumacher be granted an extension of sixty days' time from and after February 22, 1910, within which to complete contract for construction of sewer in Banks street, between Jefferson avenue and Crescent avenue.

Also, recommending the full acceptance of the roadway of Geary street, formerly Point Lobos avenue, between Sixth and Seventh avenues, paved with bituminous rock.

Also, recommending conditional acceptance of the roadway of California street, between Twenty-fourth and Twenty-fifth avenues, paved with bituminous rock, except that portion required by law to be kept in repair by street railway company having tracks thereon.

Also, recommending that \$25,000 be made available for the purpose of purchasing sixty-foot strip of property fronting on the southerly side of Virginia avenue, extending between Mission street and California avenue, for the purpose of widening Virginia avenue.

Also, recommending that sidewalk widths on Sickles avenue, between Mission street and San Jose avenue, be fixed at twelve feet.

PROVIDING FOR THE EXECUTION OF AN AGREEMENT FOR THE PURCHASE OF PRIVATE WATER RIGHTS, LANDS, CLAIMS AND PROPERTIES IN CONNECTION WITH LAKE ELEANOR WATER PROJECT.

The following Bill laid over from last meeting and made a special order of business for 3 p. m. this day was taken up.

Resolution No. — (New Series), as follows:

Bill No. 1251, Ordinance No. — (New Series), entitled, "Providing for the execution of an agreement for the purchase of certain lands, water rights, claims and other properties in the County of Tuolumne, State of California, in connection with the Lake Eleanor Water Supply for the City and County of San Francisco, and for other purposes."

Communication from City Attorney Advising Relative to Purchase of Lake Eleanor Lands and Water Rights.

His Honor the Mayor, presented the following communication, which was read by Clerk and ordered spread at length in the Journal:

March 18th, 1910.

Sir:—Replying to yours of March 10th, relative to the purchase of Lake Eleanor lands and properties, I submit the following:

I have examined the title to all lands involved in the \$400,000 purchase as appears from the "Abstract of Title of Lands in Sections 34, 35 and 36, Township 2, N. Range 19 E. M. D. M. around Lake Eleanor", compiled by Sonora Abstract and Trust Co., December 5th, 1908, and telegraphic continuation thereof, dated July 2nd, 1909. From these I find the title to be in the Sierra Ditch and Water Company. I am informed by Mr. Lillenthal that a deed has been made by the Sierra Ditch and Water Company to the Tuolumne Water Supply Company and placed in escrow and that satisfactory evidence of this transfer will be furnished us in the event that the proposed contract is signed.

As to the water rights and other properties mentioned in your communication, I have examined the record as disclosed by the "Abstract of Title to water locations, etc., on Cherry and Eleanor Creeks, Main Fork and Main Tuolumne River in Tuolumne County, California", compiled by the Sonora Abstract and Trust Co., August 26th, 1909. I will state that it is impossible for me to pass upon the title to these rights at this time. As far as the record shows I believe that the appropriations have been proper and in legal form but as, under the laws of this State, the right to water by appropriation is dependent upon the actual user and as no property right accrues until actual use has commenced, you will readily see that it is a question of fact and not of record whether those various appropriations have been prosecuted to the point where they become converted into what we might call property. In order to satisfy ourselves on this matter it is necessary to have a competent engineer to personally examine each appropriation and to determine whether or not as a matter of fact the water filed upon has been actually used.

As to the prices proposed to be paid to the Tuolumne Water Supply Company I will say that the only information I have upon this subject is that contained in the abstract of title of land surrounding Lake Eleanor (above referred to), wherein it appears that these lands were assessed in 1908 for \$14,890. These are the lands which

are included in the \$400,000 purchase. In addition to these lands the water rights on Kibbe Lake and Twin Lakes (which have been denied by the Secretary of the Interior) and the riparian right in Section 16 are included. I have no information as to the value of these latter rights.

As to the properties included in the \$600,000 option, there seems to be no way of fixing a definite value. The rights included therein (with the exception of Section 16 and the two parcels of 160 acres each, known as Suttle-Prue Tract and the Morales Tract) are water rights and claims under appropriations made in accordance with the State laws and subject to the rule of user heretofore mentioned. The value of these rights can be fixed only in relation to the necessity of their acquisition taken in connection with a complete scheme of development. This is an engineering problem solely.

I am not aware of any reason why the proceeding should not be consummated as set forth in the Bill. I firmly believe that it is necessary for the City to acquire and own all of the properties designated in the \$400,000 purchase and that the City can advantageously use all of the other rights designated in the option. Unless these properties and rights are purchased in the manner proposed by the Bill it will be necessary to acquire them by condemnation proceedings in order that the plan of the City to develop and use the waters of Lake Eleanor may be consummated.

As said above, the title of all of the lands, water rights and properties, so far as it can be determined from the public records, is clear: the title of the water rights and claims based upon the appropriations and filings under the State law, so far as they are of any value, must be determined by an actual examination upon the grounds.

The taxes upon these properties have not been fully paid, but our custom has always been in these matters to have the taxes paid prior to or at the time of the transfer. The examination of the water rights, I understand cannot be made prior to the first of May on account of snows and should take from two to three weeks.

I enclose option for Cherry Creek properties which has been agreed upon by Mr. Lilienthal and myself.

Respectfully,

PERCY V. LONG,

City Attorney.

Privilege of the Floor.

Daniel O'Connell, representing Public Ownership Association, was granted the privilege of the floor and addressed the Board, stating that the price asked for the William Ham Hall

properties in the Lake Eleanor region was exorbitant inasmuch as it was doubtful whether William Ham Hall had any legal right to water appropriations in the Lake Eleanor district, and had on three different occasions applied to the Secretary of the Interior Department for such rights and they were refused him.

C. W. Easton, representing Public Ownership Association, also addressed the Board, protesting against the payment of one million dollars to William Ham Hall for his Lake Eleanor lands, water rights, etc., on the grounds that said price was exorbitant.

Marsden Manson, City Engineer, also addressed the Board, stating that the Ham Hall properties were worth the price asked for to the City for the reason that it would cost the City much more to obtain these rights through litigation, and the acquisition of them at this time and immediate prosecution of the work would be also a valuable consideration to the City.

Motion.

Supervisor Kelly moved that the matter be laid over and that a hearing be fixed for Wednesday evening, March 23, 1910, at 8 p. m.

Motion carried.

Final Passage.

The following matters, heretofore passed for printing, were taken up, finally passed by the following vote, and numbered as follows, to wit:

Providing \$100,000 for Purchase of Cast Iron Specials for Auxiliary Water System for Fire Protection.

Resolution No. 5533 (New Series), as follows:

Tax Collector to Issue Amended Tax Deed to State of California for Certain Property Heretofore Erroneously Described.

Also, Resolution No. 5549 (New Series), as follows:

Whereas, on July 1st, 1905, Joseph H. Scott, Tax Collector, issued to the State of California, a deed for delinquent taxes for the year 1899, for property situate in the City and County of San Francisco, State of California, described as follows, to wit:

"The lot of land numbered forty-three (43) in block forty-seven (47) as per map of City Land Association, filed in the office of the Recorder of said City and County, August 24, 1870, at the request of E. B. Clement;" and

Whereas, Said property was correctly described in the original assessment roll for the year 1899, the assessment upon which said tax deed was based, as lot "23"; and

Whereas, In Certificate of Tax Sale, No. 1201, for said delinquent taxes for the year 1899, issued June 30th, 1900, said property is correctly described as lot "23"; and

Whereas, The description of said Tax Deed is erroneous and should read as follows:

"The lot of land numbered twenty-three (23) in Block forty-seven (47) as per map of City Land Association, filed in the office of the Recorder of said City and County, August 24th, 1870, at the request of E. B. Clement;"

Now, therefore, be it ordered, in conformity with Section 3805b of the Political Code of the State of California, that David Bush, Tax Collector, be and he is hereby directed to issue a new and amended tax deed correctly describing the hereinabove described property.

Resolution No. — (New Series), as follows:

Resolved, That in the sound and reasonable discretion of the Board of Supervisors, permission be and is hereby denied the following named to maintain a stable, to wit:

William Meins, No. 129 Wilmot

street (formerly Wildey avenue), four horses.

Privilege of the Floor.

Wm. Meins, the petitioner, was granted the privilege of the floor and addressed the Board, stating that there has been a stable in the same location for the past twenty years and that there are at present five or six other stables in the same block. He stated that his premises had been favorably reported by the Board of Health and requested that the permit be granted.

Fred J. Gobel, representing protesting property owners, also addressed the Board, declaring that there were already too many stables in the block and that the granting of the permit would depreciate property values and increase the fire hazard. He declared that it was almost impossible to rent flats contiguous to stables and requested that the resolution denying the permit be adopted.

Adopted.

Whereupon the foregoing Resolution was adopted as Resolution No. 5551 (New Series) by the following vote:

Ayes—Supervisors Bancroft, Cutten, Deasy, Hayden, Healy, Herget, Hocks, Kelly, Loughery, McLaughlin, Minehan, Murdock, Nelson, O'Dowd, Pugh, Walsh—16.

ADJOURNMENT.

There being no further business, the Board, at the hour of 5:30 p. m. o'clock, adjourned.

W. R. HAGERTY, Clerk.

WEDNESDAY, MARCH 23, 1910, 8 P. M.

The Board of Supervisors met in special session for the purpose of continuing the hearing in the matter of the purchase of the William Ham Hall properties, rights and claims in the Lake Eleanor region.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Cutten, Deasy, Hayden, Kelly, Loughery, McLaughlin, Murdock, Nelson, Pugh, Walsh.

Quorum present.

His Honor P. H. McCarthy presiding.

Providing for the Execution of an Agreement for the Purchase of Private Water Rights, Lands, Claims and Properties in Connection With Lake Eleanor Water Supply Project.

The following Bill laid over from last meeting was taken up:

Bill No. 1251, Ordinance No. — (New Series), entitled, "Providing for the execution of an agreement for the purchase of certain lands, water rights, claims and other properties in the County of Tuolumne, State of California, in connection with the Lake Eleanor Water Supply for the City and County of San Francisco, and for other purposes."

Privilege of the Floor.

Daniel O'Connell, representing Public Ownership Association, was granted the privilege of the floor and opposed the

purchase of the William Ham Hall property in the Lake Eleanor region, declaring that the true value of such property rights as Ham Hall might have could be fairly determined by condemnation proceedings taken under the law of eminent domain. He declared that the price asked (\$1,000,000) was exorbitant.

C. W. Easton, representing Public Ownership Association, was also granted the privilege of the floor and addressed the Board, declaring that it was the practice of the Courts to favor municipalities as against private individuals in such cases of condemnation. He stated further that such cases were given preference on Court calendars under provisions of the Civil Code and that judgment could be obtained in a comparatively short time.

R. Bradley, property owner of San Francisco, also appeared and stated that he had recently visited the Lake Eleanor region and was of the opinion that the water supply from Lake Eleanor was both inadequate and unfit for domestic use in San Francisco.

Percy V. Long, City Attorney, addressed the Board and stated that he did not feel that he was qualified to pass upon the value of the properties of William Ham Hall and that it was solely a matter of business judgment and to be determined by engineers.

ADJOURNMENT.

Whereupon, on motion of Supervisor Kelly, the Board at the hour of 11:30 o'clock p. m., adjourned.

W. R. HAGERTY, Clerk.

Approved by the Board of Supervisors, March 28, 1910.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, W. R. Hagerty, hereby certify that the foregoing is a true and correct copy of the Journal of Proceedings of said Board of the date thereon stated, and approved as above recited.

Communication From the Attorney-General Relative to Actions to Determine Rights of Sutter Street Railroad on Lower Market Street.

The following Communication was read and ordered referred to the Public Utilities Committee:

San Francisco, March 23, 1910.

To the Honorable, P. H. McCarthy, Mayor of the City and County of San Francisco, and the Board of Supervisors of the City and County of San Francisco.

Gentlemen:—I am in receipt of yours of the 18th inst., enclosing certified copies of Resolutions of your Board, No. 5519 (New Series), and No. 5520 (New Series).

These Resolutions suggest your desire that actions be commenced to determine the validity of certain franchises in said Resolutions described.

Resolution No. 5519 in part, reads:

"Resolved, By the Board of Supervisors of the City and County of San Francisco that the Attorney-General of the State of California, be and he is hereby requested to commence any and all actions and proceedings to have a judgment of the courts of competent jurisdiction determine what rights, if any, the Sutter Street Railroad Company have in lower Market Street," etc.

Resolution No. 5520 in part, reads:

"Resolved, By the Board of Supervisors of the City and County of San Francisco, State of California, that the Attorney-General of the State of California, be and is hereby requested to commence and prosecute to final judgment, as soon as possible, any and all actions and proceedings of every nature and description necessary to have the courts of competent jurisdiction declare forfeited because of abandonment, non-user and any and all other causes, all franchises, rights and privileges heretofore granted by the City and County of San Francisco on the following orders," etc.

These Resolutions seem predicated upon the desire that this office bring,

in the name of the State, without the co-operation and aid of the City authorities, the actions specified. This is distinctively a municipal matter, and I am quite of the view that the municipal authorities should have control of such cases, and that the same should be prosecuted by your City Attorney under the direction and control of the Mayor and the Board of Supervisors.

All of the facts which it will be necessary to disclose upon the trial of such cases are within the possession of the municipal authorities, and you are best equipped to prosecute such actions to final determination.

To this end, all that will be required from this office is permission to bring and maintain such action, in the name of such relator as you may select, and this is the course heretofore uniformly followed in like cases.

Awaiting your further advices, I remain,

Very truly yours,

U. S. WEBB,
Attorney-General.

Relative to Award of Contract for Official Advertising for Fiscal Year 1910-11.

Supervisor Minehan presented the following:

Resolution No. — (New Series), as follows:

Whereas, The consideration of the bids received for the doing of official advertising of the City and County for the fiscal year 1910-11 shows that the lowest responsible bidders therefor are the Evening Post at twenty-nine cents per square and the San Francisco Bulletin at twenty-nine cents per square, and that said bids are five cents in excess of the amount bid for the official printing for the fiscal year 1909-10, and

Whereas, Said advance in price is in the opinion of this Board unwarranted and without good reason: therefore be it

Resolved, That the Clerk of this Board be and he is hereby directed to readvertise for proposals for doing the official advertising of the City and County for the fiscal year 1910-11 to the end that a better price may be obtained and the City's interests in this respect conserved.

Privilege of the Floor.

C. H. Wilson, attorney, representing the Evening Post, was granted the privilege of the floor and addressed the Board, stating that there was no collision between the Post and Bulletin and explained that the higher rate bid was on account of the greater value of the Post as an advertising medium, its circulation having vastly increased during the past year. He declared also that the expenses of the company had greatly increased, the payroll at present amounting to \$600 per day against \$540 per week one year ago.

S. Fred Hogue, President and General Manager of the Evening Post, was also granted the privilege of the floor, and addressed the Board stating that the advance in price was justified on account of the increased circulation and the value of his paper as an advertising medium. He offered to continue the City printing at the old rate until such time as the question was settled and the contract awarded, but believed that in view of the satisfactory manner in which the Post had handled the city printing during the past that it was entitled to the contract.

Thos. Hickey, attorney, representing the San Francisco Bulletin, was also granted the privilege of the floor and stated that he was willing to rest the

matter on the question of circulation. He also declared that if bids were again called for that he would guarantee a lower bid and the saving to the City of thousands of dollars.

Passed for Printing.

Whereupon, the following Bill was introduced by Supervisor Minehan as a substitute for the above Resolution and *passed for printing* by the following vote:

Award of Contract for Official Advertising to Evening Post.

Bill No. 1268, Ordinance No. — (New Series), entitled "Awarding the contract for doing official advertising for the City and County of San Francisco for one year from April 1, 1910, to April 1, 1911, to The Evening Post Publishing Company, and declaring and designating The Evening Post Newspaper to be the Official Newspaper during said period".

ROLL CALL FOR THE INTRODUCTION OF RESOLUTIONS, BILLS AND MOTIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Communication From Mayor With Report That Construction of a Temporary City Hall Is Not Feasible at the Present Time Owing to Number of Unexpired Leases for Municipal Departments.

His Honor the Mayor presented the following which was read by the Clerk and ordered referred to the *Public Buildings Committee*:

March 28, 1910.

To the Honorable Board of Supervisors, No. 64 Eddy street, City.

Gentlemen:—In line with sound business policy and an economical administration of governmental affairs as well as the convenience of the public in its business transactions with the various municipal departments, I have endeavored to bring about the concentration of the various departmental headquarters under one roof in the shape of a temporary City Hall.

After a full and thorough investigation of the subject, due to the following reasons, I desire to report to your honorable body that the plan is not feasible.

The city of San Francisco is disbursing annually, approximately \$100,000 on rentals. Of this amount, about \$30,000 is paid in rental for those departments which will be domiciled in the Hall of Justice now in the course of construction. The balance of \$71,000 is now paid annually for rentals of those departments which will be domiciled in the City Hall when the same is rebuilt.

In order to save a considerable por-

tion of this latter amount, I investigated the matter of providing a temporary City Hall and find that the plan could be put into operation by the leasing of land and the construction of a temporary building, or the leasing of one building in its entirety close to the old City Hall, at a saving of many thousands of dollars to the taxpayers were it not for the fact that our predecessors in office entered into certain leases for the housing of different departments. These leases will not expire for at least nineteen months from date and require an annual payment from the city of \$46,000. Consequently the construction of a temporary City Hall would not be a saving unless these leases could be canceled or the premises covered thereby could be sublet at the figures now paid,—both of which propositions I find to be impossible of accomplishment.

•The matter, therefore, resolves itself into the one proposition of the early and speedy rehabilitation of the City Hall upon the old site.

In order that the money paid for the rentals may be saved, it is to be hoped, for the benefit of the taxpayers and the public at large, that the assessed value of all the real and personal property of the City and County for the fiscal year 1910-1911, will be increased in the same ratio as the same has increased in former years. This will enable the electors after August 1, 1910, to create a bonded indebtedness within the fifteen per centum limitation, sufficient to build and equip a new City Hall upon the site of the old one.

Contemplating this condition of affairs, financial, I shall request the Board of Public Works to prepare at the earliest possible moment plans, specifications and estimates of a building, conformable, as far as practicable, to the present foundations, which are in perfect condition.

This action will determine the probable cost and the amount necessary to be had by the sale of bonds and will also place the authorities having the matter in charge in a position to call for competitive plans for the said building, should this course be deemed advisable.

With all conditions favorable and all matters appertaining to this most important undertaking carefully and speedily carried on, the city and county of San Francisco, should be able to enjoy the advantages of a new and up-to-date City Hall on or about January 1st, 1912, or soon thereafter.

• P. H. McCARTHY.

Mayor of the City and County of San Francisco.

Referred.

Resolution No. 5594 (New Series), as follows:

Whereas, Hon. U. S. Webb, Attorney-General of the State of California, in a communication addressed to the Mayor and Board of Supervisors of the City and County of San Francisco and bearing date of March 23rd, 1910, states that in reference to the resolutions of the Board of Supervisors Nos. 5519 (New Series) and 5520 (New Series) relating to the commencing of certain actions to determine the validity of certain franchises, in said resolutions described, that such actions are municipal matters and that it is customary for the municipal authorities to bring such actions from permission had from the Attorney-General; now therefore be it

Resolved, That the City Attorney be and he is hereby respectfully requested to obtain from the Attorney-General the necessary permission and to institute at the very earliest possible moment and thereafter prosecute with all possible diligence the actions referred to in the resolutions of the Board of Supervisors, Nos. 5519 (New Series) and 5520 (New Series).

Ayes—Supervisors Bancroft, Cutten, Deasy, Harris, Hayden, Healy, Herget, Hocks, Kelly, Knowles, Loughery, McLaughlin, Minehan, Murdock, Nelson, O'Dowd, Pugh, Walsh—18.

Announcement.

Supervisor Nelson announced that the Water Rates Committee would meet on Friday afternoon at 1 p. m., April 1, 1910, to continue its investigations.

ADJOURNMENT.

There being no further business, the Board at the hour of 5:30 o'clock, adjourned, to meet Tuesday, March 29, 1910, at 2 p. m., for the purpose of considering the matter of the removal or destruction of temporary buildings erected since April 18, 1910.

W. R. HAGERTY, Clerk.

TUESDAY, MARCH 29, 1910, 2 P. M.

The Board of Supervisors met pursuant to Resolution No. 5592 (New Series) for the purpose of granting hearing in the matter of the destruction or removal of temporary buildings erected since April 18, 1906.

CALLING THE ROLL.

The Roll was called and the following Supervisors were noted present:

Supervisors Cutten, Deasy, Hayden, Healy, Herget, Kelly, Knowles, Loughery, McLaughlin, Murdock, O'Dowd, Pugh, Walsh—13.

Quorum present.

His Honor Mayor McCarthy being absent, Supervisor Kelly was called to the chair.

Privilege of the Floor.

Dr. G. W. Frink, owner of a number of the wooden buildings in question, obtained the privilege of the floor and addressed the Board, stating that the people who like himself took chances on the future by erecting the needed temporary buildings during the first six months after the great fire should be entitled to some special consideration. He declared that if the temporary buildings were torn down at this time that there would be much vacant space left throughout the business section of the City, as a great many owners had not yet sufficiently recouped themselves since the disaster to enable them to erect permanent buildings.

Fire Marshal Towner addressed the Board and stated that it was all right to sympathize with the owners of the shacks, but the fact remained that the existence of such buildings was a violation of the law and always had been. He stated that the former Board of Supervisors had voted to allow the buildings to stand until May 1st next, but they had no legal authority to do so. He declared that the present Board had no conceivable right to grant an extension of something which was a clear violation of the law, nor would the extension if granted be of any avail since the shack owners would later ask for another year and possibly a number of years. In reply to the statement of Supervisor Loughery that he was an employee of the insurance companies and was talking in their interests only, he would state that at the same time that he was acting simply for the good of the City.

W. B. Webster, representing *W. W. Montague & Co.*, was also granted the privilege of the floor and addressed the Board, requesting that the time limit for the removal or destruction of the temporary buildings in the fire limits be extended for at least one year, as the majority of the leases on said buildings would expire about that time and no material damage would ensue to the occupants thereof.

Wm. J. Herrin, representing *Thos. J. Morton & Son*, also urged that a further extension of at least one year be granted. He stated that when the shacks or temporary buildings were being erected everybody, including City officials, knew that the leases executed for the sites were uniformly for five years, and far from objecting, the City authorities and everybody else at that time applauded and encouraged the builders.

J. E. Brandon, Foreman of the Grand Jury at the time of the fire, declared that he heard former Mayor Schmitz advocate the erection of the temporary buildings under emergency permits. He

also requested that the time limit be extended for a year or more.

J. Greenfield, having his place of business on Rush street, between Kearny and Montgomery streets, declared that he was making a bare living at the present time, and that if the building he was occupying was destroyed he would have to leave town, as he could not afford to pay higher rents, such as would be demanded by the owners of the permanent buildings. There were many others, he declared, in the same position.

Israel Zimmer also addressed the Board, stating that he had a home erected in the fire limits. That he had a family of six depending upon him and that if he was required to remove or destroy his building that it would work an irremediable hardship upon himself and his family.

W. B. Pringle, Attorney, representing a number of interested parties, also addressed the Board, requesting an extension of time within which temporary frame buildings erected since April, 1906, must be removed or destroyed. He declared it was all right to talk about the law, but that there was not very much talk about it on the 18th of April, 1906, or immediately thereafter. He stated that then there was only applause and encouragement for those who erected temporary buildings. No harm had been done by allowing the shacks to stand until now and another year would work no injury to the City.

E. L. Klobbeck, representing the Down Town Commission Merchants, stated that the result of tearing down temporary buildings on the 1st of May would be to drive his clients into bankruptcy, since they could not pay rent for bare ground as they would be obliged to do for another year under their lease contracts.

Hon. Jas. G. Maguire declared that destruction of the shacks at this time would materially diminish the industrial activities of the City. He thought the fact that so many of the leases would not expire for another year a good reason for granting the proposed extension. He stated that no material harm and much good would result if the extension was made as requested.

Dr. W. F. McNutt Jr., Health Officer, also addressed the Board stating that the Health Department had no desire to tear down any buildings, but that under the law it was obliged to condemn all insanitary structures and to insist on their being vacated. He declared it had been contended that the Board had in any case the right to abate nuisances resulting from buildings being maintained in an insanitary condition, but in effect it was not al-

ways so. He cited a case where for two years the Health Board's hands had been tied as to a certain building by the granting of an injunction by the Courts.

Dr. Conners, of the United States Medical Service, stated that there were awaiting settlement 40 per cent of such injunction cases which were all pending on the decision of this one. He thought that another test case than that now pending might have to be selected before final conclusion could be received.

Passed for Printing.

Whereupon Supervisor Healy introduced the following entitled Bill, which was on his motion *passed for printing* by the following vote:

Approved by the Board of Supervisors April 4, 1910.

Pursuant to Resolution No. 3402 (New Series) of the Board of Supervisors of the City and County of San Francisco, I, W. R. Hagerty, hereby certify that the foregoing are true and correct copies of the Journals of Proceedings of said Board of the dates thereon stated, and approved as above recited.

W. R. HAGERTY,

Clerk of the Board of Supervisors,
City and County of San Francisco.

Extending Time Within Which Temporary Buildings Must Be Removed.

Bill No. 1277, Ordinance No. — (New Series), Providing for the removal not later than May 1st, 1911, of all the buildings erected since April 18, 1906, within the City and County of San Francisco in violation of the building laws and Ordinances of said City and County of San Francisco; requiring the Board of Public Works to serve notice hereof on all owners of property affected hereby, and providing penalties for violation thereof.

Ayes—Supervisors Cullen, Deasy, Harris, Hayden, Healy, Herget, Kelly, Knowles, Loughery, McLaughlin, Minehan, Murdock, Nelson, O'Dowd, Pugh, Walsh—16.

ADJOURNMENT.

Whereupon, the Board, at the hour of 3:30 o'clock, adjourned.

Report of C. L. Cory, Consulting Engineer, on the Value of the Plant of the Pacific Telephone and Telegraph Company, the Number of Telephones Installed, and the Revenues and Expenses of Said Company as Shown by an Investigation of its Plant, Books, Records, Engineering Data, Etc.

The following report was presented and ordered referred to the *Telephone Rates Committee*:

To the Honorables, The Mayor and The Board of Supervisors of the City and County of San Francisco, San Francisco, California.

Gentlemen:

In compliance with your Resolution No. 4100 (New Series) dated June 30, 1909, I have made a personal inspection and examination of the complete equipment of The Pacific Telephone & Telegraph Company in San Francisco, including its books, records, engineering data, etc., and beg herewith to submit the following

Report.

The information required by your resolution is included under three headings, as follows:

I. The true valuation of the entire installation of The Pacific Telephone & Telegraph Co. in San Francisco on July 1, 1909, and also all additional investments which properly belong to extensions and additions to the system in San Francisco during the period from July 1, 1909, to January 1, 1910.

II. The average number of telephones operated by the company in San Francisco for each month of the year 1909, the additional telephones installed during each month of the year and the average revenue to the company per telephone.

III. The total annual revenue and expenses of The Pacific Telephone & Telegraph Co. in San Francisco for the year 1909, including a proper segregation of accounts showing separately the revenue from local and long

distance service, and the expenses of operation, maintenance, repairs, instrument rental, etc.

Valuation of Plant.

In determining the valuation of the plant of the company on January 1, 1910, the complete inventory of the general plant on July 1, 1908, of The Pacific Telephone & Telegraph Co. actually required and used in its San Francisco business as set forth in summary on page 6 of the printed report submitted by me on February 9, 1909, to the Mayor and Board of Supervisors of the City and County of San Francisco, has been used as a basis. Reference to this report shows that the inventory as of July 1, 1908, was made jointly by representatives of the company and myself, and these inventories were compiled in forms which were checked and verified by me.

On page 6 of the above mentioned report the additions to the plant of the company from July 1, 1908, to January 1, 1909, are also given in detail, as well as the valuation of the plant on January 1, 1909, which is copied below from the above mentioned report. The total investment

represented in the various portions of the plant on January 1, 1910, also on July 1, 1909, and the increase in investment during the first six months and also the last six months of 1909 are given below.

NUMBER OF TELEPHONE STATIONS AND AVERAGE REVENUE.

The number of telephones installed and in operation January 1, 1909, as given on page 6 of my previous report was 48,533. The number of telephones installed and in operation on January 1, 1910, the number connected, disconnected and the net gain for each month during the year 1909, and also the number of telephones in operation on the first of each month of 1909 are given below:

	Connected.	Discon- nected.	Net gain.	1st of month.
January	1,284	488	796	*48,533
February	1,576	615	961	49,329
March	2,295	980	1,315	50,290

	<u>24,691</u>	<u>11,348</u>	<u>13,343</u>	

Total stations January 1, 1910.....**61,876

*Including 508 private branch switchboard stations.

**Including 654 private branch switchboard stations.

From these figures it will be seen that the net gain in telephones in operation for the year 1909 was 13,343, which is a gain of 27.5% over the number in operation on January 1, 1909. The corresponding increase for the previous year, 1908, was 13,166 telephones, which was a gain of 37.2% over the number in operation on January 1, 1908.

The number of telephones in operation on the first of each month, beginning January 1, 1908, and ending January 1, 1910, is represented graphically by the accompanying chart.

*Chart Showing Increase in Number of Telephones in San Francisco During
1908 and 1909.*

The average revenue per telephone for each month during the year 1909, and also the average revenue per telephone for the first six months and for the last six months during 1909 is shown in the following statement:

Average revenue per station, Jan. 1 to June 30, 1909, \$3.689

Average revenue per station, July 1 to Dec. 31, 1909, \$3.492

The average revenue per station as given is obtained by dividing the total revenue from local telephone service for each month of the year by the average number of telephone stations, including extensions, private branch exchange stations, deadhead telephones, etc.

The average revenue per station from January 1 to June 30 and from July 1 to December 31 for 1908 and also for 1909 is as follows:

1908, January 1 to June 30.....	\$4.233
1908, July 1 to December 31.....	3.714
1909, January 1 to June 30.....	3.689
1909, July 1 to December 31.....	3.492

The reduction of the average revenue per station from \$4.233 for the first six months of 1908 to \$3.714 for the last six months of 1908 is due in part to the reduction in rates which took effect on July 1, 1908, and also partly due to the increase in the number of telephones in operation during the last six months of the year as compared with the number of telephones during the first six months of the year. On the other hand the reduction in the average revenue per station from \$3.714 from July 1 to December 31, 1908, to \$3.689 during the period from January 1 to June 30, 1909, is due solely to the increase of the number of telephones in operation. Similarly, the reduction in the average revenue from \$3.689 for the first six months of 1909 to \$3.492 for the last six months of the same year is due both to the reduction in rates taking effect July 1, 1909, and to the increase in the number of telephones in operation during the last six months of the year as compared with those in operation during the first six months of the year.

The average revenue per station for the different classes of service during December, 1907, 1908 and 1909 is given below, showing the effect of the reduced rates which began July 1, 1908, the rates being still further reduced, beginning with July 1, 1909:

Totals			
Net revenue	\$325,711.83	\$293,404.46	\$619,116.29

An analysis of the above statement of expenses is in conformity with the segregation of accounts which is outlined in my previous report filed with the Clerk of the Board of Supervisors on February 9, 1909, as set forth on pages 9, 10 and 11 of said report. Certain minor changes have been made during the past year in a few of the sub-headings, but these minor changes are unimportant, and conform in practically every detail with the recommendation made by me regarding the form of statement, etc., in the former report above referred to. The gross revenue, expenses and net revenue of the company for both 1908 and 1909 are given below:

1908, gross revenue.....	\$2,150,734.09
1908, expenses	1,603,552.06
	<hr/>
1908, net revenue.....	\$547,182.03
1909, gross revenue.....	\$2,448,176.96
1909, expenses	1,829,060.67
	<hr/>
1909, net revenue.....	\$619,116.29

The Pacific Telephone & Telegraph Co. have since July 1, 1908, kept a separate and complete set of books to separately cover the accounts for San Francisco. As a result the work of segregation of accounts, both as regards new construction and gross revenue, expenses and net revenue, has been readily and accurately done.

In conclusion, I am glad to acknowledge the many courtesies extended to me by the officials of the company in connection with the preparation of this report. Data and information which I have requested have been given me in great detail, and the officials of the company with whom I have worked have offered me every facility possible.

Respectfully submitted,

(Signed) C. L. CORY.

Reports of the Majority and Minority of the Public Utilities Committee on the So-called Bancroft Ordinance Requiring the United Railroads to Operate Sutter Street Cars on Inner Tracks of Lower Market Street.

The following reports were presented and read by the Clerk:

Majority Report.

San Francisco, Cal., April 4, 1910.
To the Honorable the Board of Supervisors, San Francisco.

Gentlemen: Your Committee on Public Utilities, to whom was referred Bill No. 1274, directing the United Railroads to operate Sutter street cars along tracks nearest the center line of Market street, from Sansome street to the Ferry, begs leave respectfully to report that it has duly considered said Bill.

Your Committee (Supervisors Pugh, Walsh, Herget and Loughery voting Aye, and Supervisor Hocks voting No) decided to postpone action on said Bill until the meeting of Wednesday, April 13, 1910, at which time the matter of a temporary permit for the operation by electricity of the Sutter street cars along the outer tracks now laid on Market street, from Sansome street to the Ferry, will be considered.

Your Committee begs leave to advise that said Bill No. 1274 is a substitute measure, in amended form, for Bill No. 1242, covering the same subject matter and heretofore referred to your Committee, and under the terms of Resolution No. 5517 (New Series), (a copy of which is hereto attached and made a part hereof) adopted by your honorable Board, March 14, 1910, wherein your Committee was requested to report

on said Bill at the time of the consideration of the proposed temporary permit for the use of the outer tracks on lower Market street, consideration of said proposed permit was on March 16, 1910, fixed by your Committee for April 13, 1910, at 2:00 p. m.

Resolution No. 5517 (New Series), Resolved, That the Public Utilities Committee of the Board of Supervisors be and is hereby requested to report to the Board, at the time of the consideration of the proposed temporary permit for the use of the outer tracks on lower Market street, Bill No. 1242, Ordinance No. — (New Series), directing the United Railroads of San Francisco to run its cars along Sutter street, from their respective termini to the Ferry Depot, over the inside rails on lower Market street, heretofore introduced by Supervisor Bancroft.

And the Clerk is hereby directed to advertise this Resolution in The Evening Post newspaper.

In Board of Supervisors, San Francisco, March 14, 1910.

Adopted by the following vote:

Ayes—Supervisors Bancroft, Cutten, Deasy, Harris, Hayden, Healy, Herget, Hocks, Kelly, Knowles, Loughery, McLaughlin, Minehan, Murdock, Nelson, O'Dowd, Pugh, Walsh.

W. R. HAGERTY, Clerk.

Approved, San Francisco, March 15, 1910.

P. H. McCARTHY,
Mayor and ex-officio President of
the Board of Supervisors.

Respectfully submitted,

WM. C. PUGH,
J. L. HERGET,
J. O. WALSH,
ROBT. J. LOUGHERY.

Minority Report.

San Francisco, Cal., April 4, 1910.
To the Honorable, the Board of Supervisors, San Francisco.

Gentlemen: Your Minority of the Committee on Public Utilities, begs leave respectfully to recommend that Bill No. 1274, directing the United Railroads to operate Sutter street cars along tracks nearest the center line of Market street, from Sansome street to the Ferry, be taken out of Committee to which it was heretofore referred, and considered by your honorable Board at today's session.

Respectfully submitted,

OSCAR HOCKS.

Motion.

Supervisor Pugh moved that the minority report be *filed*.

Motion *carried* by the following vote:

Ayes—Supervisors Deasy, Healy, Herget, Kelly, Knowles, Loughery, Mc-

Laughlin, Minehan, Nelson, O'Dowd, Pugh, Walsh—12.

Noes—Supervisors Bancroft, Cutten, Harris, Hayden, Hocks, Murdock—6.

Whereupon, there being no objection, the majority report was *ordered filed*.

Hearing in Matter of Appeal from Assessment for Street Work on Eighth Avenue, Between K and L Streets.

The hearing fixed for the hour of 3 p. m. this day in the matter of the assessment issued to Peter McHugh on November 23, 1909, by the Board of Public Works for the work of grading the roadway of Eighth avenue between K and L streets, was proceeded with.

The Chair asked if there was any interested person who wished to be heard in the matter and received no response.

Denying Appeal and Confirming Assessment.

Thereupon, Supervisor McLaughlin introduced the following Resolution, which was on his motion adopted by the following vote:

Resolution No. 5595 (New Series).

Resolved, That the appeal of property owners from the assessment issued to Peter McHugh on the 23rd day of November, 1909, by the Board of Public Works for the work of grading the roadway of Eighth avenue, between Kirkham street (formerly K street) and Lawton street (formerly L street), be denied.

Further Resolved, That the assessment issued to Peter McHugh on November 23, 1909, by the Board of Public Works for the work of grading Eighth avenue, between Kirkham and Lawton streets be and is hereby confirmed.

Ayes—Supervisors Bancroft, Cutten, Deasy, Harris, Hayden, Healy, Herget, Hocks, Kelly, Knowles, Loughery, McLaughlin, Minehan, Murdock, Nelson, O'Dowd, Pugh, Walsh—18.

Amending Condition No. 5 of Resolution No. 1285 (New Series) Permitting Geary Street, Park and Ocean Railroad Company to Pay Expense of Street Work at Crossing of Fifth Avenue and Cabrillo Street Out of Percentage Due City.

Also, Resolution No. 5617 (New Series), as follows:

Whereas, The roadway of Fifth avenue, an unaccepted street, at the crossing thereof with Cabrillo (formerly C) street is being paved with bituminous rock under a private contract entered into by the property owners with the Warren Improvement Company; and

Whereas, The Geary Street, Park and Ocean Railway Company is now operating a railroad over said Fifth avenue at the point named and it is expedient and desirable that the space between the rails and for two feet on each side thereof be paved in a manner corresponding to the remainder of the roadway; and

Whereas, The estimated cost of said paving of said space between the rails and for two feet on each side thereof on Fifth avenue at the crossing of Cabrillo street is \$83.20; now, therefore, be it

Resolved, That condition No. 5 of Resolution No. 1285 (New Series) be and the same is hereby amended to read as follows:

5. That said Geary Street, Park and

Ocean Railway Company pay into the municipal treasury for the month of April, 1908, and for each month thereafter until further order of the Board of Supervisors, five (5) per cent of the gross receipts of the said company derived from passenger fares for said months; provided, however, that for the month of April, 1910, said company shall be permitted to deduct from the total of said per centum of gross receipts the sum of \$83.20, conditioned that said sum of \$83.20 shall be devoted to the payment of cost of street work on Fifth avenue at the crossing of Cabrillo street, and the balance of said per centum of the said gross receipts to be paid into the Treasury of the City and County of San Francisco.

Passed for Printing.

The following matters were passed for printing:

Boiler Permit.

On motion of Supervisor Knowles:

Resolution No. — (New Series). Granting permission, revocable at will of the Board of Supervisors, to J. C. Mitchell to erect and maintain two boilers of 75 horsepower each, in premises situate at southeast corner of Forty-ninth avenue and B street, the same to be used for heating water for bathing purposes.

Oil Permits.

Also, Resolution No. — (New Series). Granting permission, revocable at will of the Board of Supervisors, to J. C. Mitchell to erect and maintain a storage tank of not more than 2500 gallons capacity, in premises situate at southeast corner of Forty-ninth avenue and B street, for the purpose of storing therein crude petroleum, to be used as fuel under boilers in said premises.

Also, Resolution No. — (New Series). Granting permission, revocable at will of the Board of Supervisors, to B. and D. Restaurant Co. to erect and maintain a storage tank of not more than 1000 gallons capacity, in premises situate No. 29 Powell street, for the purpose of storing therein crude petroleum, to be used as fuel under boilers in said premises.

Also, Resolution No. — (New Series). Granting permission, revocable at will of the Board of Supervisors, be and is hereby granted I. Hyman to erect and maintain a storage tank of not more than 1500 gallons capacity, in premises situate north side of Post street, 68 feet 9 inches east of Larkin street, for the purpose of storing therein crude petroleum, to be used as fuel under boilers in said premises.

Laundry Permit.

Also, Resolution No. — (New Series). Granting permission, revocable at will of the Board of Supervisors, to Sophie Isaacson to conduct a laundry, to be operated by hand power, in premises situate at Nos. 219-221 B street, in strict accordance with the Sanitary and Fire Laws and regulations of the Board of Health and the Fire Department.

Confetti Ordinance.

The following Bill was introduced by Supervisor Healy *and passed for printing*, as a substitute for one of similar purport heretofore recommended to the Hospital and Health Committee.

Bill No. 1101, Ordinance No. — (New Series), entitled, "Prohibiting the gathering of confetti from the public streets, sidewalks or places; the possession, sale or offer for sale of confetti so gathered, and the throwing of confetti so gathered, or confetti in mixed colors, upon the person or apparel of any individual."

Stable Permits.

Also, Resolution No. — (New Series), as follows:

Resolved, That permission, revocable at will of the Board of Supervisors, and in accordance with Ordinance No. 345 (New Series), be and is hereby granted to the following named to maintain stables at the hereinafter described locations, to wit:

Charles Herold, No. 1368 York street (rear), two horses.

C. O'Toole, No. 837 Kansas street (rear), one horse (provided present shack is reconstructed and cesspool is dug to receive discharges. Manure bin to be placed inside of stable and floors and area walls to be of concrete).

G. Balleto, rear of No. 146 Henry street, one horse (provided stable is placed under porch and not under dwelling proper).

Louis L. Ososke, north side of Twenty-seventh street, 240 feet east of Sanchez street (rear), one horse (provided stable is structurally repaired).

W. P. Johnson Lumber and Mill Company, No. 1185 Church street (rear), one horse.

Adopted.

The following Resolutions were adopted:

Denying Stable Permits.

On motion of Supervisor Healy:

Resolution No. 5620 (New Series), as follows:

Resolved, That in the exercise of the sound and reasonable discretion of the Board of Supervisors, permission be and is hereby denied the following named to maintain stables as follows, to wit:

George Schafer, west side of Shotwell street 100 feet south of Fourteenth street (rear), 35 horses. (Health Board disapproves because proposed stable would violate Ordinance No. 334 (New Series); prohibiting maintenance of a stable for more than four horses within fifty feet of a residence.)

P. Pedone, No. 2198 Mason street, one horse. (Health Board disapproves because stable is under residence.)

Ayes—Supervisors Bancroft, Cutten, Deasy, Harris, Hayden, Healy, Herget, Hocks, Kelly, Knowles, Loughery, McLaughlin, Minehan, Murdock, Nelson, O'Dowd, Pugh, Walsh—18.

Condemnation of California Woman's Hospital Building.

Also, Resolution No. 5621 (New Series), as follows:

Whereas, The Board of Public Works, in written communication filed March 28th, 1910, states that it has, by Resolution No. 3380 (Second Series), passed March 28, 1910, approved the report of John T. Burns, Superintendent of Public Buildings, relative to the dilapidated condition of the

premises known as the California Woman's Hospital building, situate on the north side of Sacramento street, near Baker street (a portion of Western Addition Block No. 579) recommending that said building be torn down, for the reason that it is unsafe, insanitary, and a fire trap on the inside as well as a menace to life and property, now therefore

Resolved, That the recommendation of the Board of Public Works that said building be torn down, be and is hereby concurred in.

Ayes—Supervisors Bancroft, Cutten, Deasy, Harris, Hayden, Healy, Herget, Hecks, Kelly, Knowles, Loughery, McLaughlin, Minehan, Murdock, Nelson, O'Dowd, Pugh, Walsh—18.

Resolved, That the petitions of A. Matthews, for refund of \$64.20, and Of Hartwig A. Cohen, for refund of \$64.10, being for alleged unused portions of concert hall license taxes, heretofore paid to the City and County of San Francisco, be and the same are hereby denied.

Adopted.

The following Resolutions were adopted:

Fixing Rates to be Charged by Board of Supervisors for Official Advertising.

On motion of Supervisor Minehan: Resolution No. 5622 (New Series), as follows:

Resolved, That the Clerk of the Board of Supervisors be and he is hereby authorized and directed to collect the following rates of advertising for publications made in the official newspaper from April 1, 1910, to April 1, 1911, to wit:

For Resolutions of Award of Contract, Proposal Notices inviting bids and Bills and Ordinances granting franchises, thirty (30) cents per square.

For Resolutions, granting Special Privileges or Privileges granted in pursuance with law, the sum of twelve (12) dollars, except where a large amount of printing be required, then the rate shall be thirty (30) cents per square; provided that where there is one permittee on a resolution granting a permit for either a laundry, stable, hospital, undertaking establishment, planing mill or wood working establishment, the rate shall be ten (10) dollars for each resolution, except where a large amount of printing is required, then the rate shall be thirty

(30) cents per square. When there are two or more such permittees on one resolution the rate shall be thirty (30) cents per square, and the total charge shall be divided proportionately among the various permittees.

For one specifically described piece of property contained in Applications for Grants of Land, the sum of twelve (12) dollars, and an extra sum of eight (8) dollars for each additional description contained therein.

Resolved, That all sums of money so collected shall be immediately paid into the Treasury by said Clerk, as provided by Chapter III, Article III of the Charter, and the Treasurer of this City and County is hereby directed to issue to the Clerk of the Board of Supervisors his receipt for the moneys so collected and paid to said Treasurer.

Resolved, That the above rates of advertising, in so far as they are applicable, shall be collected by all officers, offices and departments of this City and County.

Passed for Printing.

The following matters were *passed for printing*:

Changing Grades, Certain Streets.

On motion of Supervisor McLaughlin:

Bill No. 1279, Ordinance No. — (New Series), entitled, "Changing and re-establishing the official grades on Cortland avenue, between the easterly line of Winfield avenue and the easterly line of Buena Vista street, and on Elsie street, between Cortland avenue and the northerly line of Santa Marina street."

Also, Bill No. 1280, Ordinance No. — (New Series), entitled, "Changing and re-establishing the official grades on Parker avenue, between Fulton and Turk streets, on Fulton street, between

Cole, and Shrader streets, on Shrader street, between Fulton and Grove streets, and on McAllister street for 100 feet westerly from Parker avenue."

Also, Bill No. 1281, Ordinance No. — (New Series), entitled, "Changing and re-establishing the official grades on Greenwich street, between Filimore and Steiner streets."

Ful Acceptance, Seventh Avenue, Between Irving and Judah Streets.

Also, Bill No. 1282, Ordinance No. — (New Series), entitled, "Providing for full acceptance of the roadway of Seventh avenue, between Irving and Judah street, paved with bituminous rock."

Conditional Acceptance, Crossing of Eighth Avenue and Lake Street.

Also, Bill No. 1283, Ordinance No. — (New Series), entitled, "Providing for conditional acceptance of the roadway of the crossing of Eighteenth avenue and Lake street paved with bituminous rock."

Extension of Time, Sewer Work.

Resolution No. — (New Series), Granting A. L. Bragg an extension of thirty days' time from and after April 6th, 1910, within which to complete the contract for constructing sewer in Peralta avenue, between York street and Franconia street (formerly Franconia avenue).

This extension of time is granted upon the recommendation of the Board of Public Works, filed March 25, 1910, for the reason that the inclemency of the weather, and exceptionally difficult material encountered in the excavation, have retarded the work.

Adopted.

The following Resolutions were adopted:

Fixing Date of Hearing of Appeal From Assessment for Street Work at Crossing of Steiner and Lombard Streets.

On motion of Supervisor McLaughlin:

Resolution No. 5624 (New Series), as follows:

Whereas, The property owners feeling aggrieved at the assessment issued to J. G. Harney on the 21st day of February, 1910, for the work of constructing artificial stone sidewalks on the angular corners of the crossing of Steiner and Lombard streets, appeal from the assessment for the reason that the property owners had constructed a bituminous sidewalk nine feet in width in front of the property, including the angular corners, prior to the ordering of the work of construction of artificial stone sidewalks on the angular corners of the crossing of Steiner and Lombard streets.

Resolved, That Monday, April 18,

1910, at the hour of 3 p. m. in the Chambers of the Board of Supervisors, No. 70 Eddy street, be fixed as the time and place for hearing the appeal of said owners from said assessment.

Adopted.

The following Resolutions were adopted:

Intention to Change Grades, Hampshire Street.

On motion of Supervisor McLaughlin:

Resolution No. 5625 (New Series), declaring it to be the intention of the Board of Supervisors to change and establish grades at certain points and elevations on Hampshire street, between Sixteenth and Seventeenth streets, in accordance with recommendation of the Board of Public Works filed March 14, 1910, and directing said Board of Public Works to cause to be conspicuously posted along the street or streets upon which such change of grade is contemplated a notice of the passage of this Resolution of Intention.

Ayes—Supervisors Bancroft, Cutten, Deasy, Harris, Hayden, Healy, Herget, Hocks, Kelly, Knowles, Loughery, McLaughlin, Minehan, Murdock, Nelson, O'Dowd, Pugh, Walsh—18.

Intention to Change Grades and Order Certain Street and Sewer Work on Polk and Chestnut Streets.

Also, Resolution No. 5626 (New Series), as follows:

Resolved, That it is the intention of the Board of Supervisors to change and establish grades on the following named streets at the points hereinafter named and at the elevations above city base as hereinafter stated, in accordance with the written recommendation of the Board of Public Works (filed March 5, 1910) as follows, to wit:

On Polk street, at the northerly line of Lombard street, at 140 feet (the same being the present official grade).

On Polk street, at the crossing of Chestnut street, be lowered six feet and established at 114 feet.

On Polk street, at the southerly line of Francisco street at 110 feet (the same being the present official grade).

On Chestnut street at the westerly line of Larkin street at 215 feet (the same being the present official grade).

On Chestnut street, at the crossing of Polk street, be lowered six feet and established at 114 feet.

On Chestnut street, at the easterly line of Van Ness avenue, at 83 feet (the same being the present official grade).

On Polk street, between Lombard and Francisco streets, and on Chestnut

street, between Larkin street and Van Ness avenue, be changed and established to conform to true gradients between the grade elevations above given therefor.

It is further declared to be the intention of the Board of Supervisors to order the following street work to be done on the said portions of the above mentioned streets, to wit:

The regrading of Polk street, between Lombard and Francisco streets, and of Chestnut street, between Polk street and Van Ness avenue.

Also, the resewering of Polk street, between Lombard and Chestnut streets; of Chestnut street, between Larkin street and Van Ness avenue, and the crossing of Polk and Chestnut streets.

The district to be benefited by such changes of grades and to be assessed for the payment of damages caused thereby, and also the expense of regrading and resewering the above mentioned streets as above specified is hereby defined and established as follows:

Those certain tracts, pieces or parcels of land, situate, lying and being in the City and County of San Francisco, State of California, and bounded and particularly described as follows, to wit:

Commencing at a point on the northerly line of Lombard street, 100 feet westerly thereon from the westerly line of Polk street; thence northerly along a line parallel with the westerly line of Polk street 137.5 feet; thence at right angles westerly 175 feet; thence at right angles northerly 110 feet; thence at right angles westerly 109 feet to the easterly line of Van Ness avenue; thence northerly along said easterly line of Van Ness avenue 233.75 feet to a point which is 137.5 feet northerly thereon from the northerly line of Chestnut street; thence at right angles easterly 123 feet; thence at right angles northerly 50 feet; thence at right angles westerly 25 feet; thence at right angles northerly 25 feet; thence at right angles westerly 98 feet to the easterly line of Van Ness avenue; thence northerly along said easterly line of Van Ness avenue 750 feet to the southerly line of North Point street; thence easterly along said southerly line of North Point street 865.25 feet to the westerly line of Larkin street; thence southerly along said westerly line of Larkin street 825 feet to a point which is 137.5 feet southerly thereon from the southerly line of Francisco street; thence at right angles westerly 137.5 feet; thence at right angles southerly 81 feet; thence at right angles easterly 137.5 feet to the westerly line of Larkin street; thence southerly along said westerly line of Larkin street 217.75

feet to a point which is 92.5 feet southerly thereon from the southerly line of Chestnut street; thence at right angles westerly 137.5 feet; thence at right angles southerly 45 feet; thence at right angles westerly 206.25 feet; thence at right angles southerly 137.5 feet to the northerly line of Lombard street; thence westerly along said northerly line of Lombard street 237.5 feet to the point of commencement.

The actual cost of performing the work of regrading and sewerage and otherwise improving said portions of said streets as above specified shall be assessed upon the said district which is above declared to be benefited by such changed or modified grade (except that the Board of Supervisors reserves the right, in its discretion, to order by Ordinance that the whole or any part of the cost and expense of the work aforesaid or the damages resulting therefrom be paid out of the Treasury of the City and County of San Francisco) from such funds as the Board of Supervisors may designate.

Any person owning property fronting upon said portions of the street or streets where such grade is to be changed and such street work is to be done may file a petition with the Board of Public Works within sixty (60) days after the first publication of this resolution of intention, showing the fact of such ownership, a description and situation of the property claimed to be damaged, its market value and the estimated amount of damages over and above all benefits which the property would sustain by the proposed change if completed. Such petitions shall be verified by the oath of the petitioner, or his agent, and failure so to petition shall be deemed and treated as a waiver of any claim for such damage or damages. The Board of Public Works shall cause to be conspicuously posted along all streets within the district defined in this resolution, notices of the passage of this resolution, in the manner and in the form as required by the Charter of the City and County of San Francisco.

Ayes—Supervisors Bancroft, Cutten, Deasy, Harris, Hayden, Healy, Herget, Hocks, Kelly, Knowles, Loughery, McLaughlin, Minahan, Murdock, Nelson, O'Dowd, Pugh, Walsh—18.

Offer to Construct Temporary City Hall.

His Honor the Mayor presented the following communication, which was read by the Clerk:

San Francisco, Cal., April 9th, 1910.
Hon. P. H. McCarthy, San Francisco, Calif.

Dear Sir: We beg to submit the following proposition for a temporary City Hall to occupy the lot on the northwest corner of Mission and Eighth streets, and to have a floor space of at least 100,000 square feet for housing the various departments of the City:

A proposition of a three years' lease at \$5700 per month, and should the City continue its occupancy of the building after the 3 years, the tenancy to be from month to month at the same monthly rental.

We agree to take over the City's present leases as soon as the City begins its occupancy of our building, and agree to pay the monthly rental due from the City for these leases which we are to assume, showing receipts before collecting from the City each month the rental due from the City for our building.

We agree also to remove the various departments from their present locations into the building which we are to lease the City without cost to the City, and to install such partitions, floor covering, shelving and light fixtures as may be agreed upon to properly house the various departments, including such private offices and committee rooms as may be necessary. We also agree to furnish heat, elevator service and janitor service without additional cost to the City.

It is understood that the present floor coverings in the various departments of the City shall be utilized as far as they may be to advantage, as well as counters, shelving and other fixtures.

Such articles herein mentioned as are furnished by the City, to remain the property of the City, but such shelving, counters and floor covering as may be furnished by us to remain our property when the City gives up its tenancy of our building.

We have visited the various departments, and made a careful inspection of the equipment now in use and believe we can house the City to much better advantage with considerable additional floor space than now occupied, and much greater convenience without additional expense to the City.

We hope that this proposition will be favorably considered by you and that we may come to some agreement with the City as soon as possible.

Yours respectfully,

HUNT, OSTEYEE & BAZZ.

Per JAS. E. HUNT.

Ordered referred to the Public Buildings Committee.

official line and grade the granite curbs already constructed.

Full Acceptance, Certain Streets.

Also Bill No. 1288, Ordinance No. — (New Series), entitled: "Providing for full acceptance of the roadway of Walnut street, between Jackson street and Pacific avenue; the crossing of Lake street and Nineteenth avenue; the crossing of Lake street and Twenty-fourth avenue."

Conditional Acceptance, Certain Streets.

Also, Bill No. 1289, Ordinance No. — (New Series), entitled: "Providing for conditional acceptance of the roadway of the crossing of Lake street and Twentieth avenue; crossing of Lake street and Twenty-first avenue, paved with asphalt."

Changing Grades, Certain Streets.

Also, Bill No. 1290, Ordinance No. — (New Series), entitled: "Changing and re-establishing the official grades on the easterly line of Hyde street at Francisco street; on Leavenworth street, between Chestnut street and the northerly line of Francisco street, and on Francisco street, between Hyde street and the easterly line of Leavenworth street."

Extension of Time, Sewer Work.

Also, Resolution No. — (New Series), as follows:

Resolved, That E. J. Gallagher be and is hereby granted an extension of twenty days' time from and after April 4, 1910, within which to complete the contract for the construction of sewers and appurtenances in Ocean avenue between Lee and Arlington streets.

This extension of time is granted upon the recommendation of the Board of Public Works, filed April 1, 1910, for the reason that the character of the soil and the inclemency of the weather have prevented the contractor from completing the work in the required time.

Underground Conduit Permit.

Also, Resolution No. — (New Series), as follows:

Resolved, That Mrs. A. McHugh and George S. Loft be and are hereby granted permission, revocable at will of the Board of Supervisors, to lay down underground conduits and wires across the roadway of the following streets of the City and County of San Francisco, to wit:

Across O'Farrell street, between Stockton street and Powell street; across O'Farrell street, between Powell street and Mason street; across O'Farrell street, between Mason street and Taylor street; across Powell street, between Ellis and O'Farrell streets; across Ellis street, between Stockton street and Powell street; across Ellis street, between Powell street and Mason street; across Ellis street, be-

tween Mason street and Taylor street; across Eddy street, between Powell street and Mason street; across Eddy street, between Mason street and Taylor street; across Mason street, between O'Farrell street and Ellis street; across Taylor street, between Eddy street and Turk street.

The purpose for which the conduit and wires are to be used being to install in the designated area a call system for a special messenger service, being known and designated as the Hasty Special Messenger Service, and all wires, conduits and other apparatus to be installed and constructed in accordance with all Ordinances of the Board of Supervisors.

The said conduits and wires shall be laid under the supervision of the Board of Public Works, the Department of Electricity and the Fire Department.

Provided further, that Mrs. A. McHugh and George S. Lott shall at all times while exercising said privilege keep in repair the roadway of the space of two feet over said conduits and wires.

Adopted.

Announcement.

Supervisor Kelly announced that the Buildings and Finance Committees, the Board of Education, City Architect and Commissioner Newsom of the Board of Public Works would meet tomorrow, April 12, 1910, at 1 o'clock, for the purpose of discussing ways and means of making the available money meet the needs for all the schools which the City proposes to build.

Relative to Retention of Services of Dr. John Atcherly at the Leper Hospital.

Miss Sarah Frey obtained the privilege of the floor and addressed the Board on behalf of the lepers at the Isolation Hospital, stating that it was the earnest hope of the inmates of that institution that Dr. John Atcherly be permitted to continue to administer his system of treatment for leprosy which had been of great benefit to them and their only hope of recovery. She stated that the Board of Health had refused to allow Dr. Atcherly to continue his treatment, for the reason that he was not a certified physician of this State, but she expressed the hope that his Honor the Mayor and the Board of Supervisors would be able to find some way of getting around the difficulty by appointing Dr. Atcherly as an interne or some other position where he could administer to the wants of the lepers.

Hospital and Health Committee instructed to devise some means of complying with the request.

Passed for Printing.

The following Resolution was introduced under suspension of the rules and passed for printing:

Authorizing Payment, Sewer Work.

RELATIVE TO DENIAL OF PERMIT FOR USE OF OUTER TRACKS OF LOWER MARKET STREET.

The following report was read by Clerk:

Report of Public Utilities Committee.

April 16, 1910

To the Honorable, the Board of Supervisors, San Francisco, Cal.

Gentlemen: Your committee on Public Utilities, having under consideration the petitions of the Downtown Association, the North Central Improvement Club, the Merchants' Association, the Western Addition Improvement Club and others, for through trolley car service on Sutter street to the ferry by granting a temporary permit for the operation of the Sutter street trolley cars on the outer tracks of lower Market street, and also proposed bill introduced by Supervisor Bancroft directing the United Railroads to operate the Sutter street cars on the inner tracks of lower Market street, begs leave to report that it has given all parties interested in this matter, careful hearing, that it has also considered the substitute resolution submitted by Edgar Peixotto, representing the Downtown Association, and your committee recommends the denial of any and all such permits to the use of the outer tracks on lower Market street until such time as the respective rights of the City and Railroad Companies have been determined by the courts, in order that any rights which the City may have in lower Market street at this time may not be jeopardized by such action on our part.

Your committee believes if this action is concurred in and this policy adhered to, that it will bring about the only proper settlement of this question and the fulfillment of the pledges made by the Union Labor party in its platform—to settle speedily and for all time, the important question of the rights of the City to the use of lower Market street for its proposed municipal railroad. It will also afford, as quickly as is consistent with the safety of whatever rights the City may have to operate its municipal road on lower Market street, the relief asked for by the improvement clubs, merchants, and property owners on Sutter street. In this connection, we again request that every effort be made on the part of the City Attorney's office to bring to a final conclusion the suits now pending in this matter. In accordance with our recommendation, your committee unanimously adopted the following resolution presented by Supervisor Walsh:

Supervisor Walsh's Resolution.

Resolved, That we, the Public Utilities Committee, recommend to the Board of Supervisors that the petitions of the Downtown Association and other civic organizations for the granting of a temporary permit to the Sutter Street Railway Company to operate its cars on the outer tracks of lower Market street, from Sutter street to the

ferry, be denied for the following reasons, to wit:

First—That the Sutter Street Railway Company and the United Railroads of San Francisco refuse to allow the inclusion in the permit of a provision granting the right to the Geary Street Municipal Railroad to run over said outer tracks.

Second—That we are unalterably in favor of the Geary Street Municipal Railroad having a clear right of way to the Ferry, which this temporary permit, if granted, might, without the stipulation above mentioned, militate against; and your committee believes that no permit should be granted without such stipulation until such time as whatever rights the Sutter Street Railway Company may have on lower Market street have been determined by the courts.

As to the bill introduced by Supervisor Bancroft requiring the United Railroads to operate its Sutter street cars on the *inner* tracks of lower Market street, your committee is of the opinion that it is not an illegal piece of legislation and would greatly complicate an already involved legal question, but might, if adopted confer invaluable rights on the United Railroads, which that company at the present time may not possess. The opinion of City Attorney Long in this matter seems at variance with a previous opinion rendered by him in the matter of the switch at Post and Market streets, in which matter he advised that if the Board granted said switch at Post and Market streets it would confer an invaluable right to the United Railroads. Your committee does not believe that the best interests of the City would be conserved by compelling the United Railroads to do something at the junction of Sutter and Market streets which would give them the rights that are now in question and about to be determined by the courts. Your committee therefore recommends that Bill No. 1274 (New Series), entitled "An ordinance directing and requiring all cars of the United Railroads of San Francisco running on Sutter street to be run to the City Front and from the City's Front back to Sutter Street" be refused passage. In this connection, the following resolution introduced by Supervisor Loughery as a substitute for the foregoing bill was adopted, Supervisor Hocks dissenting. The Resolution is as follows and fully represents the sentiments of the majority of your committee in this regard, to wit:

Supervisor Loughery's Resolution.

Resolved, We recommend to the Board of Supervisors, that the pro-

posed ordinance introduced by Supervisor Bancroft, directing and requiring the United Railroad Company to make certain switches and trolley connections and operate its cars on Sutter street over and along the center tracks on lower Market street, from Sansome to the Ferry be not adopted for the following reasons, to wit:

We believe its adoption would not remove the horse cars or give the relief to the public they are seeking, viz: continuous service over Sutter and Market street to the Ferry without change of cars, but instead would involve the city in endless litigation, further

We believe the courts should not be resorted to for the adjustment of questions of this kind, while other means can be applied to accomplish the purpose desired, further

As a substitute, through which relief may be obtained, we recommend and urge the residents of Sutter street, the Downtown Association, the North End Improvement Club and other civic organizations who desire improved service on Sutter street line and who have been petitioning the Board of Supervisors for a temporary permit to the outer tracks on Market street, to exercise the same zeal and influence with the United Railroad Company, they did upon the Board of Supervisors to have them make necessary switch and trolley connections and operate their Sutter street cars over the center tracks on Market to the Ferry for the accommodation of the public, until such time as the rights of the Sutter Street Railway Company have been determined by the courts through the action now pending before it, instituted by this Board, further

The Board of Supervisors declares that it stands ready to co-operate with the above named Improvement Clubs and Associations by granting permits for the necessary switches and trolley lines.

In conclusion your committee wishes to state that while it has been subjected to much harsh and unjust criticism as well as the vilest kind of abuse from the discredited press of San Francisco, it feels that it has done its best for the City of San Francisco and her people; and we wish to add that during the few months that the Labor Administration has been in power more real progress has been made in the way of settling the question of the City's right to lower Market street and in the promotion of the Geary Street Municipal Railroad than was accomplished during

the entire terms of the two previous administrations.

Respectfully submitted,

WM. C. PUGH,

J. L. HERGET,

R. J. LOUGHERY,

J. O. WALSH,

Public Utilities Committee.

Adopted.

Thereupon the following Resolution was adopted:

Denial of Permit to Operate Sutter Street Cars on Outer Tracks of Lower Market Street.

On motion of Supervisor Pugh:

Resolution No. 5711 (New Series), as follows:

Resolved, That the petitions of the Downtown Association and other civic organizations for a temporary permit to the Sutter Street Railway Company to operate its cars on the outer tracks of lower Market street, from Sutter street to the Ferry, be denied for the following reasons, to wit:

First. That the Sutter Street Railway Company and the United Railroads of San Francisco refuse to allow the inclusion in the permit of a provision granting the right to the Geary Street Municipal Railroad to run over said outer tracks.

Second. That we are unalterably in favor of the Geary Street Municipal Railroad having a clear right of way to the Ferry, which this temporary permit, if granted, might, without the stipulation above mentioned, militate against; and your Committee believes that no permit should be granted without such stipulation until such time as whatever rights the Sutter Street Railway Company have on lower Market street have been determined.

Bancroft Ordinance Refused Adoption and Petitioners for Outer Track Permit Requested to Solicit Relief from the United Railroads.

Supervisor Pugh presented the following Resolution and moved its adoption:

Resolved, That the proposed ordinance introduced by Supervisor Bancroft directing and requiring the United Railroads Company to make certain switches and trolley connections and operate its cars on Sutter street over and along the center tracks on lower Market street from Sansome to the Ferry be not adopted for the following reasons, to wit:

We believe its adoption would not remove the horse cars or give the relief to the public they are seeking, viz.: continuous service over Sutter

and Market streets to the Ferry without change of cars, but instead would involve the city in endless litigation, further

We believe the courts should not be resorted to for the adjustment of questions of this kind while other means can be applied to accomplish the purpose desired, further

As a substitute, through which relief may be obtained, we recommend and urge the residents of Sutter street, the Down Town Association, the North End Improvement Club and other civic organizations who desire improved service on Sutter street line and who have been petitioning the Board of Supervisors for a temporary permit to the outer tracks on Market street, to exercise the same zeal and influence with the United Railroads Co. they did upon the Board of Supervisors to have them make necessary switch and trolley connections and operate their Sutter street cars over the center tracks on Market street to the Ferry for the accommodation of the public, until such time as the rights of the Sutter Street Railway Company have been determined by the courts through the action now pending before it, instituted by this Board, further

The Board of Supervisors declare it stands ready to co-operate with the above named improvement clubs and associations by granting permits for the necessary switches and trolley lines.

Commending Attitude of Tuolumne Board of Supervisors Toward City's Efforts to Obtain a Tuolumne Source of Water Supply.

On motion of Supervisor McLaughlin:

Resolution No. 5715 (New Series), as follows:

Whereas, At a very critical stage of the acquisition and development of the water supply of this City and County, and, when the effect of its development is being grossly and selfishly misrepresented and attacked throughout the entire country, the Honorable, the Board of Supervisors of Tuolumne County, did, on the 4th instant, pass resolutions very materially aiding this City and County, expressing a broad and generous policy and endorsing the general propositions involved in the development of our Tuolumne sources of water supply:

Therefore be it Resolved by the Board of Supervisors of the City and County of San Francisco, that this Board representing the citizens of this City and County, recognize with high appreciation the action of the Board of Supervisors of Tuolumne County as above recited, and accepts this evidence of the hearty good will and encouragement of said Board and of the citizens of Tuolumne County in this vital necessity, and we pledge them our earnest co-operation and assistance in the development of their great natural resources and wealth of timber, mines, stock and agricultural possibilities.

Resolved Further, That the Clerk of this Board is hereby authorized and directed to spread this resolution on the minutes of this Board and to send copies thereof to the Board of Supervisors of Tuolumne County.

NEW BUSINESS.

Fixing and Determining Heat, Light and Power Rates for the Fiscal Year 1910-11.

Supervisor Walsh presented the following report, which was read by Clerk and adopted:

April 25th, 1910.

To the Honorable, the Board of Supervisors.

Gentlemen: Your committee on Artificial Lights, to which was referred the matter of recommending rates to be fixed for furnishing heat, light and power to the inhabitants of the City and County of San Francisco for the fiscal year 1910-11, begs leave to report that it has given careful consideration to all the statements submitted by the companies furnishing such service and that it has made exhaustive study of said matters as well as of the report of the City's expert prepared in this connection. Basing its action on said study and investigation and allowing for depreciation, your Committee is convinced that the rates provided for in Ordinances Nos. 766 and 770, fixing and determining heat, light and power rates for the fiscal year 1909-10, afford a fair and adequate compensation for such service and it is recommended that said rates be re-enacted for the fiscal year 1910-11.

Ordinances to this effect have been prepared and are submitted to your Honorable Board for passage to print.

Respectfully submitted,
JOHN O. WALSH,
CHAS. A. NELSON,
EDWARD L. CUTTEN,
Artificial Lights Committee.

Accepting Offer for Construction of Temporary City Hall at Eighth and Mission Streets.

Supervisor Nelson presented the following:

Resolution No. — (New Series), as follows:

Whereas, The offer of Hunt, Ostevee and Banz to erect and lease to the City a reinforced concrete building to be located at the northwest corner of Mission and Eighth streets, in accordance with the certain conditions and tentative plans filed, for a term of three (3) years at a monthly rental of \$5400.00, and

Whereas, It appears that the said offer of Hunt, Ostevee and Banz is the best offer submitted for a temporary City Hall to accommodate the municipal offices and departments of the City and County, therefore be it

Resolved, That the said offer of Hunt, Ostevee and Banz be and is hereby accepted upon the following certain conditions, to wit:

The said parties to construct a reinforced concrete building on the lot at the northwest corner of Mission and Eighth streets, the holding to be of dimensions 155x260 feet and leaving a 15-foot passageway around building not facing on the street, and to have concrete floors throughout and to be covered with wood flooring, except in toilets, corridors, etc., as detailed, and to have a floor space of 112,900 square feet, excluding corridors, lavatories, etc. The height of the ceilings to be 18 feet on the first floor, 12 feet on the second floor and 19 feet on the third floor, with galleries, etc., as per plans and specifications to be arranged in detail by his Honor the Mayor and the Public Buildings Committee of the Board of Supervisors, said plans and specifications to be subject to approval by the Board of Public Works, and to have two passenger elevators. Also a stable is to be constructed, having an area of 1500 square feet on property adjoining, for use of the Central Emergency Hospital.

The said proposed building is to be completed and ready for occupancy in six months' time, dating from the time of signing of the lease by the City.

The said Hunt, Ostevee and Banz are to take over the City's present leases as soon as the proposed building is occupied by the City, and agreeing to pay the monthly rentals under said leases until the date of termination of said leases.

To remove the various offices and

departments of the City from their present locations to the proposed building when completed; and to install such partitions, floor covering, shelving and light fixtures, etc., as may be agreed upon to properly house the various departments, including private offices and committee rooms as may be necessary, without cost to the City, it being understood that the present floor coverings of the various departments of the City, as well as counters, shelving and other fixtures shall be utilized as far as they may be to advantage, and shall remain the property of the City.

The said Hunt, Ostevee and Banz are to furnish janitor, elevator and heating service free to the City, the City to pay the cost of light and water service, and be it further

Resolved, That his Honor the Mayor be and is hereby authorized and requested on behalf of the City and County of San Francisco to enter into a lease with said Hunt, Ostevee and Banz for a period of three years, said lease to date from the time of the occupancy of the said building by the City in accordance with the above conditions or additional stipulations that may be agreed upon, and to be made a part of said lease at a monthly rental of \$5400 per month; it being understood and agreed that should the City deem fit to continue occupancy and retain the said premises for a longer period than that contained in the said lease, the City shall have the privilege of so remaining at the same rental figure of \$5400 per month on a proposition from month to month tenancy.

Amendment.

Supervisor Nelson moved to amend by making the lease for four years instead of three if it was found that by doing so a substantial reduction would be made in the monthly rental.

Amendment carried.

Adopted.

Whereupon the above Resolution amended as follows was adopted as Resolution No. 5755 (New Series) by the following vote:

Extension of Time in Matter of the Enforcement of the Two Cow Ordinance.

The following entitled Bill was presented by the majority of the Hospital and Health Committee and recommended for *passage to print*:

Bill No. 1308. Ordinance No. — (New Series). Amending Section 4 of Ordinance No. 731, entitled, "Regulating the Keeping of Cattle," approved April 17th, 1909, the provisions of which extend the time within which said Ordinance shall take effect until August 1, 1910.

Minority Report.

Supervisor Healy presented the following minority report which was read by the Clerk:

May 2, 1910.

To the Honorable the Board of Supervisors of the City and County of San Francisco—Gentlemen: The undersigned, a minority of your Committee on Hospital and Health, begs leave to report in the matter of the petition of dairymen for an extension of

time in regard to the enforcement of the so-called Two Cow Ordinance in favor of an extension of ten months' time from date within which the provisions of the existing ordinance shall be enforced.

Respectfully submitted,

T. B. HEALY.

Chairman, Hospital and Health Committee.

Privilege of the Floor.

George L. Hurlbut, representing the West End Improvement Club, was granted the privilege of the floor and addressed the Board, stating that the dairymen had already been granted extensions of time aggregating over two years of the four months since the ordinance requiring them to remove their cattle outside of the City limits was first introduced. He declared that the dairymen at this time were not acting in good faith and had no intention of removing at the end of the extension which they now asked, but would seek further extensions. He declared that the presence of the cattle corrals were a nuisance and a menace to the health of the surrounding property owners.

Theo. Pinther, representing the Glen Park Improvement Club and the Mission Promotion Association, also addressed the Board, opposing the granting of any further extensions of time within which cattle may be maintained within the city limits. He declared that San Francisco had already lost in population over 20,000 people who had made their homes on the other side of the bay where conditions were more tolerable.

Jos. Dunn, representing University Mound District, obtained the privilege of the floor and addressed the Board, stating that the property owners in the University Mound District were mostly workmen who had settled in that district subsequent to the fire, believing that the Board of Supervisors would enforce the law and compel the dairymen to remove. He declared that the corrals where the cattle are kept are an intolerable nuisance, a breeding place for flies and a menace to the health of the people.

George Tapp, representing the South of Army Street Improvement Association, also addressed the Board, requesting that the dairymen be compelled to remove their cattle outside of the City limits, otherwise the poorer class of people who had two cows or more on an acre of ground be permitted to maintain their stock as heretofore.

Arthur Warren, representing the Green Valley Improvement Association, was also granted the privilege of the floor and opposed the granting of any further extensions of time to the dairy-

men, declaring that the stench from the corrals made life almost intolerable in their vicinity.

S. Stercus, representing the West End Improvement Club, also addressed the Board, opposing the granting of any further extension of time to the dairymen.

W. P. Cluc, representing the dairymen, also addressed the Board, stating that Fassler's Dairy was the only one giving offense and that the others were made to suffer for this reason. He declared that nearly all the dairymen have enough acreage within the limits of the City and County to comply with the law permitting two cows to the acre. He also stated that the dairymen employed over 250 men, including milkers, horseshoers and others, and that it would practically mean the destruction of the union to which these men belonged if their employers were obliged to leave the City limits. He urged the adoption of the minority report, extending the time for ten months and declared that he would guarantee that at the end of that time the dairies would be removed.

M. Johnson, dairyman, also addressed the Board, stating that the dairymen were not responsible for any promises that had been made by real estate agents to the property owners in the vicinity of the dairies as to the removal of same within any period of time, but stated that if the extension requested in the minority report was allowed, that he would assure the Board they would be removed when the time had expired.

On motion of Supervisor Knowles:

Also, Resolution No. — (New Series), Granting permission, revocable at will of the Board of Supervisors, to the Galland Mercantile Laundry to erect and maintain an engine and boiler of 125 horsepower, in premises situate Nos. 315-337 Eighth street, the same to be used for laundry purpose.

Boiler Permit.

Also, Resolution No. — (New Series), Granting permission, revoc-

able at will of the Board of Supervisors, to R. Mende to erect and maintain an engine and boiler of 10 horsepower, in premises situate No. 508 Ellsworth street, the same to be used for manufacturing candy.

Oil Permits.

Resolution No. — (New Series), as follows:

Resolved, That permission, revocable at will of the Board of Supervisors, be and is hereby granted Pacific Coast Syrup Company to erect and maintain a boiler of 80 horsepower additional, in premises situate No. 713 Sansome street, the same to be used for boiling sugar.

Also, Resolution No. — (New Series), Granting permission, revocable at will of the Board of Supervisors, to the Goodman Estate to erect and maintain a storage tank of not more than 1500 gallons capacity, in premises situate north side of Post street, west of Powell street, for the purpose of storing therein crude petroleum, to be used as fuel under boilers in said premises.

Said permission is granted with the approval of the Fire Marshal, who shall prescribe the conditions governing the exercise of this privilege, and shall also see that said conditions are strictly conformed to by said Goodman Estate.

Also, Resolution No. — (New Series), Granting permission, revocable at will of the Board of Supervisors, to Mary E. Harris to erect and maintain a storage tank of not more than 2000 gallons capacity, in premises situate north side McAllister street, 165 feet east of Hyde street, for the purpose of storing therein crude petroleum, to be used as fuel under boilers in said premises.

Also, Resolution No. — (New Series), Granting permission, revocable at will of the Board of Supervisors, to Charles Holbrook to erect and maintain a storage tank of not more than 1800 gallons capacity, in premises situate at north side of Market street, 150 feet west of Front street, for the purpose of storing therein crude petroleum, to be used as fuel under boilers in said premises.

Also, Resolution No. — (New Series), Granting permission, revocable at will of the Board of Supervisors, to Amelia L. and S. L. Leszynsky to erect and maintain a storage tank of not more than 1500 gallons capacity, in premises situate south line of Fern street, 167 feet 3 inches west of Van Ness avenue, for the purpose of storing therein crude petroleum, to be used as fuel under boilers in said premises.

Said permission is granted with the approval of the Fire Marshal, who shall prescribe the conditions governing the exercise of this privilege, and shall also see that said conditions are strictly conformed to by said Amelia L. and S. L. Leszynsky.

Also, Resolution No. — (New Series), Granting permission, revocable at will of the Board of Supervisors, to Adolph Meyer to erect and maintain a storage tank of not more than 1500 gallons capacity, in premises situate west side of Leavenworth street, 57 feet 6 inches south of Eddy street, for the purpose of storing therein crude petroleum, to be used as fuel under boilers in said premises.

Laundry Permits.

Also, Resolution No. — (New Series), Granting J. B. Pressans permission, revocable at will of the Board of Supervisors, to maintain and operate a laundry, to be operated by handpower, in premises at 4438 Mission street, in strict accordance with the Sanitary and Fire Laws and Regulations of the Health and Fire Departments.

Stable Permits.

Supervisor Healy introduced:

Resolution No. — (New Series), Granting permission, revocable at will of the Board of Supervisors, and in accordance with Ordinance No. 345 (New Series), to the following named to maintain stables at the hereinafter described locations, to wit:

William Watson, west side of Stone street, 110 feet south of Jackson street, eleven horses.

J. A. Nongue and Company, No. 2123 Bush street.

G. Mascone, south side of Geary street, 26 feet 8 inches west of Twenty-second avenue, two horses.

Demetri Rubino, 3201 Octavia street, two horses.

Charles A. Rousler, north side of Thirtieth street, 150 feet west of Mission street, one horse.

Privilege of the Floor.

J. Cottle was granted the privilege of the floor and addressed the Board opposing the granting of a permit to J. A. Nongue and Company at No. 2123 Bush street, for the reason that the proposed stable was to be located in a residential section and would depreciate property values and increase insurance rates.

Motion.

Supervisor McLaughlin moved that the petition of J. A. Nongue be re-committed to the Hospital and Health Committee.

So ordered.

Passed for Printing.

Whereupon, the above Resolution, as amended was *passed for printing*.

Adopted.

The following Resolution was *adopted*:

Accepting Offer for Construction of Harbor Emergency Hospital.

On motion of Supervisor Healy: Resolution No. 5846 (New Series), as follows:

Whereas, The offer of P. J. Moliterno to erect and lease to the City and County for Harbor Emergency Hospital purposes, a one-story brick or concrete structure situate and numbered 5-7-9-11 Clay street, fronting on the south side and with a rear entrance on Commercial street, 30x119½ feet, for a period of three (3) years, at a monthly rental of \$200.00, with an option of two (2) years at the same rental, appears to be the best offer submitted for a Harbor Emergency Hospital building in that vicinity, therefore, be it

Resolved, That said offer of P. J. Moliterno be and is hereby accepted on the following conditions:

1. That lessor shall construct a one-story brick or concrete structure with four walls, one cross wall dividing the stable.

2. That lessor construct a concrete flooring in stable and sink in concrete the posts for the stalls.

3. That lessor shall put in all necessary doors, windows and skylights for hospital purposes. Further

Resolved, That his Honor the Mayor, be and is hereby authorized and requested on behalf of the City and County of San Francisco to enter into said lease with P. J. Moliterno for a term of three years, said lease to date from the time of occupancy of said building by the city and to be in accordance with the above conditions or any additional stipulations that may be agreed upon.

Ayes—Supervisors Bancroft, Cutten, Deasy, Harris, Hayden, Healy, Herget, Kelly, Knowles, Loughery, McLaughlin, Minehan, Murdock, Nelson, O'Dowd, Pugh, Walsh—17.

Passed for Printing.

The following matters were *passed for printing*:

Extensions of Time, Bond Issue, School Buildings.

On motion of Supervisor Nelson: Resolution No. — (New Series), Granting the following extensions of time to W. H. Hanley, to wit:

Ninety days' time from and after April 3, 1910, within which to complete contract for plastering the McKinley School; also

Ninety days' time from and after

March 7, 1910, within which to complete contract for plastering the Frank McCoppin School.

These extensions of time are granted for the reason that change of grades and excavations caused delays in buildings; and be it further

Resolved, That the advertising charges for printing this Resolution be and are hereby remitted.

(Communications from Board of Public Works, filed April 19, 1910.)
Extension of Time, Steel and Iron Work, County Jail Building.

Also, Resolution No. — (New Series), Granting the Pacific Rolling Mill Company an extension of thirty days' time from and after July 11, 1910, within which to complete the contract for structural steel and castiron work at the County Jail Building.

This extension of time is granted for the reason that delay was caused in change of plans of the building.

Adopted.

The following Resolutions were adopted:

Install Pacific Telephone Service.

On motion of Supervisor Nelson:

Resolution No. 5847 (New Series), as follows:

Resolved, That the Pacific Telephone and Telegraph Company be and is hereby requested to install a telephone each in the residence of L. Mamlock, foreman in the Department of Electricity, at No. 6 Oakwood street, and in the residence of Thomas F. Finn, Sheriff, at No. 925a Howard street, for the transaction of official business.

Ayes—Supervisors Bancroft, Cutten, Deasy, Harris, Hayden, Healy, Herget, Kelly, Knowles, Loughery, McLaughlin, Minehan, Murdock, Nelson, O'Dowd, Pugh, Walsh—17.

Install Home Telephone Service.

Also, Resolution No. 5848 (New Series), as follows:

Resolved, That the Home Telephone Company be and is hereby requested to install a telephone each in the residence of L. Mamlock, foreman in the Department of Electricity, at No. 6 Oakwood street, and in the residence of Thomas F. Finn, Sheriff, at No. 925a Howard street, for the transaction of official business.

Ayes—Supervisors Bancroft, Cutten, Deasy, Harris, Hayden, Healy, Herget, Kelly, Knowles, Loughery, McLaughlin, Minehan, Murdock, Nelson, O'Dowd, Pugh, Walsh—17.

Action Deferred.

The following Resolution was introduced by Supervisor Pugh, and on motion laid over one week:

Determining to Grant a Street Railroad Franchise Along Parnassus Avenue, Judah Street and Ninth Avenue.

Declaring it to be the intention of the Board of Supervisors to grant a

street railroad franchise for a period of twenty-five years over the following described route:

Commencing at the intersection of Parnassus and Third avenues, running thence along Parnassus avenue to Judah street, thence along Judah street to Ninth avenue, thence along Ninth avenue to Pacheco street.

Chief of Police to Enforce Fender Ordinance.

The following Resolution heretofore referred to the Public Utilities Committee was taken up:

Resolved, That the Chief of Police be and is hereby instructed to use the police power of this City and County to enforce the provisions of Bill No. 1245, Ordinance No. 1109 (New Series), requiring cars operated over street railway tracks to be equipped with fenders. He is further instructed to arrest any person or persons violating the provisions of said Ordinance. The co-operation of the District Attorney in enforcing the above named Ordinance is also respectfully urged.

Privilege of the Floor.

Chas. V. Black, representing the United Railroads, was granted the privilege of the floor and addressed the Board, stating that only one firm in the United States manufactured the fender to be used by his company and that said company could not turn them out fast enough to permit the company to comply with the terms prescribed in the Ordinance. He stated further that at the present rate of delivery it would be about the 1st of August before all the cars could be equipped and requested an extension of time until that date.

Recommittal.

Whereupon, on motion of Supervisor Loughery, the above Resolution was ordered *recommitted to the Public Utilities Committee*.

Passed for Printing.

The following matters were passed for printing:

Ordering Sewer Work.

On motion of Supervisor McLaughlin:

Bill No. 1317, Ordinance No. — (New Series), entitled, "Ordering the construction of sewers and appurtenances in Section A of the North Point Main Sewer, approving and adopting plans and specifications therefor, and authorizing the Board of Public Works to enter into contract for doing said work at an estimated cost of one hundred and sixty-five thousand (\$165,000.00) dollars, payable out of the proceeds of sale of Sewer Bonds, issue of 1908."

Changing Grades. Certain Streets.

Also, Bill No. 1318, Ordinance No. (New Series), entitled, "Changing and re-establishing the official grades on London street, between Persia and France avenues, and on Russia avenue, between Mission and the easterly line of London street."

Also, Bill No. 1319, Ordinance No. (New Series), entitled, "Changing and re-establishing the official grades on Thrift street, between Orizaba and Capitol avenues."

Blasting Permit.

Also, Resolution No. (New Series), Granting Donovan & Gallagher permission, revocable at will of the Board of Supervisors, to blast on Fourteenth avenue and on property on the east side of Fourteenth avenue, between Noriega and Ortega streets for grading purposes, provided Donovan & Gallagher file a good and sufficient bond in the sum of \$300,000, as fixed by the Board of Public Works, in accordance with Ordinance No. 1204; provided, also, the work of blasting shall be performed to the satisfaction and under the supervision of the Board of Public Works, and if any of the conditions of this Resolution be violated by said Donovan & Gallagher, then the privilege and all rights accruing thereunder shall immediately become null and void.

Extension of Times. Sewer Work.

Also, Resolution No. (New Series), Granting the Healy-Tibbitts Construction Company an extension of sixty days' time from and after May 1, 1910, within which to complete the contract for constructing the Fifth Street Sewer. This extension of time is granted upon the recommendation of the Board of Public Works, filed April 29th, 1910, for the reason that the contractor encountered extraordinary difficulties in tunneling under the street at the Market Street end of the sewer.

Also, Resolution No. (New Series), Granting Fred Leffler an extension of ninety (90) days' time from and after May 21st, 1910, within which to complete the contract for constructing sewer in the Parkside District. This extension of time is recommended for the reason that the contractor was delayed in securing the proper materials for this work.

Also, Resolution No. (New Series), Granting William Heafey an extension of ninety days' time from and after May 26, 1910, within which to complete the contract for the construction of sewers and appurtenances in the Harbor View District.

This extension of time is granted for the reason that on account of changes in plans, and the inclemency of the

weather, the contractor is unable to complete the work in the Harbor View District.
